

EAGLE POINT EAGLETS

By A. C. Howlett

Since my last report George Brown & Sons have bought wool of Joe Mayham and Adolph Oleson, the latter of Elk Creek.

John and Charles Blass were in town last Saturday afternoon for supplies. They are just finishing a contract for building a large barn for Green Mathews on his home place, 100x160 feet square, with the posts twenty-eight feet long and the roof to run down to within seven feet of the ground, having a double row of mangers all around, so that he can shelter and feed a large lot of cattle at a time.

Lucius Kincaid, the panther hunter of Prospect, spent Saturday and Sunday nights with us, and Clyde Rodgers was with us Saturday, and so was Mr. Beter of Jacksonville and John Foster of Butte Falls.

Sunday was another busy day at the Sunnyside. About 11 o'clock Mr. and Mrs. H. H. Boyce, Mr. and Mrs. W. McKay, Mr. and Mrs. Arthur Rose, Miss Jane Rose and Mr. and Mrs. Joseph Rader, all of Phoenix, motored up to the Sunnyside and called for dinner. And they had been there but a short time before Mr. and Mrs. Frank Abbott and two children, Lester Abbott, N. Gorman, William von der Hellen and family, Dr. W. W. P. Holt and daughter Miss Helen, Mrs. F. L. Heath and son Fred, Mr. and Mrs. Royal Brown and daughter Miss Hazel, A. C. Elder and brother, Andrew, besides a number whose names I failed to learn, were here for dinner.

George von der Hellen and wife started in their car to Corvallis Sunday morning to attend the commencement exercises of the O. A. C. They both graduated in that college some eight years ago, and they feel an interest in the institution, although they do not expect to meet many of their old associates there. They were accompanied by Mrs. von der Hellen's sister-in-law, Mrs. Huff, and after spending a few days in Corvallis they expect to proceed to Portland and visit friends in that section.

The new free ferry across Rogue river was completed last week and everything placed in readiness to accommodate the travel, and now the Eagle Point-Perist auto stage crosses there again, but there has been a change made in the mail route or either in the plan of carrying the mail, and now instead of the auto stage going from here to Trail by the ferry, as has been the rule, now it goes by the Dodge-French bridge, crossing there, and goes up on the north side of the river to Trail, etc., and on the return trip crosses at the ferry. The change will make a difference in the time of those along the route receiving their mail, as instead of getting their mail on Mondays, Wednesdays and Fridays, they will not get the mail until the following days. Instead of Monday they will get their mail from Trail Tuesday, etc. If any of the readers of the Mail Tribune or Medford Sun along the route want the address of their papers changed from Eagle Point to Trail, if they will drop me a card I will make the arrangement to have the change made. I met this (Tuesday) morning Chris Bergeman and J. A. Howard and suggested to them the idea of having the change made, but they both said they did not want the address changed, as then part of their mail would be in Eagle Point and a part in Trail. The change was made, no doubt, for the reason that the mail carrier going out from here nearly always has a heavy load of mail and parcels besides generally passengers, and the road for about four miles this side of the ferry is generally bad, and in the winter always had and very sticky, and the change will make it much easier on the team by making the change and having the light load come the downhill grade.

W. R. Holman of Climax called on me and had me send him the W. M. T., as he says that he cannot get along without a county paper. And since my last report A. C. Elder of Lake creek has renewed his subscription to the W. M. T.

Adolph Oleson and a friend of his, both from the Buzzard mine, and John Minter were at the Sunnyside for dinner Monday.

Miss Lillian Findley went up to the farm of J. L. Zimmerman, near the free ferry, Monday with Mr. Z. He is the owner of the Farmers' hotel, and Mrs. Zimmerman conducts the business of the hotel and Mr. Z. runs the farm when he is not on the road or here.

Professor P. H. Daley of Medford was smiling on his friends in Eagle Point Tuesday morning. He was on his way up the country.

Mrs. Caroline Thomason of Jacksonville, her son Manuel and daughter Bessie Pool, were on the P. & E. Tuesday on their way to visit their aunts and uncles, Chris Wooley and F. J. Ayres and wife. They expect to stop off here on their return and visit relatives here.

Rev. Gammon, the pastor of the Presbyterian church of Butte Falls, was also on the car on his way home.

CENTRAL POINT

Mrs. J. W. Merritt is in Portland this week attending the rose carnival. From Portland Mrs. Merritt will go to Tacoma, Washington, where she will be the guest of her daughter, Mrs. Bridane Sanderson, for some time.

Deafness Cannot Be Cured

By local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by restoring the hearing mechanism to its normal condition by the insertion of a small tube into the ear. When this tube is inserted you have a rubbing sound or imperfect hearing, and when it is withdrawn deafness is the result, and this tube is restored to its normal condition, and hearing is restored. We will give you a full and complete explanation of this method, and also a list of our patients who have been cured. Write to us for a free copy of our book, "Deafness and its Cure." Send for circulars, free. F. J. CHERRY & CO., Toledo, O. Sold by Druggists. Take Hall's Family Pills for constipation.
