GRASS FIRE ON CAPITOL HILL BURNS TWO RESIDENCES

The first serious grass fire of the season occurred Tuesday afternoon about 3:30 when a grass fire got beyond control, destroying the residence owned by J. H. Cooley on Capitol Hill, a barn containing his furniture and the home of Theodore Marsh. The fire threatened several others, causing a loss of \$5500, covered by about \$200 insurance.

J. H. Cooley sent the men out yesterday to burn the dry grass around his home to prevent such an accident as did happen. The men started to burn the grass, but the tinder-like qualities of the dry foxtail swept it out of their control. An alarm was turned in, which Fire Chief Lawton answered with the small chemical. The fire by this time had caught the Cooley house, which was unoccupied. Half a hundred volunteer firemen were on the ground fighting it with wet sacks and water. The fire swept south and caught the home of Mrs. Jack Heath. She and her daughters put out the blaze and saved their home.

In the meantime Dr. J. D. Rickerts' and Mrs. P. W. Harmon's homes were threatened, as well as the greenhouse belonging to Mr. Broadley. The firemen controlled the fire in this direction, but it swept the other way and destroyed the home of Theodore Marsh, who is in the east at present, and only energetic work saved several other residences and Nichols & Ashpole's slaughterhouse.

Altogether, the fire burned over an area of two square miles.

RAILS PROMISED FOR BLUE LEDGE

S. S. Bullis said this noon that the city council would be asked at its next regular meeting to approve of the railroad contract, and that satisfactory word had been received from the east regarding the securing of rails, and other material. The delay in the approval of the contract was occasioned by the fear that rails could not be secured. A telegram was received this morning stating that a meeting of the board of directors had O. K.'d the order.

All the details of the agreement have been agreed upon, and there will be no agitation about its final passage. It will then be put up to the vote of the people for final acceptance, after which the work of construction will begin.

FIVE LIVES LOST IN BALTIMORE FIRE

BALTIMORE, O., June 14.—Five men are known to have lost their lives as the result of fire yesterday that destroyed Pennsylvania railroad elevator No. 3 on the harbor front at Canton, a suburb. Four others are unaccounted for and of the nineteen injured in hospitals two are in a critical condition.

The property loss is estimated at \$2,000,000, which includes damage to two steamers which were moored to the elevator.

For a Tip-Top Breakfast

Serve **New Post Toasties**

Here's the why:

The New Toasties have a delicate, true corn flavor—unmatched by any other corn flakes. Trial proves.

They are the meat of choicest white Indian corn—first cooked and seasoned, then rolled into thin wisps and toasted by quick, intense rotary heat. This new patented process of making raises distinguishing little bubbles on each flake, and brings out their wonderful new flavor.

SCHOOL ELECTION HELD ON MONDAY

The annual school election will be held on Monday, June 13, at 1:30 p. m. The election of a director and the voting of additional bonds will be the main questions. The bonds are for \$5000, which will be used to build four additional rooms at the Washington school building, which is to be made into a Junior high school. The basement will be enlarged, a new heating plant installed, equip a sanitary toilet and to repair other buildings in the school district. So far no candidates have been put forward for school director. Some discussion as to outside scholars attending the local high school has brought to light a school law which gives any student whose district does not provide high school facilities, the right to attend any high school in the county. Their education is paid for by the county.

ARBITRATION ENDS STRIKE AT BUTTE

BUTTE, Mont., June 14.—Pursuant to the agreement reached at an early hour this morning to submit differences to arbitration, the strike called June 1 by the workingmen's union was called off this morning. Street car service was resumed on most of the lines and all of the cars will be in service before evening. Teamsters who also demanded increased wages have returned to work, and work in the building trades was resumed.

More than 2000 men were directly affected by the agreement under the terms of which the strikers recognize the Silver Bow Employers' association and agree to return to work at the former scale. In the event any increases in wages are allowed by the board of arbitration the increase will date from today.

BRITISH COLUMN ARRIVES IN PERSIA

LONDON, June 14.—A Ruter dispatch from Tehera, says that General Sykes with a British column on Monday entered Kerman, the principal town of southeastern Persia. The purpose of this movement is not known publicly here, but presumably it is intended to maintain order in the British sphere of Persia. Minor disturbances there have been attributed to German and Turkish emissaries.
