The Rogue River Canal company today began the work of connecting Four Mile and Fish lakes. A ditch will be dug a distance of eight miles. It will have an eight foot bottom and will carry 75 second feet of water. This ditch will be used to convey the water stored in Four Mile lake to Fish lake, so that the level of the latter will be kept the same as water is diverted into the company's irrigating canals. As fast as men are secured they are being sent to the scene, it being the plan of the company to keep fifty men each in two camps working, one from each end.

Follow the crowd on Saturday night to the dance at the Moose Hall.

C. W. Dew, of Central Point, is in Medford today looking for a residence, as he will move the first of next week to Medford.

L. Neidermeier of Jacksonville, is in Medford on business this afternoon.

Baths 25c. Hotel Holland.

RUSSIANS CAPTURE 3200 GERMANS

PETROGRAD, July 14.—A furious counter-attack was launched by Austrian and German forces yesterday against the Russians west of the Stripa. The war announcement of today says that in this region the Russians took 3200 prisoners and captured two guns and nineteen machine guns.

The following announcement was made:

"Enemy aviators threw nearly seventy bombs upon the town of Polonietchki, north of Baranovichi.

"The enemy attacked our forces on the left bank of the Stokhod. In the region of the lower Lina the enemy opened a violent artillery fire.

"West of the Stripa the Austro-German forces launched furious counter-attacks. We captured in this region 3200 prisoners, two guns, nineteen machine guns and one bomb thrower.

"On the Caucasus front, near Erzerum, our offensive is progressing and a series of Turkish positions already is in our hands. In many important sectors large columns of the enemy were observed retiring a retreat westward. We again attacked Turkish forces which attempted to approach our western positions. In the region of Massi Pass, one of our batteries caused the explosion of a munitions depot.

"A body of our brave Turkish troops, having repulsed a dozen furious counter-attacks, made an appreciable advance."

FRANCE CELEBRATES FALL OF BASTILE

PARIS, July 14.—The national holiday today was celebrated throughout the country. With the struggle along the Somme and at Verdun at its height, the celebration took on an aspect of solemn grandeur, the chief interest centering in the review by President Poincaré of French, British, Russian and Belgian troops and the presentation of government testimonials to families of men who had fallen in battle.

The testimonials were on parchment with an ornamental design and bore the name of the soldier, the date of his death, and the legend: "Died for France; Honored of the Nation."

President Poincaré occupied a reviewing stand facing the Petit Palais. He was surrounded by government officials and members of the diplomatic corps.

TOO LATE TO CLASSIFY

LOST—Thursday night, white sweater with purple and white checked border; reward, return to Mail Tribune.

COMPANY SEVEN TO BE QUARTERED COMFORTABLY

Notice was received last night by Captain A. J. Vance that Company 7, C. A. C., which will entrain tomorrow afternoon at 5:20 for a two-week's camp at Fort Stevens, will be quartered in the barracks, recently vacated at the fort by the 93rd company of C. A. regulars. The 93rd Vancouver barracks, where they relieved a company of infantry regulars, sent to the Mexican border.

Quartering the men in barracks was made necessary by a shortage of tents, the supply usually being consigned to the coast artillery militia in camp, having been issued to troops on border duty. In the barracks the men will receive their first taste of life as the regulars see it in the forts. They will be in very comfortable quarters, will have shower baths, permanent kitchen equipment and many other conveniences. However, some of the company members state that it will be hardly like being in camp, that they would prefer the tents, except in the event of bad weather. The Coast artillery band and the staff officers will mess with the seventh company.

Employers Co-Operate.

Employers in the city have shown willingness in all cases to allow their employees to leave for the encampment. J. G. Chapman, manager of the Medford Fruit Company, allowing one of his men, belonging to the company, two weeks leave, and in addition, giving him a \$5 pay bonus during the period of the encampment. This, Captain Vance says, is the spirit, which if shown by more of the business men, would make for true preparedness and make ours a better country.

The company now comprises 65 men, the required peace strength. New equipment for the men arrived this morning and is being distributed. Worn uniforms and other equipment showing the effects of the winter's drilling being replaced. All supplies and equipment is now packed and waiting to be loaded. Three meals will be served the company on board train. A stove will be set up in a baggage car and food will be prepared by the company cook so that restaurants or dining cars will not have to be depended upon.

Promotions Authorized.

Special orders were received yesterday authorizing the following promotions: Privates Griffith Cowell, Stewart Torney and Arthur Powell are made corporals; Corporal Victor Danielson is made sergeant.

The range section, which has been pronounced by the examining board to be the most efficient of any Oregon company, is in charge of First Lieutenant Foss. On the range section depends the determination of range, deflection, etc. The personnel of the section is as follows: Observers, Privates Russell Semon, Elbert Coleman; Readers, Privates Newell Barber, Corp. Powell; Chief plotter, Corp. Griffith Cowell; Assistant plotter, Privates Lowell Grim; Deflection operator, Serpt. Clarence Jaqua; Deflection recorder, Artemus Spooner; Range recorder, Corp. Stewart Torney; Primary aim setter, Private Leiland Now; Set forward ruler, Private Myron Powell.

These men determine the technical conditions concerning the gun that make for efficient marksmanship.

GLYCERINE AND BARK PREVENT APPENDICITIS

The simple mixture of buckthorn bark, glycerine, etc., known as Adler-I-ka, astonishes Medford people. Because Adler-I-ka acts on BOTH upper and lower bowel, ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-I-ka is astonishing. L. B. Huskins, druggist.

Captain Vance believes that they will make a high record at the fort as the instruments of the company, which they have secured at their own expense stimulate the actual conditions of a ship moving through the water at a distance of six miles. All the men on the section have occupied their positions, or similar positions, for the past three years.

Various Commands.

Emplacement, including all duties of gun manipulation is under command of First Lieutenant Foss. Glen Laidley, with four assistants, is in charge of all company clerical work such as muster roll, pay roll, etc.

The gun section is under command of Serpt. Walter Brown and Private Sprague Reigel will serve as range setter. The "manning table" for the

remainder of the company will be made up en route to the camp.

First roll call will be at 9:30 tomorrow morning when field equipment will be served out to the men.

Second roll call will be held at 2:30. Transportation has been leased to each member individually and many of the men will stop off in Portland on the return trip.

An Historical Fact

S.S.S. FOR THE BLOOD

50 YEARS SUCCESSFUL

Even before the days of our Forefathers, extracts from the same kind of roots, herbs and barks, now used in compounding the ingredients for S. S. S., were well known and extensively used among the Indians. Science and modern methods have only changed the Indians way of handling the materials, the essential features are still in evidence in S. S. S.—Nature's Greatest Blood Purifier—and a natural sequence of the Indians favorite medicine. **COPY THIS GENUINE S. S. S. AT YOUR DRUGGIST.**
