

BAND CONCERT AT PARK SUNDAY, SHAKESPEARE MEET

The opening concert of the newly organized city band, under the direction of the new bandmaster, Reginald G. Rowland, will be given next Sunday afternoon, May 7, in the City Park.

An added interest in the occasion will be awakened by the announcement that this initial concert will be devoted to the memory of Shakespeare, as a part of the program of events arranged for by Mrs. Alan Brackinreed as chairman of the Shakespeare celebration committee of the local Drama League center.

Shakespearean music will form a part of the program and an address on Shakespeare will be given by a well-known speaker.

TABLE ROCK TABLETS

A citizen of Japan who is in the employ of the Oregon-Utah Sugar Co. was out this way Wednesday inspecting the beet crop and reports that the second seeding is coming nicely.

In registering voters in this precinct we met up with a man desiring to register and who we believed personally should be entitled to vote, but according to the registration law passed two years ago we could not register him and comply with the oath of office we had taken. However, County Clerk Gardner sends us word that if any one unable to register will get in communication with him he will assist them in making the arrangements necessary to qualify them to vote.

A large number of our citizens attended the field meet at Eagle Point Thursday and all speak highly of the way they were entertained. There was some form of amusement going on every minute and many of the contests taking place between school children would have been a credit to older athletes. The creek banks were lined during the noon hour with those bringing basket dinners, and Mr. Howlett says they fed more than one hundred at the Sunnyside, so we estimated that there were about 800 people present, including many of our county candidates.

The ball game between the Table Rock team and the Jacksonville team was not as good a game as many expected, owing to Table Rock being handicapped by not having their pitcher. The best our boys could do was to hold Jacksonville to eight runs, while Jacksonville never allowed a Table Rock man to cross the plate.

EAGLE POINT EAGLETS

By A. C. Howlett

This is Thursday morning and as I arrived from Wolf creek and Cow creek last night where I have been since last week I have not much of local interest to write, but will give what I have and promise to try to do better the next time. Since my last Joe Wilson, one of the candidates for county clerk, and J. B. Coleman, one of the candidates for assessor, were here for dinner, and J. C. Herring, another candidate for assessor, has spent the night with us. He seems to feel greatly encouraged over his prospect and is making friends in these parts quite rapidly.

Since my last report on the shipment of mohair George Brown and Sons have reported the purchase of 800 pounds from J. McAllister of Lake creek, and 250 pounds from Mrs. Healer of Brownboro. I have not had time to look around for items of interest but just called up Frank Brown of the firm of Geo. Brown and Sons and he told me he had shipped about 1000 pounds of mohair since my last report and that all together there had been about 6000 pounds shipped. The farmers in the foot hills are learning that by combining diversified farming and

the stock business that will soon make them independent.

Last Saturday the Teachers' convention met here. There were about twenty teachers met. I have not been able to learn if there were any lady teachers took part or not, but my understanding was that it was to be strictly a men's club and that the ladies were to be excluded, but the gentleman who gave me what information I have received said that about all they did was to talk about athletics and high schools, but "did not get down to the work of our school unless it was on the subject of sports."

We had a noted lecturer here the same day, Miss Brown, who is making a tour of the coast lecturing on the subject of moral training of the children. Her lecture Saturday afternoon was to the parents and she emphasized the importance of parents telling their children in early life the true facts in regard to sex questions before some one else told them in a vile and distorted manner. She claimed that the children were not safe as long as the other children in the neighborhood were not properly taught along the lines of good morals. She lectured again in the evening along the same line of thought emphasizing particularly the necessity of children being kept clean, not only morally but in a line of body cleanliness.

Last night about an hour after supper the following persons came into the Sunnyside for supper, beds and breakfast: W. W. Parker brought them out from Butte Falls and they had phoned down that they would be here so as to have everything in readiness: W. W. Parker, Miss Edith Fredenburg, Miss Gertrude Fredenburg, Miss Elsie Wright, Miss Wilma Morris, Miss Marguerite Sears, Miss Rubie Peeler, Miss Helen Abbott, Miss Helen O'Brien, Miss Millie Patton and Miss Allene Mahony, the two last named spent the night with friends, and the following young men and school boys came out from Butte Falls and camped so as to be on hand for the track meet today. Prof. Ray Parker, Lester Smith, Thos. O'Brien, William and Earlsay Cross, Lloyd Stanley, Glen Abbott, Merrel Stewart, Shirley Claspel and Charles Stewart.

On Sunday at 11 a. m. she told the object of the W. C. T. U. movement and the struggles and trials that the leaders of the movement had in its early history, especially those of Miss Yreka, Cal., this week and is a guest

at the home of her aunt, Mrs. H. Gallup.

Miss Edith Dick was a Medford visitor Wednesday afternoon.

Mrs. W. H. Bowen attended the Christian Science lecture at Ashland Thursday evening.

Mr. and Mrs. Henry Shafer and Mr. and Mrs. G. J. Shafer attended the funeral of the late Mrs. Charles Isaacs at Phoenix Monday.

Miss Anna Broad, the trained nurse, is spending a few days at her home.

Frances E. Willard, who worked so hard and so successfully in the early days of the movement and the result, the organization of the prohibition party and the anti-saloon movement and the glorious results how the move was started by a few devoted christian women who were not afraid of the scorn and jeers of the rabble and who trusting in God went on step by step until the move now encircles the entire globe, and now a man or woman who seeks for office is seeking for the help of the anti-saloon party. At 8 p. m. she gave another lecture treating on the subject of hereditary diseases, how they are transmitted from parents to children. Also told of the effect of the use of alcohol, tobacco and the social dance illustrating each subject by stereopticon slides and wound up by cautioning the girls against allowing the young men to become familiar in handling them in the dance.

BOILS AND PIMPLES DANGEROUS

S. S. S. Your Remedy.

Modern science has proven that boils and carbuncles, pimples and unsightly skin blotches, are signs of diseased blood. Scaly skin and itching of Eczema, Scrofula, rashes—all skin diseases are aggravated by bad blood—it's the infected blood that's dangerous. Don't wait for the boils. If you have pimples and blotches, take instant action. S. S. S. tells you that your blood is filled with impurities. You must wash out your blood, and stimulate it to healthy action with Nature's own blood tonic, S. S. S. It is the standard blood purifier of the world. Don't use drugs, ointments, salves. S. S. S. reaches the blood, drives out the impurities. It makes healthy perspiration—the poison is literally sweated out through the skin. Boils, blotches, Eczema and the Scrofula indications disappear. It does what salves and lotions can never do—it goes to the root of the trouble by reaching the blood. Your skin becomes clear and you soon feel the vigor of perfect health. S. S. S. is purely vegetable. You can get it any druggist. Write for book of facts, "What the Mirror Tells." If yours is a long standing case, write for expert advice to Swift Specific Co., Atlanta, Ga.
