EADS TRANSFER & STORAGE CO.—Office 42 North Front st. Phone 211. Prices right. Service guaranteed.
WHY?
NOW TIME TO TRADE.
I have a 160-acre stock ranch; good location; 100 acres in grain, some alfalfa. This place recently sold for \$12,000; no incumbrance. Will trade for good orchard, prefer pears, or would take city property. Would trade even or assume some incumbrance on orchard proposition.
J. C. BARNES
102 West Main Street.
NEW TODAY
112 acres, half of it in wheat, oats, barley, alfalfa, and corn; all crops go with the place if taken this month; buildings, 20 cattle, a band of sheep, team and all tons. This place lies near school, country store, and level road to Medford, and other valley towns. Lays well out toward the entrance, and is a good place for stock raising. \$50 an acre, including all things mentioned above.
Hoon-Cathcart Co.
Phone 167

ASHEVILLE REGION DELUGED BY FLOOD; 5 PERISH, 50 MISSING

ASHEVILLE, N. C., July 17.—Scores of large industrial plants around Asheville lay idle today in the grip of the flood which followed last week's rain storms and hurricane which swept in from the Carolina coast and flooded portions of North and South Carolina and adjacent territory of Tennessee, Virginia and West Virginia. Five persons are known to have been drowned, fifty are missing and hundreds are homeless, while railroad service virtually is suspended in a large section on all sides of Asheville. The Swannanoa and French Broad rivers that rose out of their banks in this section yesterday, flooding the villages of Biltmore, and leaving Asheville without gas or electric power, were said to be receding early today, and it was thought that the greatest danger to this section has passed. Estimates of property damage already have been placed at from \$6,000,000 to \$10,000,000 while the total loss to crops, lumber mills, cotton mills, highway and railroad bridges and miles of railroad track throughout the area that has felt the flood, was expected to grow. Miss Nell Lipe and Mrs. Leo Mulhall, reported drowned yesterday when the home of their father, J. C. Lipe, at Biltmore, was washed away, were found today tied in the top of a tree, according to reports received here. No reports of further loss of life have been received. The Swannanoa and French Broad rivers are falling rapidly.

MORE RUSSIAN TROOPS LANDED TO FIGHT IN FRANCE

PARIS, July 17.—A contingent of Russian troops disembarked today at Brest, France. The Russian troops will be sent to camp from Brest and later to the front. This is the sixth contingent of Russian troops the arrival of which in France has been reported. Between April 20 and May 5 there arrived at Marseilles five bodies of Russian soldiers, after a land and sea journey of about 17,500 miles from Moscow, where they were assembled, to Port Dalny, Manchuria, and thence by water, via the Sunz canal. The number of men in the first five contingents has not been given officially, but it is believed to be about 25,000. These troops were quartered at Camp De Mailly, near Troyes, for several weeks, and then sent to the front. The official French communication of last night showed that Russian troops were in the trenches in the Champagne. It was said in Paris several weeks ago that the sending of the first contingents was largely in the nature of an experiment, and that they might be followed by more substantial numbers. On the former occasion the Russians arrived without arms, which were supplied by the French. The explanation was given that it was easier to send men out of Russia's surplus to the western front than to forward arms and ammunition to the east.

ASHLAND AND VICINITY

George Kenhower, civil engineer, employed on government reclamation work in Klamath county, came to Ashland last week and accompanied First company, C. A. C., to Ft. Stevens. His wife accompanied him here and will visit her parents Mr. and Mrs. P. A. Brown during the encampment season. George H. McCoy, the city employe of the Seafish, paid a brief visit to his brother, J. W. McCoy, cashier of the First National Bank last week. His home is near Bartow, Florida, but for sometime past he has been in San Diego, superintending the erection of a kelp plant for the Swift corporation. He left for the east last Saturday and will join his wife at Canton, Ohio, where she is visiting relatives. Mr. McCoy visited here earlier in the season. Mayor O. H. Johnson has sold his fine residence on North Main to Jas. E. Fuller of Augusta, Maine, who is here and will occupy the property. Johnson and Reed negotiated the sale. Mayor Johnson is not going to leave Ashland and has in view the purchase of another property. Funeral services of W. S. Murray, the iron moulder who died in the hospital recently, were held on Saturday afternoon, conducted by Rev. H. C. Carmahan at Stock's undertaking chapel. Interment was in the Mountain view cemetery. The city authorities finally heeded relatives of the deceased at Belmont, Wis., who directed that the burial should occur here, the expenses incurred having been assumed by the moulder's union at Portland. The network of wiring on the former hotel Oregon does not indicate the installation of a wireless system, but means an elaborate electric sign bearing the legend "Hotel Astoria" to which name the old familiar old Hotel Oregon has been changed by its new manager, Mr. Chisholm. D. Connor, of Oakland is the new clerk. Roy M. Murray, who enlisted in the regular army at Missoula, Mont., and who departed at Talent a few days ago on the way to Fort McDowell, Cal., with ten other recruits is still held here pending arrival of federal officers who are expected early this week. What aggravated Murray's offense, was the attempt to sell his transportation. E. H. Carter, of Eugene has been a recent visitor in town accompanied by Dr. Day of the same city. Dr. W. L. Nicholas, former osteopathic practitioner here is now a resident of Exeter Cal. Mrs. Anna Gash-Barban of Paisley has traded her residence on High Street to Mrs. Thayer of Lake county for property in her present home town and on Saturday left for Salem where she has other interests. Emory Smith of the contracting firm of the Springs project was in Ashland Saturday on his return from Portland to San Francisco. W. A. Stacy, of Athol, Mass., has been visiting here of late and cultivating the acquaintance of a number of former New Englanders to whom the mention of that particular section is like unto treading on holy ground. Mr. and Mrs. G. L. Flint of Roseburg, accompanied by a daughter and her chum, returned home late Friday after a visit in Ashland, during the Roundup and a portion of the Chautauqua season. Mr. Flint is an engineer on the Southern Pacific on the Roseburg-Ashland division. Mrs. Flint is prominent in social and fraternal circles and last year occupied the place of Esther in the Grand Chapter of the Eastern Star order. J. W. Dobbins, former manager of the Hotel Oregon left for San Francisco on Sunday to investigate business propositions outside of the keeping of hotels. T. K. Anderson, of the Pilot Knob mine near Gortville, Cal., accompanied by his old friend G. R. Mudge, of San Francisco, motored over from Siskiyou county last week and attended the Chautauqua assembly. Mrs. J. C. Kimble, Mrs. Elmer I. Applegate and J. G. Camp and wife all of Klamath Falls, were registered at Hotel Astoria on Saturday. Mr. Camp is superintendent of the extensive irrigation development work now going on in Klamath. Rev. W. G. Smith and H. G. Holland of Wolf Creek were Chautauqua visitors last Saturday. Mr. Smith is a Presbyterian clergyman formerly located at Klamath Falls. A marriage license has been issued to L. T. Hodge and Miss Bertha Elizabeth Calkins. The former is a member of the high school faculty and the latter is an instructor in elocution. The city council is laboring in "synchronize" the attitudes of the park board and springs commission over their respective jurisdictions. Pending developments it is thought that P. H. Graves, park superintendent, who recently resigned, will remain. George Traverser, chairman of the park board, has been urged to resign, and has in fact taken the matter under advisement in the face of a contingency, that a petition for his recall might be launched, according to reports. The Southern Pacific, in view of the threatened trouble, is appealing to its employees, numbering over 50,000 on the system to well consider the situation before inaugurating a strike. In addition to personal representation, posters and newspaper advertising, worded in behalf of the company are being freely circulated, reminding the men that in the event of going out they would forfeit their pension privileges, inasmuch as length of service would not count on the pension schedule.

BUTTE FALLS

T. L. Walker left Saturday for Walla Walla, Wash., where he expects to work through harvest. Mr. and Mrs. O. B. Morris went to Paton Saturday to visit their uncle, Tom Peeler and family, returning home Tuesday. G. W. Barker went to Ashland Saturday afternoon returning home Sunday evening. Mrs. Barker and Mrs. Baker accompanied him on his return. Ray Parker and Lester Smith returned home Sunday evening from Ashland where they had been to take in the celebration and roundup. Mr. and Mrs. Harvey Murphy and some friends motored up from Medford Saturday evening and spent Sunday at Camp Nick. Charles Stewart came over from Pelican Bay Monday for a visit with home folks. Ben Buchanan of Ashland is visiting his grandmother Mrs. Kee this week. Mrs. Myrtle Whitson is visiting in Ashland this week. Charles Stewart went to Ashland Tuesday, returning home Thursday. Mr. and Mrs. Mariel Brainard are up at the Parker ranch this week. Miss Mary Helen Baker of Kalamazoo, Mich., is visiting her brother, Mark Baker, and family. Mr. and Mrs. R. W. Parker were up to Dr. Emerson's place Wednesday on business. Walker O'Brien is home from Modoc county, California, on a visit to his mother. Mr. and Mrs. Wm. Sears and children Margaret and Roger returned from Medford Thursday. Mr. Sears is just home from a visit in the east. His mother returned with him from Portland. The Misses Hilda Abbott, Ellen O'Brien, Wilma Morris, Bernice Baker, Rita and Noma Stewart, Ray Parker, Lester Smith, Chester Jones

HELPFUL WORDS

From a Medford Citizen
Is your back lame and painful? Does it ache especially after exertion? Is there a soreness in the kidney region? These symptoms suggest weak kidneys. If so there is danger in delay. Weak kidneys get fast weaker. Give your kidneys prompt attention. Doan's Kidney Pills are for weak kidneys. Your neighbors use and recommend them. Read this Medford testimony: Mrs. J. W. Bass, 235 N. Ivy st., Medford, says: "I have always been ready to recommend Doan's Kidney Pills whenever I have heard anyone complaining of backache or kidney disorders. I have taken them when I have had these troubles and they have never failed to stop that misery in my back and put my kidneys in good working order. I also give Doan's Kidney Pills to one of my children who is subject to weak kidneys at times and they restore them to a normal condition." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Bass had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

BIRTH OF NATION AT PAGE THURSDAY

Those who attend the "Birth of the Nation," which opens a three-day engagement at the Page Theater Thursday, July 27, will doubtless be struck by the effects which make the scenes so realistic, but none who has not seen the apparatus realizes what an immense amount of paraphernalia is necessary. The company carries with it altogether a large baggage car load of apparatus, including dynamos, transformers, reducers, projection machines, booth and curtain. In addition there are a remarkable array of noise-making apparatus. When, for instance, watching the reproduction of the great battle in the south the soldiers of the north and south are entrenched within 200 yards of each other, one hears the roar of the cannon, the cries of the dying and wounded soldiers, the dull explosions of underground mines. This is how these effects are accomplished. To produce other noises there are crashes, drums, cymbals and seemingly every kind of an instrument that produces a hoarse, noisy noise, which, when sounded at the right time, seem to come from the very heart of the picture. There is not a word spoken on the stage, every employe being on the alert to watch for his signal from the electrician. The object of this review shows to what extent the exhibitors went to make their picture the greatest and most realistic success ever staged. Adding but so much to the realism as to expression is the great thirty-piece orchestra to aid in interpreting the picture. It is the claim of the producer, D. W. Griffith, that "The Birth of a Nation" is the production true in historical fact in the effects produced and in settings with local color. Packets tally cards in stock at the Medford Printing Co.

GOLD HILL NUGGETS

Misses Mary and Retta Edington returned from a visit with friends in Ashland Friday. C. H. Baughman and family visited at the home of Professor and Mrs. G. W. Milam, the latter part of the week. Mr. Baughman is superintendent of the schools at Pineville, Oregon. J. S. Fountain made several trips to Medford this week. Hunter Stiebel was a visitor at Medford on Friday. Mrs. C. W. Wells left Thursday morning for Klamath Falls after a
