AMERICAN BARK SWEDEN BOUND SEIZED BY GERMANS

LONDON, July 21.—The American bark Prince Valdemar has been captured by a German warship while on its way to Sweden with a cargo of wheat and groceries, according to a dispatch to the Exchange Telegraph company quoting the Copenhagen Politiken. The schooner was taken into Swinouide. The vessel belongs to George W. McNear, of San Francisco. The McNear firm is one of those included in the recent British blockade. The bark left San Francisco on February 24 for Telleborg, Sweden, and carried a cargo of wheat, barley and groceries. SAN FRANCISCO, July 21.—The seizure of the schooner Prinz Valdemar by a German warship, reported in London dispatches today, brought the following statement from George W. McNear, of San Francisco, head of the company which owns the vessel: "I don't understand why the Germans should have seized the vessel. They certainly had no right to take it into a German port, as it was consigned to a Swedish destination. We shall protest to the state department and demand its release." The Prinz Valdemar is the third vessel owned or chartered by the McNear firm and captured by the belligerents, it was said. SUGAR BEET PLANT AT CORCORAN SOLD SAN FRANCISCO, Cal., July 21.—The Pingree Sugar company, capitalized at \$1,000,000, filed articles of incorporation here today to take over the Corcoran beet sugar plant at Corcoran, Kings county.
