

SALEMITE SHOTS WIFE, DAUGHTER, THEN HIMSELF

SALEM, Or., May 26.—After shooting and killing his wife and baby daughter, according to the story told to the police by neighbors, William L. Paterson turned his revolver upon himself at his home here today. He was taken to a hospital, where no hope is held for his recovery. It is presumed that he was mentally unbalanced when he committed the deed.

Paterson, who is the owner of a cigar store, is believed to have shot his wife at 7 a. m. while she was still asleep. Neighbors heard the shot. Shortly afterward he was seen playing with his little daughter on the sleeping porch.

Later a neighbor saw Paterson dress and go out to feed his chickens. Returning, he shot his daughter, it was stated, and then, after removing his clothes, he sent a bullet into his own body.

GRIZZLIES PLAN TO CLIMB GRIZZLY

Next Sunday, May 28, the Grizzlies will make their annual ascent of Grizzly Peak. They will follow a new route, and will start promptly at 5:30 A. M.

At the top, the regular allowance of the Grizzly tippie will be served, after which a snow ball fight will be staged; also a prize will be awarded the young lady washing the most faces with snow in a given time.

The return trip will be much shorter than last year, being in a direct line towards Talent, past the old Indian lookout station and the towering bluffs to the east of that town. The autobus will meet the weary bears "somewhere east of Talent," making the return walk about seven miles.

The start will be made promptly at 5:30 a. m. from the Hotel Medford and 5:35 from Main and Riverside. This is the regular qualifying trip of the Grizzlies, which must be made by everyone before he or she can become a full-fledged Grizzly. The round-trip fare will be 45 cents. Bring your cup and spoon and lunch. The committee will have no extra cups on this trip. They may be secured of Mr. Goodrich at the Toggery at 15 cents for spoon and cup.

UNIVERSAL MILITARY BILL UP WEDNESDAY

WASHINGTON, May 26.—The senate military affairs committee today agreed to take up next Wednesday the Chamberlain universal military training bill modeled on the

NAVY OFFICER IS KILLED ON WARSHIP BY ELECTRIC SHOCK

SAG HARBOR, L. I., May 26.—Lieutenant Clarence Alvin Richards, commander of the United States destroyer Fanning, was killed by an electric shock in the station of the Sag Harbor Light & Power Co. here early today. Harry D. Christian, night watchman at the station, said it appeared to him that the lieutenant deliberately committed suicide by taking hold of two heavily charged wires.

The Fanning was one of a fleet of war vessels which has been maneuvering in Gardiner's bay. The vessels were under orders to leave for Newport at 3 a. m. Why Lieutenant Richards was ashore after the sailing orders was issued is unknown.

Christian said the lieutenant came to the power station two hours before the fleet was to sail and said he was a government inspector. He pushed Christian aside and, walking into the station, picked up two wires, receiving the shock which killed him.

Lieutenant Richards was appointed to the navy from Kansas and was 34 years old.

FIRST CHERRIES TO RIPEN IN VALLEY

R. P. Little, 825 Taylor street, this city, brought a handfull of big, red cherries uptown yesterday evening, the first cherries to ripen in this valley. Mr. Little does not know the name of the cherries, but they are peculiar in their habits of growth and in the fact that, although they begin their growth later in the season than any other cherry, they are invariably the first to be ready for the market.

On one of his trees last year he realized \$40. It is about forty feet high and its boughs extend for twenty feet either side of the tree trunk. The tree growth resembles that of the weeping willow. The boughs, being very elastic, bend easily under the weight of the fruit, but do not break easily. The fruit is somewhat oval in shape. The cherries are black when ripe and very luscious. They are now in the red stage of ripening.

Dr. Tucker budded a twin from one of these trees last year. It grew nine feet in length in one season.

In view of the fact that this is a good cherry climate and that the cherry is less liable to damage from pests than most fruits, together with the fact that this particular cherry is a heavy bearer and the early cherry in the market, many would like to know its name and where it may be had in nursery stock.

Sales system. All able-bodied males between the ages of 12 and 23 years who are citizens or who have declared their intention to become citizens, would be liable for training under the bill.

CROWDING FAVORITE SONS!

FATTY ARBUCKLE AT PAGE TONIGHT

The Triangle-Keystone feature of the bill opening at the Page brings to the front, in "He Did and He Didn't," Roscoe (Fatty) Arbuckle and Mabel Normand. In this picture Fatty is a physician, jealous of his wife, Mabel is the wife, who victoriously resents his suspicions. The plot gives the pair many hilarious opportunities.

"The Price of Power," the other number on the Page bill, shows a modern cotton mill in full operation, and a strike, in which brickbats and clubs figure. There is also a thrilling struggle between a worthless son of an idle rich woman and a beautiful factory girl. There is such swift action in the play, and it is so lightened with touches of humor, that any too intensely tragic feature is made endurable, and the whole effect is appealing and worth while.

Orrin Johnson plays three different roles, representing the same man under different circumstances and at various times in his career. Gladys Brockwell (Strawberry, in "Double Trouble"), is the factory girl who wins the ambitious young mechanic by her forward appearance and physical charms. Vera Lewis, as the wife of the magnate, makes clear the shallow, frivolous nature that spoils her son and forgets her husband as soon as he is out of her sight. Spotswoods Aitken is cast as the aged father of a working girl. He shows the fiery spirit of the old workman, who stirs up the men to strike in spite of his daughter's appeals.

PERKINS PREPARES FOR BULL MOOSERS

CHICAGO, May 26.—Chicago will become the center of political activity for members of the progressive party next week. George W. Perkins, chairman of the executive committee, and other prominent progressive leaders from New York and New England are expected to arrive here Monday to remain until after the national convention. The national committee of the party will hold its final business session June 5.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots. How to Remove Easily. Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.

DOUAUMONT NEVER FELL SAYS BERLIN

BERLIN, May 26.—The allegation in the French war office report of May 25 that the French had retaken a part of Fort Douaumont

meets with a flat denial by the German supreme military commander. It is possible, it is declared, that isolated patrolling parties may have reached approach trenches south of the fort, but none of them ever emerged except as prisoners.

Since Fort Douaumont was first reported taken on February 25, it has been continuously in German possession, it is asserted.

PRESIDENT TO SPEAK ON PEACE TOMORROW NIGHT

WASHINGTON, May 26.—President Wilson has confided to his advisers, it was learned today, that he hopes to make an address before the League to Enforce Peace here tomorrow night, which will be of importance in connection with peace. Mr. Wilson has practically completed his speech, working on it yesterday and again today. As a rule the president writes out very few of his speeches in advance, but officials said today he wanted to prepare this one carefully because he realizes the importance of the subject.

The president will sit through the banquet of the league, at which he will speak, instead of following his usual custom of arriving just in time for the speaking. He wants to learn as much as possible about the purposes of the league.

Former President Taft, president of the league, will sit next to Mr. Wilson during the banquet and introduce him.

AMERICANS KILL BANDIT LEADER

FIELD HEADQUARTERS, Near Nantiquip, May 25, via radio to Columbus, N. M., May 26.—Candelario Cervantes, the Villista bandit leader, was killed by American troops south of Cruces today.

Cervantes' end came after he had made a surprise attack south of Cruces on a detachment of engineers repairing the motor truck road. He was beaten back and pursued into the hills by the engineers, who had been reinforced by a detachment of the seventh infantry.

One other Mexican, Jose Bencomo, and one of the Americans were killed. Two Americans were wounded.
