

KANSAS SOCIETY CELEBRATES DAY AT CHAUTAUQUA

ASHLAND, July 14.—Chautauqua attendance is at its zenith. Over 80 tents are pitched in the grove, the largest number in the history of any individual assembly. The W. C. T. U. has confy rest headquarters on the grounds, also the Study club organization. Mrs. Mattie Sleeth, of Portland, at the head of the Multnomah county W. C. T. U., and a vice-president of the state association, presides at this daily meetings which are held at 10 a. m. Her presence here is in the place of Mrs. Madge Mears, who was unable to attend. She is not only the wife of a minister, but occupies the pulpit herself by virtue of being a "ministress."

At the Kansas doings yesterday musical accompaniments to the program were by George Andrews of Medford and Miss Lillian Hilty and Earl Rasor of this city. Dr. W. E. Buchanan gave a select reading, Will G. Steel dwelt upon the beauties of Crater Lake, and E. H. Hurd of Medford, formerly from Wichita, in an address on "Kansas, Her People, Progress and Prosperity," extolled the virtues of the Sunflower state. Interspersed among exercises was story-telling by Francis Labadie, a member of the Chautauqua faculty this season. In the evening Dr. W. A. Hunsberger exhibited the wonderful Anoretic moving picture, given added interest by descriptive text.

On Wednesday evening at the Marine band's final concert Medford people added to the local throng which more than taxed the tabernacle's seating capacity. This circumstance, an occurrence at every assembly gathering, is a reminder that Lou Beauchamp, who occupied the platform on Tuesday evening expressed the hope that the present "Esquimo igloo" would give place to a better and roomier structure in the near future, an expression which may afford food for thought at the approaching "new building movement" to be held on the date of final exercises, July 18.

Tomorrow is Southland day, introducing a "Cosmic Force" lecture in the morning by C. A. Rexroad. Two preludes will be given by the Sequoi Quartet, and Wood Briggs of Kentucky, will tell some southern stories in the inimitable mountaineer and negro dialects of which he is a master. The scholarly and eminently practical address of the day is "The Challenge of the Hour," and will be given at 8:30 p. m. by Sylvester A. Long, of Dayton, Ohio, a platform favorite who presents themes brimful of live topics. The home of his adoption is known far and wide as being a model town, and the speaker can give the why and wherefore of its progression instead of retrogression. Bright and practical ideas fortify his opinions regarding an ideal social and civic status. The climax to musical attractions will be the Kaffir boys choir Saturday evening.

ELKS LODGE ELECTS BOARD OF TRUSTEES

BALTIMORE, Md., July 14.—John J. Faulkner, of East St. Louis, Ill., was elected chairman of the board of trustees of the grand lodge of Elks, at the organization meeting last night. Mr. Faulkner succeeds last night. Mr. Faulkner succeeds last night. Mr. Faulkner succeeds last night.

Other officers named by the board for the coming year are: Vice chairman, George D. Locke, of Rogers, Ark. Secretary, Calvin L. Kingsley, of Waterloo, Iowa. Approving member, J. E. Masters, of Charleston, Pa. Home member, Samuel V. Perrott, of Indianapolis, Ind.

NEGRO TROOPERS BURIED AT ARLINGTON

WASHINGTON, July 14.—The bodies of six negro troopers killed at Carrizal were buried in Arlington cemetery today with full military honors. None had been identified. Secretary Baker and Major General Scott, chief of staff of the army, attended the service, which was conducted by Chaplain George L. Bayard of the navy. When a bugler had sounded taps, members of the National Memorial association, covered the newly made grave with flowers.

Why Smoke Bit Cigars
When La Gondas are only 10c

SILENCE VEILS DEPARTURE OF BIG SUBMARINE

BALTIMORE, Md., July 14.—Silence continues as to the date of departure of the super-submarine Deutschland. The tug Timmens, which met her at the capes and conveyed her to Baltimore remains fast to the pier day and night. She is in such close proximity to the submarine that it probably would take only ten minutes to get the latter from the mooring into open water. It was learned that a big hydroaeroplane, practically completed, is stored on the pier of the Eastern Forwarding company, where the Deutschland is docked. Persons in close touch with the operations of the forwarding company intimated that the flying boat would be sent to the capes for scouting purposes before the submarine makes her dash for the Atlantic.

The manner in which the Deutschland has been cleared of everything she brought over, even the pieces of pig iron ballast, led to the idea that she would return to Germany heavily laden. Until the owners of the cargo that has been taken from her file their papers with the custom house as to its composition can be obtained. It was said that it was unlikely that entry would be made this week. Captain Koenig, the submarine's commander, ridiculed the report from Amsterdam that the principal object of the Deutschland's voyage was to convey a consignment of diamonds.

ARTILLERY DUELS ON FRENCH FRONT

PARIS, July 14.—The Germans made two attempts last night to storm French positions north of the Aisne at a point south of Ville au Bois, but were checked by the French machine gun fire, the war office announced today.

On the Verdun front artillery fighting continues in the Souville sector. There were patrol engagements in Chemois wood. There were no important developments on the remainder of the front. The announcement follows:

"North of the Aisne, in the region south of Ville-au-Bois, and on the Vaucelle plateau, two attempts by the Germans to make attack were arrested promptly by the fire of our machine guns.

"On the right bank of the Meuse the artillery fighting was very active in the Souville sector. Patrol engagements occurred in the Chemois wood.

"On the remainder of the front there were no important events."

PLEA FOR ACQUITTAL OF YOUNG ORPET

WAUKEGAN, Ill., July 14.—The final plea for the acquittal of Will H. Orpet on the charge of murdering Marion Lambert was resumed by James H. Wilkerson, his senior counsel, at the opening of court today. Mr. Wilkerson is expected to finish before the day ends and will be followed by David R. Joslyn, special prosecutor aiding State's Attorney Dady, who will make the state's final plea. Following Mr. Joslyn's plea the court will give its instructions to the jury. It is expected the case will be in the jury's hands by tomorrow night.

Mr. Wilkerson also attacked the methods employed by the state, stating that the cross-examination was brutal, and that if the state had placed any credence in the spots found on the girl's coat that it would not have waited three months to give them significance.

MILITIA GUARDING ILLINOIS CEMENT PLANTS

LA SALLE, Ill., July 14.—Five companies of the Sixth Illinois infantry are in camp at cement plants here and Oglesby today, prepared to suppress any rioting that may result from the resumption of operations at the plants, 1200 employees of which are on strike. It is expected that the operation of the cement plants will be resumed tomorrow.

ONE LIFE LOST WHEN HURRICANE SWEEPS CHARLSTON

CHARLESTON, S. C., July 14.—The hurricane which struck Charleston last night, abated today. One life was lost here. Damage to shipping and the water front was not great, and the balance of the city did not suffer severely.

ATLANTA, July 14.—Charleston, S. C., was cut off from continuous wire communication today as a result of the hurricane that struck the Georgia and South Carolina coasts late last night, sending the wind velocity to a maximum of 64 miles an hour, claiming three lives and doing damage to coast resorts and cities. Fragmentary reports from Charleston indicate two lives lost there, the waterfront inundated by high tides and much property damaged.

ATLANTA, July 14.—The hurricane, which, last night, swept the coasts of South Carolina and Georgia had passed early today to the north of Charleston, according to reports here, wrecking the telephone and telegraph lines and doing considerable other property damage.

Charleston was cut off from wire communication and no reports as to conditions there were available. Savannah suffered little, according to reports.

A lineman, reporting to the local telephone office, said the wind still was high in Charleston this morning, but its velocity was decreasing. He said no street cars were running, that there were no lights and that telephone service was disabled. Before he could be questioned as to casualties or other loss, the wire was lost.

The hurricane blew down hundreds of trees and crippled trolley and wire service. Hundreds of island dwellers could not be reached today by boat or wire, but it is believed they are safe, as they had ample warning of the approach of the storm. One negro was killed by a live wire.

GENERAL DAM BILL PASSES CONGRESS

WASHINGTON, July 14.—The general dam bill amended from the form in which it passed the senate, regulating water power development in navigable streams was passed by the house today.

The bill, which provides for a system of leases, under government regulation of rates and practices, is designed to induce investment of private capital in the development of water power. The principal issue has been over the rental imposed on power projects under an amendment by Representative Shively of Kentucky, which provides that the secretary shall fix such rental rates as he deems advisable to apply for a period of years, with the right to revise every ten years thereafter. This was opposed by Chairman Adamson, of the interstate commerce commission.

IS YOUR HEALTH WORTH \$5.00?

Woman Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Lima, Ohio.—"I was all broken down in health from a displacement. One of my lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sanative Wash. I began taking your remedies and took \$5.00 worth and in two months was a well woman after three doctors said I never would stand up straight again. I was a midwife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them."

—Mrs. JENNIE MOYER, 942 E. North St., Lima, Ohio.

Women who suffer from displacements, weakness, irregularities, nervousness, backache or bearing-down pains, need the tonic-strengthening properties of the roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If you want special advice, write the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

DEUTSCHLAND HELD PEACEFUL MERCHANT CRAFT

WASHINGTON, July 14.—An advisory report on the status of the German merchant submarine Deutschland submitted to acting Secretary Prink today, by the government neutrality board, is expected to hold that the vessel is a peaceful merchant craft, and entitled to all privileges as such.

Indications now are that the state department will make no formal announcement concerning the submarine, but that the treasury department will be advised to permit her to clear and sail from Baltimore, whenever her captain desires to start on his return voyage.

Mr. Polk received the neutrality board's report just before he went to the white house to attend the cabinet meeting. He intimated that a formal ruling by the department would be necessary only in case the submarine had been found to be a warship, liable to be ordered from American waters.

The neutrality board gave its advice after considering the reports of navy and customs officers, who made a complete examination of the Deutschland and concluded that she not only was unarmed, but could not be converted for war purposes, without structural changes.

STEAMER KOREA GOES UNDER JAPANESE FLAG

NEW YORK, July 14.—The American steamer Korea, arrived today from London on her last trip for the Atlantic Transport company line, having been sold under the Japanese flag, and she will go to San Francisco where she will be taken over and put in command of Captain Togo, a nephew of the famous admiral.

The Korea brought seventeen men of the crew of the American steamer Seaconnet, which struck a mine on June 18, ten miles from Yarmouth and went ashore. The vessel was a total loss, but all hands were landed safely.

MEDFORD PLAYS GOLD HILL SUNDAY ON HOME GROUNDS

Medford is scheduled to play Gold Hill Sunday on the local grounds, and this game should bring out a good attendance, as the Gold Hillians on the occasion of their last visit put up the best brand of baseball seen on the local grounds in two seasons.

Sunday's game will be the first appearance under the management of Rob Brevard. The team has been notably strengthened since it last appeared on the home ground and is certainly playing baseball that ought to bring the crowds. The last game played with Weed was a prettier contest to watch than nine out of ten of the Coast league games and was check full of brilliant and sensational plays.

Pruitt will pitch for Gold Hill and Siebert for Medford.

A week from Sunday the crack Klamath Falls all-star professionals will be here and the local team is being groomed for the occasion. Come out and be joyously surprised at the baseball team your home town has rounded up.

MEXICAN BANDITS REPULSED ON BORDER

SAN ANTONIO, Texas, July 14.—To C company, Second Infantry, commanded by Captain C. S. Horton, came today the distinction of being the first national guardmen to exchange shots with Mexicans. They prevented a raiding party from crossing the Rio Grande near Donna, Texas.

Six armed Mexicans attempting to enter American territory at 3 o'clock this morning were detected by the outpost. They were ordered to halt, but continued advancing. The Texans opened fire. The fire was returned, but discontinued after a minute, the Mexicans hurrying back to their own country. None of the Americans was injured, and it is understood none of the Mexicans was hit.

SHARKS VICTIM'S BODY RECOVERED

NEW YORK, July 14.—At almost low tide today the body of Lester Stillwell was found in Matawan creek, about 200 feet from the spot where he disappeared after being attacked by a shark. The body had been bitten nearly in two above the waist line.

WASHINGTON, July 14.—Tragic stories of attacks by sharks upon bathers along the New Jersey coast were discussed at today's meeting of the cabinet. Later Secretary McAdoo announced that the coast guard would be ordered to do what it could toward clearing the coast of the dangerous fish and preventing further loss of life.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots
How to Remove Easily

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.

TWO TRIPS DAILY
—BETWEEN—

MEDFORD and EAGLE POINT

S. H. Harnish's auto will leave Eagle Point at 8 A. M. and 1 P. M. daily, except Sunday; leave Medford 9 A. M. and 5 P. M. Will call for passengers at hotels in Medford and hotels and business houses in Eagle Point.

PHONE 3-22 OR 3-23.

The Boy is Father to the Man

Old sayings like this are fraught with a most important meaning. And what will aid the expectant mother in conserving her health, her strength, her mental repose and the absence of venereal pains is a subject of vast moment. Among the recognized helps is a splendid remedy known as "Mother's Friend." Applied to the muscles it sinks in deeply to make them firm and pliant, it thus lifts the strain on ligaments that produce pain, it lightens the burden on the nervous system, induces calm, restful nights of health-giving sleep and makes the days sunny and happy. Get a bottle of "Mother's Friend" of any druggist and you will then realize why it has been considered true to its name in our best homes through three generations. It is perfectly harmless but so effective that once used it is recommended to all expectant mothers by those who went through the ordeal with surprising ease. By writing to Bradford Regulator Co., 413 Lamar Bldg., Atlanta, Ga., you can have a free copy of a wonderful book that unfolds those things which all expectant mothers delight to read. Write today.
