

OREGON TROOPS GREETED ON WAY TO SAN DIEGO

Company G of Oregon City, Company E and Troop A of Portland, comprising the third battalion, passed through Medford at noon today, bound for San Diego. They were met at the station by a large crowd who greeted old friends in the companies and wished Godspeed to the boys in general.

The battalion was traveling with complete equipment, having in the train besides the eight Pullmans, a car of ammunition, three cars of transport wagons, a box car containing the officers' horses and a baggage car for each company, in which the meals for the men are prepared. Officers have made provisions to keep their men busy in the event that they are held inactively at San Diego, each company having a baseball outfit and the necessaries for other sports.

A holiday spirit pervades the whole battalion, youngsters, who predominate, and bald heads leaning out of the windows or frisking on the platforms, cracking jokes and singing.

Several men well known in Medford were on the train. Among them were Seth Bailey, with Company E; Day McDonald, who was in Medford this winter; Lieutenant Logue of E Company, who is well known among Medford folks, and Lieutenant Colonel J. L. May, who is now assistant superintendent of the Southern Pacific at Portland, and was formerly train dispatcher at Ashland.

The first battalion of the Third Oregon Infantry, a machine gun company, headquarters company and the regimental band left Camp Withycombe shortly after noon today on a special train for San Diego. A big crowd cheered as the train pulled out with the last of the national guardsmen who were mobilized there over a week ago. They will arrive in Medford in the early morning.

BOY INJURED IN AUTO ACCIDENT

When he pedaled his bicycle from behind a load of hay on the Pacific Highway yesterday afternoon Berthold Hearn, was struck by a machine driven by Mrs. George Porter of this city. Hearn, who is 15 years of age and lives with his parents in Phoenix, is a Tribune carrier and was on his way to Medford to get his papers when the accident occurred.

Hearn was thrown through the windshield of the car and sustained two badly cut arms and a lacerated ear. The radiator and lamps of the car were smashed by the impact.

No blame is attached to either of the parties to the accident as according to eyewitnesses of the accident, Hearn turned out suddenly from behind the load of hay just as the car turned out to pass it. The head-on collision occurred before the car could be stopped. Mrs. A. B. Cunningham of Medford was the other occupant. A passing machine picked up the lad and carried him to Phoenix where medical assistance was given.

MARGARET CLARK AT STAR THEATER TODAY

The picturesque grandeur of Alpine surroundings has been used as a back ground for Margaret Clark's latest film appearance, "Out of the Drifts," the Famous Players-Paramount Picture, which is the attraction at the Star today. "Out of the Drifts" is a tale of the eternal snows of avalanches, dizzy heights and yawning chasms, ranging from the pastoral beauties of Alpine shepherd life to the grim fight for mere existence, against the smashing hurricane-driven snows. But the battle against the elements is not the only one in which the diminutive star is pitted against a powerful adversary. She is a simple, unsophisticated little shepherdess whose very innocence and beauty arouse in a dissolute visitor at the village, which is her home, the lowest impulses of his nature. But the very innocence which led her into the trap proves her salvation, for it in turn awakens a sense of shame and repentance in the man who turns over a new leaf and thoroughly changes his mode of life.

In this stirring tale, Miss Clark has an opportunity to do a different sort of acting from anything she has done before, but the same irresistible charm is there and the unforgettable Clark personality invests the little mountain lass with the appealing loveliness that holds one fascinated to the very end of the story.

Why Smoke Bit Cigars When La Gondas are only 10c

FARMERS LEAVE TO SEE ALFALFA DEMONSTRATION

Twenty-five farmers interested in alfalfa growing left in cars at 2 o'clock yesterday afternoon to attend the alfalfa demonstration held on the Mike Hanley and Bernst ranches, near Central Point.

On the two ranches some twenty plots have been treated with different varieties of fertilizer, all of the plots showing good results with the exception of those treated with nitrate of soda and pure phosphorus. Many farmers have been paying high prices for these fertilizers and have been at a loss to understand the lack of results. In all cases, however, where any fertilizer containing any form of sulphur was applied the results were most satisfactory. Where cheap plots were not worth cutting those a few feet away treated with sulphur showed a fine second crop.

According to Pathologist Cate, the pyrites that will be available in immense quantities at the opening of the Blue Ledge district will furnish an ideal sulphur fertilizer. This product can be ground here, if railroad transportation is available, and sold at from \$8 to \$10 a ton. The pyrites in its present form contains about 30 per cent sulphur and can be easily concentrated to a content of 50 per cent.

Raw lump pyrites was applied last spring to several plots and showed a noticeable improvement in the crop. However, if the pyrites is ground as fine as sulphur and applied at 100 pounds to the acre, remarkable results may be expected, lasting over two or three years. At present, sulphur and pure sulphur are the most practical forms to use. The war, however, has boosted the price of sulphur to about \$50 a ton.

As soon as cuttings are finished and all available data has been gathered a bulletin will be published giving to growers the exact findings as to fertilization of alfalfa.

WEDDING BELLS

Cornell-Church. Wednesday afternoon the marriage ceremony was performed uniting Mrs. Ada Cornell and William E. Church. Mrs. Cornell has for many years made her home in Jackson Co., and is known by a host of friends, for her congenial as well as her hospitable disposition. Mr. Church has for seven years been the farmer of the Vilas ranch, where he has proven his worth and value, as a man and citizen. His family is one of the very oldest in our country, having landed from the Mayflower. Mrs. Cornell is a member of the local Baptist church, while Mr. Church is the son of a Baptist minister and now that they both have the name, Church, it ought to insure a religious home.

TROOPERS FREED

(Continued from page one)

Mexico when there was hope of overtaking them.

Maintain Border Patrol.

Secretary Baker carried to the white house early today a copy of Consul Garcia's message to General Bell at El Paso, stating that the men were en route to the border last night. Soon afterward came the dispatch from Mr. Rodgers, Eliseo Arredondo, Mexican ambassador designate, was advised by Foreign Minister Aguilar in Mexico City of his government's action.

Release of the prisoners had no effect, however, on efforts to speed up the mobilization of the National Guard along the international line and to furnish an adequate supply of war material to meet any emergency.

Even should the Mexican reply disclaim any hostile intention and withdraw orders to Carranza military commanders offensive to the United States, the border patrol would be maintained at the strength now contemplated while any danger from bandits continued. To free itself from the menace of an army mobilized on its northern frontier, the Mexican government must comply also with the demands that it police adequately its border states and establish such military control there that raiding into the United States is improbable and the assembling of any large group of bandits impossible.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by restoring the condition of the hearing nerve. When this tube is blocked you have a running sound of imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever. One case out of ten is cured by "Catharsis," which is nothing but a running sound of imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever. One case out of ten is cured by "Catharsis," which is nothing but a running sound of imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever.

BUSCH MILLIONS LEFT CHILDREN BY WILL JUST FILED

CHICAGO, June 29.—After a trip from Berlin negotiated through the state department at Washington the will of Mrs. Anheuser Busch, daughter of the founder of the Anheuser Busch Brewing company, rested today in the archives of the probate court here. The will disposes of \$4,000,000.

Mrs. Busch died at Pasadena, Cal., last April. The will had been executed while Mrs. Busch was visiting in Berlin and had been left in the custody of Miss Lilly Alexa Busch, a daughter who resides in Berlin, and the American heirs had been unable to get word from Miss Busch. Finally the state department was appealed to with the result that the will started for America ten weeks ago.

Mrs. Busch bequeaths her Oregon ranch to her son, Franz, various articles of jewelry and art works to her daughters, Lilly Alexa and the Baroness Paula von Kleydorf, and directs that the remainder of the property be divided into six equal parts.

Her two daughters receive each a portion. Her son, Edward, of St. Louis, receives one half of one portion outright and the income during his life from the other half. This latter one-half on his death will go to his son, Sidney. Mrs. Busch's son, Franz, of Los Angeles, receives a life income from his portion, the portion itself to go to his widow and his children. Provision for Otto Busch is the same as that for Franz.

Three grandsons, Carl, Arthur and Alfred, children of a dead son of Mrs. Busch, each gets the income of one portion until he is thirty years old when he gets his one-third outright.

TO BUCK CRATER LAKE DRIFTS

Prepared to buck through the snow to the Government camp, Seely Hall left this morning with Walter Brown, Floyd Rippey and Frank McKee. The big Cadillac in which they are making the trip is stripped of fenders, running boards and pun. Their plan is to dig a path the width of the engine through the snow from Whitehorse to Government Camp, a distance of two and one-half miles. The snow along the road varies from two to ten feet in depth.

By opening a small path by hand they think they will be able to buck through with the car. Heavy log chains will be wrapped around the tires to secure traction. The party thinks they will get the car through and be able to return by the 4th.

RUSSIANS WIN GREAT BATTLE

(Continued from page one)

of the enemy and penetrated at several places as far as the second line. Here we blew up a large number of sheltering works."

BERLIN, June 29.—The fighting on the western front attained proportions of considerable violence at various points yesterday and last night, but the attacks of the British and the French were repulsed everywhere.

ROME, June 29, via London.—The Italian advance continues on the Trentino front. The official report of today says that in the Arsa valley the Italians stormed Fort Mattassone and carried the ridge of Monte Trappola.

HOW APPENDICITIS CAN BE PREVENTED

Medford people should know that a few doses of simple buckthorn bark, glycerine, etc., as mixed in Adler-ika, often relieve or prevent appendicitis. This simple mixture removes such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE of constipation, sour stomach or gas. A short treatment helps chronic stomach troubles. Adler-ika has easiest and most thorough action of anything we ever sold. L. H. Haskins, Druggist.

TWO TRIPS DAILY

—BETWEEN—

MEDFORD and EAGLE POINT

S. H. Harnish's auto will leave Eagle Point at 8 A. M. and 1 P. M. daily, except Sunday; leave Medford at 9 A. M. and 5 P. M. Will call for passengers at hotels in Medford and hotels and business houses in Eagle Point.

PHONE 3-X2 OR 3-X3.

100 MEN WANTED IN 7TH COMPANY

Captain A. J. Vance of the 7th Coast Artillery Company, returned from Berlin negotiated through the state department at Washington and while there conferred with military authorities of the state on the prospect of the local company being called into the Federal service. It was learned that as yet no Coast Artillery troops have been mobilized, but it was desired that each company be recruited up to 100 men immediately. Official orders were received this morning to that effect.

It is thought that all Coast Artillery troops will be mobilized just as soon as the infantry, cavalry and field artillery are out of the way, and the order to recruit up to full strength at this time is to prevent the delay experienced by the other troops in mustering in sufficient men to permit them to go to the front in compliance with the requirements of the government.

Every effort will be made to immediately recruit 40 more men in the local company. Full pay at camp will be paid all new men joining at this time, as well as receiving the regular monthly pay provided in the recent reorganization bill, passed by Congress.

As there will undoubtedly be a much larger number than 40 men desiring to enlist, Captain Vance states that the first 40 applying will be taken into the company.

ROUND-UP ARTISTS REACH ASHLAND

Twenty-five cowpunchers, ropemakers and Umattila Indians, passed through Medford this morning, bound to Ashland from Pendleton. In an express car they carried their saddles and equipment, four rope horses and four running ponies. Their wild horses and steers arrived by freight in Ashland yesterday morning.

They are confident of walking away with the roundup honors and are anxious to see the prize saddle. "We're after the money, and, believe me, we have the crowd to get it," is the way one of them expressed it. During the time the train stopped several of the men were seen.

SUCCESS OF A NEW REMEDY FOR BACKACHE, KIDNEYS, RHEUMATISM.

Dear Mr. Editor—I suffered for years with backache. Last March I tried "Anuric" and have used it ever since. My kidney medicine recently discovered by Dr. Pierce, and it was wonderful the way it eased the pain and gave me relief in such a short time. I have tried several medicines, but "Anuric" is the only one that gave satisfaction. I feel it my duty to recommend "Anuric Tablets" to any one who suffers as I did. (Signed) Mrs. MARGARET E. ENTLER.

NOTE: Folks in town and adjoining counties are delighted with the results they have obtained by using "ANURIC," the newest discovery of Dr. Pierce, who is head of the EXALDINE, HORRIS and SUIKODAL INSTITUTE, in Buffalo, N. Y. Those who started the day with a backache, stiff legs, arms and muscles, and an aching head (worn out before the day began because they were in and out of bed half a dozen times at night) are appreciating the perfect rest, comfort and new strength they obtained from Dr. Pierce's Anuric Tablets. To prove that this is a certain uric acid solvent and conquers headache, kidney and bladder diseases and rheumatism, if you've never used the "Anuric," cut this out and send ten cents to Doctor Pierce for a large sample package. This will prove to you that "Anuric" is thirty-seven times more active than lithia in eliminating uric acid—and the most perfect kidney and bladder corrector. If you are a sufferer, go to your best druggist and ask for a 4-cent box of "Anuric." You run no risk for Dr. Pierce's good name stands behind this wonderful new discovery as it has for the past half century for his "Golden Medical Discovery," a general tonic made from roots with pure glycerine which makes the blood pure. It is a "Favorite Prescription" for weak women and "Pleasant Peppet" for liver ills.

Summons—Suit for Divorce.

In the Circuit Court of the State of Oregon, for the County of Jackson. Lucinda Slover, Plaintiff, vs. Alonzo Slover, Defendant.

To Alonzo Slover, the above named defendant: In the name of the State of Oregon you are hereby required to appear and answer the plaintiff's complaint against you now on file in the above entitled court and cause on or before the last day of the time prescribed in the order of publication of summons hereto, to-wit: On or before the 10th day of July, 1916, said date being the expiration of six weeks from and after the date of the first publication of this summons.

And if you fail to appear and answer, for want thereof, the plaintiff will apply to the Court for the relief prayed for in said complaint, succinctly stated as follows: That the bonds of matrimony existing between plaintiff and defendant be forever abrogated, dissolved and annulled, and that the plaintiff be awarded such other and further relief as to the court shall appear just and equitable.

This summons is published in the Medford Mail Tribune by order of the Hon. F. M. Calkins, Judge of the above entitled court, which said order was made and entered of record on the 26th day of May, 1916, and in compliance therewith, the date of the first publication hereof is the 27th day of May, 1916.

W. E. PHIPPS, Attorney for Plaintiff.

FOR SALE CHEAP

A block of ground, modern bungalow, 4-rooms, bath, sleeping porch, large barn, just outside city limits, off King's Highway, or will trade for small city property.

OWNER, 31 N. ORANGE STREET, Phone 350-R.

NEW TODAY

The Boy is Father to the Man

Old sayings like this are fraught with a most important meaning. And what will aid the expectant mother in conserving her health, her strength, her mental repose and the absence of worry or pain is a subject of vast moment. Among the recognized helps is a splendid remedy known as "Mother's Friend." Applied to the muscles it sinks in deeply to make them firm and pliant, it thus lifts the strain on the nerves, it lightens the burden on the nervous system, induces calm, restful nights of health-giving sleep and makes the days sunny and happy. Get a bottle of "Mother's Friend" of any druggist and you will then realize why it has been considered true to its name in our best homes through three generations. It is perfectly harmless but so effective that once used it is recommended to all expectant mothers by those who went through the ordeal with surprising ease. By writing to Bradfield Regulator Co., 412 Lamar Bldg., Atlanta, Ga., you can have a free copy of a wonderful short book that unfolds those things which all expectant mothers delight to read. Write today.
