GRAHAM PURCHASES HOTEL AT BEND

(Bend Bulletin.)

H. W. Graham of Medford today closed a deal by which he takes over the Wright hotel on or about September 1. H. M. Abbott, who has been proprietor for several months, will continue in the hotel until Mr. Graham takes possession.

Mr. Graham is an experienced hotel man, having engaged in that business in Coeur d'Alene, Idaho, before going to Medford, where he has been engaged in the insurance business.

It is the intention of Mr. Abbott to remain in Bend. He will, however, take a trip to Medford after Mr. Graham takes possession of the hotel.

RAIL CHIEFS REPECT PLAN

(Continued from Page One.)

As they left the white house Mr. Holden said he would have no statement to make for the present.

Whether President Wilson will continue to insist on his plan or suggest

another to both sides was not made clear. Administration officials insist he will continue negotiations until some settlement is reached.

Men closely affiliated with the railroad officials said that the managers were willing to accept any kind of arbitration, but that there was no chance for an eight-hour day without investigation.

The railroad executives told the president that as before increasing freight rates they were forced to submit to an inquiry, before granting an increase in pay they should have a similar inquiry.

EMPLOYEES ACCEPT PLAN

The vote of the employes on President Wilson's plan was delivered to him personally by the chiefs of the four brotherhoods. A. B. Garretson, their spokesman, said it would be given out by the president, and added that although the employes had received no invitation to return to the white house, they would "ferry" here to await a possible summons.

The four brotherhood leaders were in conference with the president thirty minutes and said no modification of the plan had been presented to them as a result of President Wilson's conference with the railroad presidents.

EAGLE POINT EAGLETS

By A. C. Howlett

The other day Joe Riley, who has a farm on Antelope creek, was here, and I asked him how his sugar beets were doing, and he said that the sugar beet man who goes around to examine the beet crop told him that he had the finest looking beets he had seen in Jackson or Josephine counties; that he had beets that would measure eight or nine inches across and were twelve inches long. And he said further that the man—he had forgotten his name—remarked that there were acres of land in this section that was just as well adapted to the growth of sugar beets as his land.

Before I forget it, I wish to correct a glaring mistake I made in my wrintup I gave of the trip that Messrs. Harnish, Moomaw and Co. took to Crater lake. I omitted to note that Ray Harnish and wife and

S. H. Harnish's daughter, Mrs. Fred Dutton, also were with the party, and helped to make the trip the more pleasant. I have not met the three whose names I omitted since I wrote the article and hope that I won't until they read this correction.

Grant Matthews, wife and daughter, Mrs. Richard Johnson, were doing business with our merchants Saturday afternoon.

All is well that ends well. Saturday afternoon Mr. and Mrs. O. C. King, Mr. and Mrs. J. E. Trevorrow, Billie Trevorrow, Mrs. C. E. Smith, Miss Elizabeth Stewart and Miss Elizabeth Blackford, all of Medford, arrived in our town full of hope on their way to Crater lake, but just as they were in front of Heath's store one of their autos went out of commission and refused to budge, so they phoned to Medford for an expert to come out and investigate, and he soon discovered that the auto would have to go to the repair shop, but they, the tourists, did not propose to be balked in that way, so sent to Medford for another car, and while it was coming took their lunch baskets, went into the park, where there are seats, tables, etc., and ate their lunch, and by the time the new machine arrived were all ready to go on their way rejoicing.

Russ Moore, wife and two daughters, who have a fine stock farm near the Dead Indian Springs, and had been out to Central Point visiting Mrs. M.'s mother and family, passed through here Saturday afternoon on their way home.

J. J. Spitzer, one of the regular occupants of the A. Corbin orchard, was here Saturday afternoon. O. O. Lotts and Alex. Vestal came in from Medford Saturday night, reaching the Sunnyside at 11 o'clock. They had started out on a motorcycle and after they had had three punctures and blowouts, having run out of patching material cranked their machine on the desert and walked in. Verily, the old horse and buggy is the surest in the long run.

Sunday was rather a busy day at the Sunnyside. When I came home from church I found six autos banked at the hotel, and on looking around found Mr. and Mrs. E. D. Briggs, Mr. and Mrs. McNair, Mrs. Maud Stickle, Mr. and Mrs. M. E. Briggs of Ashland, Mr. and Mrs. W. V. Brannon, Miss Verrin Brannon, L. J. Davis,

Clyde Brannon, all of Medford; F. L. Heath, wife and daughter, Miss Frances, and son Frederick, of Eagle Point, and they were accompanied by Miss Charlie Fenton of Portland and Miss Hazel Rader of Medford; W. L. Childeth, wife and son Heath, George von der Hellen, wife and son Donald, Misses Ruby Haley and Sarah Singleton, Anson Pierce and Gus Rosenberg.

Mr. and Mrs. M. W. Mathews of Portland, representing the Pure Oil company were among the callers the first of the week, and after dinner spent a few hours in our celebrated agate fields. They were quite successful and procured some very nice specimens. Mrs. Mathews seemed to be particularly interested in the agate hunt and had some very pretty stones already polished.

Arrangements have been made to have our depot agent here moved to Medford to take charge of that depot and have Amos Ayres take charge of the business here. We regret very much the loss of Mr. and Mrs. E. T. Newport, the present agent, but feel that our loss will be a gain to Medford and trust that Mr. and Mrs. Ayres will prove to be as efficient and pleasant in their line of business as Mr. and Mrs. Newport have been.

Miss Nina M. Sears of Batte Falls was a pleasant caller Monday.

D. E. Clay and Clay Gray of Medford came out Monday, took the Lake creek stage to go up to visit Messrs. W. C. and Irvin Daley and take a hunt during the open season.

R. C. Ward of Phoenix and wife came in Monday evening about 9 o'clock on their way from Crater lake. They drove out with a team and rig, camped out and had a good time, taking in all the places of interest.

Ed Hoyt and son-in-law came in from Fort Klamath Monday evening, spent the night with us and Tuesday went to Ashland, and on the way back stopped at Medford and took Mrs. Lou Peters and her son Billie, taking them to Fort Klamath.

Jesse Straight of Phoenix and Manford Zimmerly were at the Farmers' hotel Tuesday.

Tuesday Mr. and Mrs. Clinton Harworth of Lake Creek and two children were here for dinner, and so was William Newsbaum, Fritz Peck and J. D. Howles, all of Lake Creek; John

Foster, now of Trail, and a stranger whose name I failed to learn, were here for dinner.

W. C. Clements and wife and Royal Brown and wife and daughter, Miss Hazel, went to Crater lake Sunday, returning Tuesday via Fort Klamath, Klamath Falls, Ashland, etc. Miss Hazel reports that they had a very pleasant time and thought that the scenery along the route and around the lake are almost beyond description.

Miss Jose Riley, daughter of our ex-county commissioner, Thomas Riley, was attending to business in Eagle Point Monday and Tuesday.

James Owens came in Tuesday morning and brought in a sample of his Soudan grass and it measures nine and a half feet in height. It was

raised on sticky. He also brought in a few peaches, presenting me with a sample that reflects credit on our country as a peach country.

A. Duprey, the sawmill man, and his son-in-law, George Alberts, came

out Wednesday morning in their auto and went to Medford.

Since my last report, Ed Coy has paid up his subscription to the D. M. T. and Dr. W. P. also renewed his subscription to the D. M. T.
