ARMY BILL IS VETOED

(Continued from page one)

The military establishment of the country and wisely and generously provides for the reorganization of the agencies of our national defense, and it is with genuine reluctance that I delay its becoming a law by suggesting the elimination of one of the provisions, which has been embodied in the very necessary and important revision of the articles of war, which has been added to it.

Present Rules Archaic.

"The existing articles of war are undoubtedly archaic. They have not undergone comprehensive revision for more than 100 years. They do not always furnish the means of meeting promptly and directly the needs of discipline under modern conditions and many contingencies now frequently arise in the government of the military forces which were not contemplated when the present code was formulated. The relations of the governments of the United States have greatly broadened within the hundred years. We now have insular possessions and national interests far away from our continental shores. Both the practice of arms and the theory of discipline have undergone many modern changes and a sufficient need for such a revision of these articles as is here presented has long existed. I, therefore, the more keenly regret to find in the proposed revision of the articles of war a provision to which I cannot give my approval."

"Convinced as I am of the unwisdom of this provision and of its harmful effect upon the discipline of the army; doubting, as I do, the power of congress wholly to exempt retired officers from the control of the president, while declaring them to be a part of the regular army of the United States, I am constrained to return this bill without my approval."

SEEK CHAMPIONSHIP GAME IN MEDFORD

"Browdie" Groce, captain of the Portland Baby Beavers, is in Medford today and is endeavoring to arrange to have the game between the Baby Beavers and Klamath Falls for the amateur championship of Oregon staged in Medford, Sunday, September 3. Groce is of the opinion that the game, if played in Medford, would draw a phenomenal crowd, fans from the Rogue River valley, Weed, where Klamath Falls plays next Sunday, and from Klamath county. The game should be a good drawing card, as Klamath Falls has been winning consistently and the Baby Beavers have won fourteen straight games.

A number of players well known in Medford are connected with the Portland aggregation. Red Rupert, former captain of the M. A. A. C. football team, is manager. Others on the team are "Cobbie" Dillard, former Cincinnati pitcher; Pearl Casey, former captain of the Portland Beavers; "Dutch" Zwieta, a pitcher signed by the Beavers; Charley Moore, former Los Angeles and Chicago Cub shortstop.

Captain Groce is endeavoring to get a good concession out of the managers of the local ball grounds, as the Portland and Klamath Falls teams will both be under heavy expense in coming to Medford.

Jamaica, N. Y.—"I suffered greatly with my head and with backache, was weak, dizzy, nervous, with hot flashes and felt very miserable, as I was irregular for two years.
