Hopes Women Will Adopt This Habit As Well As Men

Class of hot water each morning helps to look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and youthful—a good thing with a natural, new complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and little girl could realize the wonders of the morning bath, what a gratifying change would take place.

Instead of the thousands of sickly, languishing men, women and girls with weak or highly complicated systems, the multitude of "new" women, "pinkies," "fairies" and "glowies" would be a gratifying change to the eyes of every man.
