### MARGUERITE SNOW AT PAGE TODAY

A Metro wonder play, "A Corner in Cotton," presenting dainty Marguerite Snow and all-star cast, will be the movie attraction at the Page theater today. Under the direction of Fred J. Balchoff, the company went to the southern cotton fields for the locale of this photoplay and designated the period as that in which the boll weevil wrought great damage to the crops, causing the ruination of many plantation owners. While the picture realizes some of its best moments in the presentation of southern scenes, rich in atmosphere and interesting in showing the operations in a cotton mill.

### BAND CONCERT TO BE HELD ON THURSDAY EVE

This week's band concert will be held tomorrow (Thursday) evening at 8. By special request the "Medley of Oueras" and the popular song "Keep the Home Fires Burning" (with the boys come home), will be repeated. The band is now in possession of a set of genuine Turkish cymbals, the instruments having recently arrived. Bandmaster Rowland states that there are not more than possibly three or four pairs of the genuine article on the Pacific coast, and that only the largest concert and military bands possess these instruments of percussion. This evening a number of the band boys will congregate for the purpose of renovating and decorating the band room. The program of tomorrow evening's performance will be published in tomorrow's paper.

### WILSON REVIEWS THREE YEARS IN WHITE HOUSE

WASHINGTON, May 17.—President Wilson last night made public a frank and intimate review of his three years in the White House and his impressions of foreign and domestic problems, delivered confidentially last night before Washington correspondents gathered at the National Press club. He spoke of the difficulties of the presidency and particularly of the moves which have guided his handling of the European situation.

"America," the president said, "is for peace because she loves peace and believes the present war has carried the nations engaged so far that they cannot be held to ordinary standards of responsibility."

But he added the United States has grown to be one of the great nations of the world and therefore must act "more or less from the point of view of the rest of the world."

"There are two reasons why the chief wish of Americans is for peace. One is that they love peace and have nothing to do with the present quarrel, and the other is that they believe the present quarrel has carried those engaged in it so far that they cannot be held to ordinary standards of responsibility and that therefore as some men have expressed it to me, since the rest of the world is mad, why should we not simply refuse to have anything to do with the rest of the world in the ordinary channels of action? Why not let the storm pass, and then when it is all over, have the reckonings?"

"Knowing that from both these points of view the passion of America is for peace, I was, nevertheless, aware that America is one of the nations of the world, but one of the chief nations of the world—a nation that grows more and more powerful almost in spite of herself, that grows morally more and more influential even when she is not aware of it; and that if she is to play the part which she most craves, it is necessary that she should act more or less from the point of view of the rest of the world. If I cannot retain my moral influence over a man except by occasionally knocking him down, at that is the only basis upon which he will respect me, then for the sake of his soul, I have got occasionally to knock him down."

### WIVES AND MOTHERS

Have you ever stopped to realize how much the health of your family depends upon you? For instance, diet is a great factor in health, and you are responsible for it. Then again when any member of your family gets into a run down condition, when the children are delicate, cross and ailing, when somebody takes cold and develops a cough, they look to you for help. Do you know that our local druggists, the Medford Pharmacy, have a new secret constitutional remedy, known as Xbion which they guarantee for that same condition. Many families in the vicinity have found it so valuable that they never without it. Adv.

### DEMOCRATS OF MICHIGAN SOLID FOR PRESIDENT

LANSING, Mich., May 17.—Democrats of Michigan, solidly supporting the renomination of President Wilson, met in state convention here today. Leaders declared the gathering would be extremely harmonious but uneventful. Each of the thirteen state districts will elect two delegates and two alternates to the national convention. Four delegates at large and four alternates also will be named.

Lauding President Wilson as the man "who with infinite patience, quiet courage and masterly ability, and without the sacrifice of national honor, has successfully guided his country through storm and danger," Congressman Frank E. Boreman of Detroit, chairman of the democratic national campaign committee, as temporary chairman, addressed the convention.

Referring to President Wilson's efforts to preserve peace, the speaker said:

"In a time like this the continued observance of the well established rights of neutral nations makes for peace. Such a friend of peace is Woodrow Wilson, that for nearly two years, through the shifting winds or circumstances and the cross currents of vituperative criticism he has sought to keep our ship of state with its 100,000,000 passengers off the cruel rocks of war. True, there has been more or less mutiny on board, but much of this has come from a few passengers who, through political misfortune, were not captaining themselves or members of the crew."

"It may be that we will have to intervene in Mexico, but if we do it will be in response to a grave national duty and after every honorable means has been employed to avoid it."

### SPOKANE FIREMEN OVERCOME BY FUMES

SPOKANE, May 17.—Of the fifty firemen who were overcome by held fumes in a fire in the drug store in the Peyton building here last night, all but one left the emergency hospital today. The condition of the firemen was considered serious.

### ASQUITH SEEKS TO BRING IRISH FACTIONS TOGETHER

LONDON, May 17.—While Premier Asquith remains in Ireland seeking a solution of the Irish problem, efforts are being made on this side of the Irish sea to bring together Sir Edward Carson, the Ulster leader and John Redmond, leader of the nationalists, in the hope that a reconciliation of the opposing factions may be effected.

As far as can be learned there have been no negotiations thus far, but it is considered a favorable sign that unionists and home rule supporters are working together and making suggestions for a compromise.

The Manchester Guardian says that David Lloyd George is about to take an active part in the effort for a settlement. It is said he has already met Sir Edward Carson and Joseph Devlin, Irish nationalist member for Belfast, and that he has an engagement to meet Mr. Redmond. The Guardian adds that Mr. Lloyd George's scheme for a complete settlement on home rule lines would have powerful support in the unionist press and that this section of the unionist press would not support any bitter irreconcilability on the part of the Ulster unionists.
