

### GREAT BASEBALL GAME SCHEDULED WITH KLAMATH

"The batteries will be: For Klamath Falls, Jolly, catcher; Bigbee, pitcher. For Medford, Baker, catcher; Seiberts, pitcher. Play ball!"

This announcement tomorrow at 2:30 p. m. will start a game of baseball which will open Medford's eyes and which, weather permitting and patronage justifying it, will usher in a season of real ball games.

The Medford fans have already learned by experience that Manager Brevard makes good his promises, even at a personal sacrifice, and the fact that he is compelled by the limited accommodations at the ball park and the large attendance from the Falls to set aside a limited number of reserved seats at 75 cents, is more to guarantee the visitors an even break for good seats than for financial reasons. As a matter of fact, the extra expense of putting the grounds in their present first-class condition, together with the unusual expense of bringing the Klamath Falls team here, will in all probability absorb any additional receipts he may have; but his desire is to show that good ball can be furnished here if the public will support it.

If the attendance gives him any justification, just as good games will be arranged for the future, and complete box seats will be kept, so that the fans can keep track of the work of their favorites. The playing and batting averages of the local players will be published from time to time and an attempt will be made to have a regular baseball season here, but it is no more than fair that the fans who share the enjoyment should also bear their share of his expense, at least to the extent of attending the games. Don't let it be said again that the visitors furnished the majority of the attendance. There are plenty of fans here—let's all boost for good ball. And remember, the good seats will go early.

As for the Sunday game, there will be nine men on each team all the time, and some of our old friends will make the fans open their eyes. Watch Linkville steal second on Chick with Shurtz and Rudy covering the sack, and see how much lead the base runners get on Seiberts. There will be no scores against us on squeeze plays, either. Don't take my word for it—come and see for yourselves.

You'll see stuff that will make Hoke's "Pep" taste like sugar and water—and I'm not knowing "Pep," either. If you don't come for any other reason, be a good sport and give it a good send-off at the first game under Brevard management.

Shine Edwards has let two more tickets on the game go—

### REV. A. J. HOGG TO BE INSTALLED THURSDAY

The Rev. Alfred A. J. Hogg will be installed pastor of the Medford Presbyterian church on Thursday evening by the committee appointed by the southern Oregon Presbytery in session at Eugene during the past week.

Rev. A. J. Montgomery, D. D., of Portland, will deliver the principal address of the evening. Rev. Dr. J. K. Baile of Phoenix will deliver a charge to the pastor. Rev. Spencer, moderator of the Presbytery, will preside. Rev. Dr. Rollins will welcome the new minister on behalf of the Medford Ministerial union. All the churches in Medford have been invited to attend this very interesting and most impressive service. The public is cordially invited. Everybody welcome.

### SEEK RECRUITS FOR MILITIA ON BORDER

Captain Curtis B. Winn and a recruiting party will be in Medford on August 7-8 in connection with the recruiting campaign to enlist men for service on the Mexican border with Oregon troops now there. These men will fill vacancies occasioned either because companies were not recruited to full war strength when they left or because of rejections or discharges because of physical examinations or by the return of married men, under a recent order of the war department. All told, 1000 recruits will be needed.

All men are to go to the border. The first trainload is scheduled to go in a short time. In the meantime men will be drilled and instructed at Camp Withycombe, at Clackamas. Applications can be made directly to the recruiting parties for enlistment.

### SUGGESTS ACTION TO SECURE FEDERAL AID FOR HIGHWAY

George E. Boos has received the following communication from the American Automobile association, suggesting prompt action to secure federal aid under the national good roads bill, recently passed for Pacific highway improvement:

"George E. Boose, secretary, Tri-State Good Roads association, Medford, Or.

"My Dear Mr. Boos:

"The signing of the federal aid roads bill by President Woodrow Wilson, carrying a contribution of \$75,000,000 from the federal treasury, to be supplemented by a like amount from the states, plus \$10,000,000 to be expended on roads in or adjacent to forest reserves, suggests that it is quite important that the sponsors for the trunk line interstate highways connecting the different parts of the country shall endeavor to obtain a percentage of the federal-state money for their big arteries of communication.

Of course, you are convinced that the Pacific highway is second to none in importance to the states through which it passes, and naturally you will at once get into action in obtaining part of this federal-state money for your road, as its expenditure is dependent upon the recommendation of a state highway department which has the approval of the secretary of agriculture.

"Might we suggest that you at once get into communication with the highway departments of the several states in an effort to bring about a logical apportionment of part of the joint funds to the Pacific highway.

"If you desire any additional information, which is obtainable from Washington, we shall be pleased to supply it. Very truly,

"A. G. BATCHELDER,"  
"Executive Chairman."

### MUSIC PUBLISHING COMPANY LAUNCHED

A music publishing company has been launched in this city by Fred Alton Haight and Edwin Charles Root, to be known as the Fred Alton Haight Co., Music Publishers, Medford, Ore. The first issues will be "Crater Lake March," by Edwin Charles Root and dedicated to Will G. Steele, and a song, "The Valley of the Rogue," by R. J. McPhee. These pieces will appear in about one week and will be followed at once by four compositions for the piano by Mr. Haight, "A Memory," "An Indian Romance," "Pleading," and a new edition of the popular "Our Navy March."

"Valse Serenade," by W. Carleton Jones will appear some time in August. Also a song by Fannie Townsend Pierce and a song by R. Hopkins Bryant. The company invites all musicians who have written music in any form or have written words suitable to be set to music to present the music or words for the company's consideration. An arranging and copying department will be a feature of this company.

### MOST POPULAR BAND CONCERT OF SEASON GIVEN

"The most popular concert of the season," was an expression that was heard from hundreds of music lovers as they reluctantly filed away after the final number of the concert given by the Medford band at the park on Friday evening. Promptly at 8 o'clock the Medford band under its able leader, Reginald G. Rowland, commenced one of the most delightful entertainments that has been given for many a month, to possibly the largest and most appreciative audience of the season.

The well arranged program contained many beautiful and tuneful numbers which were admirably rendered, the multitude only being satisfied when encores were responded to. The waltz, "Blue Danube," Mazurka "Dorothy," and overture, "Broken Dawn" were great favorites. The soldier's song "Keep the Home Fires Burning" (Till the boys come home) which was very appropriate when so many of our local boys are away at camp, was the hit of the evening, the vocal chorus by the band being augmented by many vocalists in the audience. "Always a favorite, "A Perfect Day" played as a cornet solo by Mr. Wilson Walte brought the artist a flattering encore to which he responded, the band providing a fitting accompaniment.

A feature of next week's concert, which will take place on Tuesday evening, will be the playing by the band of a new work by a local composer. The song under the title "The Battle Cry of Universal Peace," is by E. J. McPhee, a well known local citizen. Mr. Rowland has arranged the song in band form, and the composition will be given its initial rendering on Tuesday evening.

### SWEET CAPORAL STILL FAVORITE CIGARETTE

Few men, as they grip their favorite cigar or cigarette and puff enjoyingly, remember their first flirtation with Lady Nicotine. If they could they would recall how, as a boy, and possessed in some mysterious way of a package of cigarettes, they sneaked back of the barn and initiated themselves into what they believed to be the rudiments of a man-of-the-world's knowledge. If their acquaintance with the weed came about in this fashion it is reasonable to believe that the cigarette they closely guarded and smuggled was a Sweet Caporal.

And although perhaps forty years have passed, Lady Nicotine never smiles so sweetly as she did on that long ago day.

Demonstrators are now in the city and are explaining how Sweet Caporal, first made in 1873, have stood the test of time by reason of the high grade tobacco and paper used. The sanitary conditions under which the cigarettes are manufactured are also explained.

### INFANT PLAGUE SHOWS INCREASE IN NUMBER OF VICTIMS

NEW YORK, July 22.—There were more deaths in the epidemic of infantile paralysis during the last twenty-four hours than at any time since the inception of the disease four weeks ago. Since 10 a. m. yesterday the plague killed thirty-nine children in the five boroughs of New York City. There were 135 new cases.

Quarantine regulations of increasing stringency, due to fear of the spread of infantile paralysis, were reported today from a number of cities and towns near New York.

The Erie railroad, which serves thousands of commuters, has sent out a bulletin to all its station agents warning them to notify prospective passengers that children will be barred from most of the stations, along the lines in New Jersey and Pennsylvania.

A total of 259 cases of infantile paralysis are reported in New Jersey. The cases in Connecticut numbered 59. New York City has 195 cases.

The plague took a big stride in Manhattan, where there were ten deaths, the largest number yet reported. In the Bronx also, the disease gained. Here there were five deaths. A marked increase was shown in Brooklyn, the seat of the disease and cases and deaths in the other two boroughs indicated that the epidemic, aided by a wave of high humidity, was becoming more widespread.

Cases to date total 2,662 and deaths 558.

Hundreds of "quack" doctors, patent medicine fakirs and "get rich quick" schemers are thriving on the epidemic. Dr. Oscar M. Leiser, assistant director of public health declared today:

"Solutions that cost from five to ten cents a gallon to prepare are being sold for \$1 a bottle," he asserted.

Commenting on the big increase in the number of diseased from the disease, health Commissioner Emerson insisted that the outlook was not discouraging, saying that irregular reports were to be expected.

close their opinion with this ominous warning: "The links in the chains of tyranny are usually forged singly and silently, sometimes unconsciously, by those who are destined to wear them."

The findings of the court were based upon the sworn testimony of the general manager in charge of all the Rockefeller mining properties in Colorado, who still retains control and thereby your authority, and thereby has automatic control over the lives of thousands of your workers and their dependents.

Inasmuch as the court has ousted from office by this decision all of the officials whom they could reach by law, and in view of the fact that these men were found to have been mere tools and subordinates of the company, we submit that the plain duty now devolves upon you to discharge immediately those of your agents and employees found in this decision to have been guilty of these crimes against free government, to the end that the workers in the employ of your company may exercise their sovereignty freely and take part in the election of judicial and administrative officers which is guaranteed to them by the constitutions of Colorado and the United States.

### GARMENT WORKERS STRIKE IS SETTLED

NEW YORK, July 22.—Settlement of the strike and lockout which for several months has tied up the garment working industry in this city, was announced today at a meeting between representatives of the cloak, suit and skirt manufacturers' association and the union.

Louis Levy, attorney for the manufacturers' association, declared that every major question at issue had been adjusted and that a new agreement was to be drawn up immediately whereby the workers will receive many concessions.

The settlement of the strike will relieve disorganization in the industry which has halted the manufacture of women's apparel with nationwide effect.
