ANOTHER FROST PREDICTED TONIGHT

Another heavy frost is predicted for tonight, if the clouds clear, with warmer weather for Friday.

Orchards resorting to heating again escaped serious frost injury Thursday morning, although the thermometer dropped to 25 at Medford, and as low as 25 at low points in the valley.

Damage is reported from sections untouched by Sunday's severe frost, orchards about Talent and Eagle Point that had hitherto escaped, being stopped. The total frost damage cannot yet be estimated.

Frosts of the frost were shown Sunday when the Saxon valley and Gold Hill regions had high temperatures. Wednesday, with temperatures above the danger mark in the Medford district, the Saxon valley and Gold Hill regions were unaltered. Thursday the latter again escaped.

OBITUARY

WEBSTER—On Sunday at 2:30 p. m. occurred the funeral of John Webster, aged 87 years, who died May 5, 1916, at Phoenix, Ok. Deceased was a native of England, coming to this country from Leeds, near Yorkshire, in 1879. He had made his home with his son, Dr. J. B. Webster, who came to this valley from Baltimore, Md., seven years ago. Until within a few days of his death deceased enjoyed excellent health. His decline was very gradual and his death peaceful. Dr. Gordon McClellan of Ashland, a classmate of Dr. Webster, attended the patient during his last illness. The funeral services were conducted by Dr. Bails of the Phoenix Presbyterian church and the musical service was sung by the Phoenix quartet. Before leaving the house two musical numbers, "This is a Land of Pure Delight," and "Tennyson's Crossing the Bar," were beautifully rendered by the quartet, and the impressive church service was closed with the hymn, "Nearer, My God, to Thee." The attendance was large and the many beautiful floral offerings bore silent witness to the high regard and esteem in which the deceased was held. There is left to mourn his loss beside Dr. J. B. Webster of Phoenix, a daughter, Mrs. E. A. Randall, still recently a resident of Saxon Valley, but at present in London, England, where she went recently with her husband, Dr. E. A. Randall, to attend a course of lectures preparatory to taking up Red Cross work at the front. Dr. Randall will join the department of the Red Cross society in France and Mrs. Randall will assume the duties of a Red Cross nurse.

KERSHAW—Word has been received here by James Kershaw of Clatsop of the death of his grandfather, Robert Kershaw, teacher and stockman and a pioneer of Yakima valley, three weeks ago, at the home of his son, R. H. Kershaw, of the Western death being due to paralysis. The funeral services were conducted by Rev. D. B. Whitmore of Ripley, Mr. Kershaw was a native of Manchester, England, and was aged 87 years. He came to America when 17 years of age and in 1880 came to Washington, locating in the Saxon valley. Mr. Kershaw, who was a widower, is survived by five of his eight children. Those residing at Ashland are: Mrs. John Chisum, the son, R. H., of the Western, and Edward, of the Saxon. There is a son in Oregon and a daughter in Spokane. He was well known in Eastern Oregon, where he engaged in mining and stock raising, and in southern Oregon, where he assisted his son, the late John Kershaw.

D-C LAND GRANT CASE SETTLED SOON

PORTLAND, May 11.—That the Oregon and California land grant cases may now be expected to be settled finally within a few weeks by the supreme court was the impression of the highest federal district court here, the Oregon federal court, when the case was argued before Judge C. L. Johnson, who is in court tomorrow.

The proceeds of the case will be divided among the Oregon and California land grant cases.

NORFOLK, Va., May 11.—Twenty-six negroes, all women and children except one, perished in the fire which last night destroyed a motion picture theater after a gasoline explosion at Wallcross, near here. A number of children were trampled to death in the rush to escape. Twenty persons were injured, some seriously.

CHEVROLET CAR MAKES RECORD EARLY RUN

A new record in Crater Lake travel was established this week by Seelye Hall in a Chevrolet car, when after two days of battling with snow drifts from four to eight feet deep, a party composed of Hall, Sidney S. Chadderton of San Francisco, automobile engineer of the Standard Oil company, and Ed P. Weston of this city reached Whiskey Creek, Tuesday afternoon. This is two weeks earlier than any other party ever reached this point. The objective of the party was Crater Lake. Owing to deep snow, frozen solid, and in many places by impassable, this feature was abandoned. Photographic proof of the trip and the hardships encountered were brought back.

SLAVS SPURRED ON BY KUT-EL-AMARA LOSS

PETROGRAD, May 11.—The British reverse at Kut-el-Amara instead of causing the Russians to abandon or change their plans for invading Mesopotamia, appears rather to have inspired them with a fresh incentive for reaching one of the principal objectives of their Caucasian campaign. Since General Townsend's capitulation the Russians have made conspicuous progress along the difficult roads of the Persian mountain province which borders Mesopotamia and, according to latest information have strongly fortified Serenkerend, recently captured, and have driven the Turks from another series of positions on to the southward and close to their own frontier.

The most recent news from Mesopotamia however, consists not in the Persian position which is far removed from the Caucasian border but in the concerted Russian efforts to drive the Turks southward from Mosul in the direction of Diyarbakir. This diversion prohibits the success of the British advance in the Mesopotamian front, it is generally agreed here, in equivalent to Turkish occupation of Mesopotamia.

OLIVE BRANCH OFFER OF BULL MOOSERS

NEW YORK, May 11.—The progressive party will not insist upon the nomination of Theodore Roosevelt for president if the republicans will name a candidate at Chicago "who stands for progressive principles and is able to get them through" according to a statement made here tonight by George W. Perkins, after a meeting of the executive committee of the progressive national committee.

"We, of course, are for Colonel Roosevelt," Mr. Perkins asserted, "and shall suggest his name to the republicans. If they reply that they will not agree on the colonel, we shall ask them to name their man, who ought to be as nearly unanimous a choice as our man is. We are willing to be reasonable for the sake of harmony."

Mr. Perkins' statement supplemented one issued by the legislative committee in which it was said:

"If the republican convention is responsive to the patriotic spirit that brought the republican party into being and made it dominant for half a century it will meet this crisis in a spirit of broad patriotism that rises above party lines. Should the effort fail the responsibility for the result will not rest on the progressive convention, but will rest on other shoulders than ours."
