

NOMINATIONS FAIL TO AROUSE LOCAL ENTHUSIASM

Teddyphobia manifested itself locally, but not in as wild a form as four years ago, when every other voter was ready to do battle at Armageddon and tuned to sing on short notice, "Onward, Christian Soldier." When the word came from Chicago this morning that The Hero had been nominated by acclamation by Hull Moose zealots, not a devotee of the House of Roosevelt gesticulated out of the ordinary or made motions indicating uncontrollable joy.

No less a distinguished votary of the colonel than Attorney Fred Mears announced that he would support Justice Hughes, thus effectually cooling any chance the Oyster Bay high-cockalorum might have. Attorney Mears was one of the pillars of the progressive party in the last campaign and his renunciation of the faith comes as a surprise.

The announcement that Justice Hughes had received the republican nomination was received by G. O. P. followers in the same silence that London receives news of a German victory on the seas. If there was any interior joy there was no exterior manifestation. The Jackson county central committee will probably endorse the action of the national committee at their next meeting.

Some wampum was let upon the results, but not enough to have any appreciable effect upon next week's bank clearings.

NEWBRO'S HERPICIDE IN SUMMER

All the ladies know how hard it is to prevent the hot weather from ruining their hair. The perspiration exudes in increased quantities, carrying with it waste, poisonous germ matter, which, unless removed, promptly clogs the pores and irritates the scalp. The difficulty of keeping the hair and scalp sweet and clean in the summer only renders the use of NEWBRO'S HERPICIDE more imperative.

Destroys Dandruff, Keeps the Hair and Scalp Sweet, Clean and Sanitary

There is nothing that will give greater comfort on a hot day than an application of HERPICIDE. It induces a sense of coolness and cleanliness besides imparting health and strength to the hair. One's personal charm and attractiveness is enhanced by the increased gloss and beauty of the hair, due to the intelligent use of HERPICIDE, society's best known scalp prophylactic.

If the hair be wet from bathing either in fresh or salt water, HERPICIDE quickly restores the natural fluffiness and softness. It stops itching of the scalp almost instantly. The dainty, exquisite odor makes NEWBRO'S HERPICIDE an ideal hot-weather hair dressing. When you start away on your summer outing have a bottle in your grip.

Send ten cents for sample bottle to the HERPICIDE COMPANY, Dept. 1-B, Detroit, Mich.
