On exhibition at the Commercial Club are some sugar beets from the J. A. Perry ranch west of Medford. These beets, which were planted in April, give promise of a large sugar content, according to Secretary Latta of the Commercial Club. OFFER \$50,000 TO CROSS OCEAN IN GIANT SUBMARINE

The fact that the tug Thomas F. Timmons went into drydock today for repairs, gave rise to rumors that she was getting ready to return to the Virginia capes, to convey into the Chesapeake, as she did the Deutschland, the submarine Bremen, which is reported on her way. If the local agents have any knowledge of the date the Bremen is expected, they are keeping the secret closely guarded.

It was thought on the other hand, that the tug's first duty would be to escort the Deutschland back to the capes. It was intimated today at the North German Lloyd offices that the Deutschland might drop anchor several days at Norfolk and wait for the most favorable opportunity to slip by enemy cruisers which may be waiting for her.

SENATE LEADERS PLAN SPEED-UP FOR ADJOURNMENT

WASHINGTON, July 12.—Democratic and Republican senate leaders conferred today upon methods to speed the work of congress with a view to an early adjournment for the political campaign. Democrats agreed yesterday on a legislative program and decided to hold the senate in session nine hours daily, until it is completed.

The attitude of Republicans indicated that they, too, are anxious to get away. There is less and less evidence that they will resort to a filibuster on the shipping and revenue bills, although both will be fought vigorously. Democrats hope none of the administration's big measures will meet dilatory tactics.

Imperative legislation on the Democratic program is given as the army and navy appropriation bills, the child labor and corrupt practices measures and the revenue bill.
