Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The promoters have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. ## Wire Your Home One Year to Pay

In case you should ever rent or sell. From a purely financial standpoint, wiring a house for electric service adds to its value an amount considerable in excess of the actual cost. The bill for wiring may not exceed \$15.00. Three times this figure scarcely covers the increase in market value. An electric equipment makes a house more readily rentable and saleable at a higher price. Every up-to-date house now being built is being wired, and unwired property suffers by comparison. Wiring is an investment, not an expense. Our plan helps you to make that investment in the simplest and quickest way with a minimum of trouble and a maximum of benefit.

Would you care to know the details? If so, Phone 168, Wiring Department. Our representative will call at once. His services are free.
