MEDFORD COLLEGE NOTES | The second of the supervisor of the time

BAND CONCERT FOR SHAKESPEARE GREAT SUCCESS

The first band concert under the direction of Bandmaster Reginald G. Rowland, given yesterday afternoon in the city park, proved to be a marked success in every way.

As previously announced, this first concert was devoted to the celebration of the Shake-pears tereontennial anniversory, in line with similar masical observances of the occasion in other cities throughout the country, and as a part of the program of events arranged for the commemoration of this anniversary in Medford by the chairman of the Shake-peare eclebration committee of the Brama League center.

A very large crowd enjoyed the male and many flattering comments were heard on the remarkably good work accomplished in so short a time by Mr. Rowland. The program was a pleasing one, appealing to the general

Yesterday's good work not only deighted the people who heard it, but gave assurance of the pleasure to be looked forward to from these concerts through the summer.

The efforts of the Greater Medford FROM ART EXHIBIT class and the basiness men's committee are fully recognized and appropriated by the public accordity, and bib and the business men's commitated by the public generally, and Bandmaster Rowland Teels very greatly encouraged by the support

Some stories will bear repeating. Now, there's the story of the Million Dollar OWL.

Behind the OWL cigar stands a million dollars' worth of slowly-curing leaf. This supply, selected when market conditions are favorable, makes sure that the cigar-maker gets the same grade of tobacco for every OWL.

You know that "green" leaf has little or no flavor. To make the leaf mellow, it must be thoroughly cured.

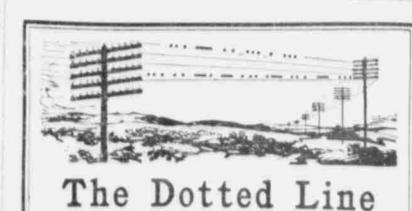

Curing requires an average of 18 months. During this 18 months, this non-productive supply of tobacco, always a million dollars in value and frequently more, lies idle in the OWL factories so that you can be sure of getting the same mild smoke in every OWL you buy.

A million dollars of good smoke insurance! Did any other cigar manufacturer ever take so much trouble and so much expense in guaranteeing satisfaction to his customers?

That is why the OWL never disappoints the men who smoke it.
