MANY SENATE CHANGES (Continued from page one)

will be either Hiram T. Hays or Harry Campbell. Pomeroy is a democrat who went in 1914 on

erable prestige as a progressive. He at once developed a judicial temperament and became a profound authority on the United States constitution after the manner of Joseph Wilson Bailey and whenever any forward-looking legislation, the presidential primaries, has needed to be frowned upon, the troon has been furnished by Ailes Pomeroy. His votes are practically all constitutional and constitutional. The voters of this will be against it in trying to decide between him and either of his two probable opponents. Neither Herrick nor Daugherty would improve Ohio's representation.

Texas must pass on the question of re-electing Charles A. Culberson, for whose place Bob Henry, now representative in the house, is a candidate, together with several other aspiring Texans, not forgetting Governor Colquitt. Culberson has not been the most progressive senator in the world, but compared with Colquitt or even Henry, he is deserving of most honorable mention. His health has been bad for several years, and it has been necessary for him to take his work very easily; at the present time he is back on the job and announces that he is a candidate for another term. In Texas the primaries rather than the elections settle the question.

The Pocket Borough.

General Henry A. Du Pont of Delaware will presumably retire. The senator is quite old and his health is not robust. His vote has always been with the property patriot, but Delaware is more or less of a pocket borough and any man succeeding Du Pont is apt to cast a vote much as Du Pont has.

The other senators whose terms expire are James A. Reed of Missouri; George Sutherland of Utah, Henry F. Ashurst of Arizona, C. D. Clark of Wyoming, Gilbert M. Hitchcock of Nebraska, Charles F. Johnson of Maine, Henry F. Lippitt of Rhode Island, Henry Cabot Lodge of Massachusetts, Porter J. McCumber of North Dakota, James Hartine of New Jersey, George McLean of Connecticut, Henry L. Meyers of Montana, George T. Oliver of Pennsylvania, Carroll S. Page of Vermont, Key Pittman of Nevada, Claude Swanson of Virginia, Charles E. Townsend of Michigan and John Sharp Williams of Mississippi.

The only men in this list who by any stretch of the imagination can be counted as people's men are Ashurst of Arizona and Hartine of New Jersey.

GATES FORD AUTO STOLEN AT NAT

The Ford automobile given to his daughter by C. E. Gates was stolen from its stand in front of the Natatorium last night and has not yet been located. The car was equipped with the patent hood and radiator cover and other parts that give it an appearance distinctly different from other Fords in that respect. It was taken away about 11 o'clock last night, just as people were leaving the auditorium, where Senator Cummings had been speaking. It was turned south on the highway. About 1 o'clock this morning an auto driver coming this way saw what he regarded as a machine of the description given as that of the Ford in question, being driven in a hurry toward the California line. Sheriff Singler left today for the Hornbrook locality.

The friends of Mr. Gates, who are legion, are joshing him about the fact that, although he recommends the Yale lock on the auto "switch" as a safeguard against anybody's running away with it, he didn't use it himself. It illustrates, however, the necessity of something of that kind, and Mr. Gates will use the circumstance to show the result of indifference to such precautions, although he may suffer loss in the demonstration of it in this case.

WEAK AND TIRED WOMEN

Tells How Vinol Made Her Strong.

Medford women who are weak, run-down and suffer from the consequent effects of such a condition, will be interested in Mrs. Odell's letter. She says:

"I am a farmer's wife and was all run-down, weak, tired, and suffered from indigestion and sometimes it seemed as though I could not keep around and do my housework. I had taken many medicines without benefit. One day I saw Vinol advertised and made up my mind to try it. I have taken four bottles and have gained seven pounds in weight, am much stronger and feel many years younger than before." Sarah Odell, Luckport, N. Y.

The reason Vinol builds up weak, run-down women so quickly is because it contains a delicious combination of the three most successful tonics, peptonate of iron to enrich and revitalize the blood, the strength-giving, food-building elements of fresh cod's livers without oil, and beef peptonate.

We want to say to every weak, run-down, overworked woman in Medford that we will return your money if Vinol fails to help you as it did Mrs. Odell. Medford Pharmacy—Adv.
