Stop! The word rang out like a shot, piercing the night air. The street was deserted save for 5000 people just coming out of 18 moving picture shows.

Stop! Again the word smote the air, but nobody stopped—they were too dazed and anxious to catch the last car home.

CHILD POVERTY AND CHARITY

IN promoting the campaign against child poverty inaugurated by Judge Henry Neil, originator of the mothers' pension system, Amos Pinchot thus discusses poverty and charity, which is opposing mothers' pensions:

"Poverty is the curse of civilization. Child poverty is the worst kind of poverty. If you strike a sapling with an axe it may live, but it will grow up a scarred tree. If you give a child a bad start, you cannot expect it to become a strong man or woman, or a first-rate citizen.

"The hope of America is in its children. That is why Judge Neil's mothers' pension proposition is fundamental. He wants to place American children beyond the necessity of charity—to have them grow up in their homes, to have the state give the widowed mother enough money to raise the family independent of the bounty of the rich. That is nothing but hard common sense. It ought to have been done half a century ago.

"If you were a mother and you lost your husband and your money, would you prefer to have your children taken from you and put in an institution, or would you rather have the state give you enough to raise them at home? That is all it amounts to.

"Of course, charity fights widows' pensions. Charity fights most things that are common sense and human, or that take away from its prestige. For instance, it was not till 1853 in my state—New York—that the public school maintained by taxation wrested the education of the child away from the charity school; it was a hard fight. In Massachusetts this change was made in 1817. Public school education did not become a fairly general matter in the United States until 1860. Many states still lack compulsory education.

"No doubt some of them will have compulsory military training before compulsory education comes in.

"It is every bit as important to take the life of a poor child out of the generally unsympathetic, often brutal and always stupid hand of charity and put it back in the home where it belongs, as it was to prevent charity from usurping our educational system.

"I am for Judge Neil's proposition first, last and all the time."

MAN LOSING HIS PLACE AS PROVIDER

MAN no longer supports his family in industrial centers. In fact, it takes the combined labor of several members of the family to sustain it.

Industrial surveyors of the Rockefeller foundation recently made an investigation of one hundred representative families in Springfield, Ill., to determine the source of income. Only nineteen of the hundred families were supported by the men without assistance from wife or child.

"Thirty families had two breadwinners, twenty-seven had four and nine had five or more," runs the report. The figures include the children under 14 years who "made regular contributions by earning a dollar or two a week selling papers or running errands. With but few exceptions, save in the case of mothers who cared for the homes and of small children, all who were able helped in some financial way in maintaining the home; and in some cases mothers were forced by economic pressure to earn substantial amounts either by taking in boarders or lodgers, or by going outside the home to work."

It took 266 workers to support 100 families. Under our economic system man is no longer a "good provider"—not his fault; he is willing enough.

Perhaps the loss of prestige and place will force him to study industrial conditions and act intelligently to remedy them. If he doesn't, it will not be long before the labor of the entire family will fail to sustain it.

GERMAN UNDER SEA BOAT VISITS SPAIN

MADRID, June 22.—A German submarine arrived today at Cartagena. The officers disembarked and left for Madrid with a confidential letter to King Alfonso. The arrival of the German submarine U-36 at Cartagena was officially confirmed. The submarine is anchored alongside the Spanish cruiser Cataluna. The secretary of the German embassy at Madrid has left for Cartagena to receive an autograph letter from the German emperor to King Alfonso, supposed to be thanks for a reception given interned Germans from Kamerun. The section of the press which favors the German side in the war published articles today enlarging the German sailors for their naval exploits. The submarine came from Pola, the Austrian naval base.

JUAREZ EVACUATED BY CARRANZISTS

EL PASO, Tex., June 22.—Juarez, the Mexican town across the Rio Grande from here, was more than half evacuated at 10 o'clock today by the Carranza garrison. It was officially reported on this side that three trainloads of soldiers had gone southward during the early morning. American army officials expressed the opinion that evacuation would be completed during the day, until the Mexicans were beyond the range of the American artillery. General Bell, instead of going to Fort Bliss this morning, remained downtown with temporary headquarters at the Toltec club, where he lives. Notwithstanding the preparations for departure, soldiers remained on guard at the customs gate and General Gonzalez' headquarters while a few rounded the streets.

Constancy Collier, supported by Forrest Stanley and a strong cast, appears at the Star tonight only in "The Tongues of Men." The home comedy, "The Stolen Pie," will also be a howl again tonight.

News From Our Neighbors

THE MEADOWS

Samuel Bertelson, of the Bertelson cinnabar mines, went to Grants Pass Saturday morning. Dave Cottrell and wife were Medford passengers Saturday in Fred Moore's Ford. There are 16 new men who have just gone to work at the Mountain King cinnabar mines that add to our population. Most of them are new arrivals from the California mines. John Drake, John Payne, Edward Russell and Bill Pomeroy are among the new men put to work at the Bertelson cinnabar mines. They now have a dozen or so new men at work. Theo. Leo drove to Gold Hill Friday shopping. A big dance at Bill Pomeroy is promised for next Saturday night. A big crowd is expected. Ike Peterson, who has been employed at the Little Jean cinnabar mine, has gone into the hay fields. Fins Mayfield is busy helping the government put the fire trails in shape. It is getting to be a hard matter to get men in the Meadows since mining has called so many into the hills. Cliff Hazelwood is packing ore from the Kanier mine in Mill Hollow to the Bertelson retorts. The Little Jean mine now has a battery of three pipe retorts at work on their cinnabar ore. Mrs. Myrtle Hazelwood, wife of Amos C. Hazelwood, goes to Portland Monday for a visit with her mother for several weeks. S. H. Hubbard of the Beagle country spent Wednesday at the mines in the Meadows. Much comment favorable to the county court's efforts to give the Meadows fair roads to Medford, has been heard since the new work started on the new grade near the Hubbard place and the work below the Rodgers store toward Central Point. The greatly increased travel since the mining excitement became acute has really demanded this improvement and the developments of the past few days has shown that the country justified the interest that has been given. A very determined effort has been made to keep matters quiet until the newly opened veins have been traced but the high grade of the ores has caused so much comment that the great richness of the newly opened veins is becoming known to many. Bill Pomeroy and sister visited Lower Evans creek valley Sunday. The new tunnel on the Little Jean has struck ore. Mrs. Doc Hutson and girls are spending a week or ten days in Gold Hill. S. Bertelson went to Grants Pass Monday evening. Marlin Johnson and Wm. Steuwe spent Sunday at the mines. Ellsworth and Jennie Drake drove to the valley Monday. Miss Emma Lee expects to start for

SAMS VALLEY

Johnie Edington and family are moving their household goods into Gold Hill, where they will reside for some time. At the annual school meeting held Monday, Miss Daniels of Medford was elected teacher for the ensuing year. M. A. Schultz re-elected director and H. L. Felton as clerk. Miss Zelma Kenney left Tuesday to visit her grandmother in Central Point. J. L. Nealon and wife of Table Rock visited with O. T. Wilson and family Friday and Saturday. Mrs. W. A. Adams visited the dentist in Medford this week. W. C. Kenney made a business trip to Medford Monday. The slight rain which fell the early part of the week did considerable good to the gardens, but not much to other crops. The rain was heavier in most sections than here. Mrs. D. C. Wilson returned from a visit in Tolo Wednesday. Mrs. O. T. Wilson was visited last week by Miss Grace Dickson of Portland. Miss Dickson was an old-time friend of Mrs. Wilson and was in company with Mr. and Mrs. S. M. Nealon and family.

LONGSHOREMEN OF PACIFIC COAST RESUME STRIKE

SAN FRANCISCO, June 22.—With a truce that had lasted twelve days broken, the strike of the Pacific coast longshoremen, called June 1, was expected to be resumed today from San Diego to Seattle. The Waterfront Employers' union announced that it intended to put 250 non-union men to work on various vessels in this port, assigning armed guards to protect them. Union officials stated it would be their policy not to interfere in order to show the employers that inexperienced strike breakers could not do the work, but fear was expressed that hotheads among the strikers might not be content to play the waiting game counseled by their leaders. Anticipating clashes the police were prepared for prompt intervention. A similar state of affairs prevailed at other ports. Meanwhile Immigration Commissioner Henry M. White, of Seattle, who since the beginning of the strike affecting upwards of nine thousand stevedores has been striving to effect a permanent settlement of the trouble, was making ready to come to San Francisco to continue his mediatory efforts. The question of a closed or open shop is said to be the point on which employers and employes split in their negotiations for definite settlement of differences. All demands regarding increased wages and improved working conditions were temporarily granted by the employers June 19, pending arbitration. The steambot owners association whose bay and river boats have been tied up since June 1, by a strike of deck hands and firemen, has joined with the San Francisco chamber of commerce and the Waterfront Employers' association in declaring for an open shop and announced its intention of resuming operations on that basis.

OREGON MILITIA READY FOR SERVICE

SAN FRANCISCO, June 22.—Mobilization of the national guard of the Pacific coast states continued today in response to President Wilson's call for men. Oregon has already notified the war department that its militia is under canvas and awaiting marching orders at the Clackamas range mobilization camp. Other western states were moving their troops toward their rendezvous today. Adjutant General G. W. White of Oregon, while notifying the war department yesterday that his command was ready, asked for authority to recruit four new companies of coast artillery and a new regiment of infantry. One Seattle signal corps company spent last night under canvas at the Washington mobilization camp at American Lake. Other companies expected to reach the camp today. Washington's militia now numbers 1361 men, 401 recruits having joined the colors this week. Four hundred and sixty-eight men were needed to bring the guard up to its full strength.

The Coming Baby! Hooray! Hooray!

Nothing else can so completely endear us to the present and the future as the expected arrival of a child. The comfort of the mother is of vast importance. Suffered Great Pain!

Letter Tells of Long Looked-for Prescription. Dear Mr. Editor—I am making a personal appeal to your readers who are bothered with kidney and bladder trouble and rheumatism, to give up the use of harsh salts, or alcoholic kidney medicines and in their place take a short treatment of "Anurie" and be convinced of its wonderful virtues as I was. I suffered great pain, had a great deal of irritation, water became foul. I tried everything advised but with no result. I sent for a box of "Anurie Tablets" and soon discovered that they brought relief. I have used them since, and now the water is natural, my health good, and appetite splendid. Some of the doctors pronounced my trouble enlarged prostate. Now I have no more trouble and I most assuredly feel that this latest discovery of Dr. Pierce's is the best remedy for bladder and kidney troubles that I know of. It can induce anyone to give it a trial, I feel that he will thank me for calling attention to this great boon that relieves this seemingly worst of all troubles that human flesh can fall heir to. (Signed) H. H. FLEISHNER.

NOTE: Up to this time, "Anurie" has not been on sale to the public, but by the persuasion of many patients and the increased number of inquiries for the healing tablet, Doctor Pierce has finally decided to put it into the drug stores of this country within immediate reach, or send it out by express to the greatest number. Simply ask for Doctor Pierce's Anurie Tablets. There can be no imitation. Every package of "Anurie" is sure to be Dr. Pierce's. You will find the signature on the package just as you do on Dr. Pierce's Favorite Prescription, the ever-famous remedy for ailing women, and Dr. Pierce's Golden Medical Discovery, proven for years to be the greatest general tonic and restorer for any one. At any rate don't give up hope of being cured of your malady until just as the doses of "Anurie" have proven that it will make you feel like a different person. Error—Please insert this letter to some conspicuous place in your paper.
