A mill run will probably be made in a short time, as some ore is now ready on the dump.

**Need the Warning If You Have a Cough!**

The deep-seated cough that does not yield to ordinary treatment may lead to distressing pulmonary troubles. Or it may bring on a chronic bronchial affection. Many persons now incapacitated might have avoided such disastrous results by timely care and efficient medical treatment.

Among the latter Eckman's Alternative has an enviable record. It is a line-heating preparation which is easily assimilated in most instances. Where used in connection with nourishing food and proper living, it has given widespread relief.

Its freedom from poisons or habit-forming drugs of any nature whatsoever renders it safe to try. And its content of calcium gives it tonic value.

At your druggist's.

**Eckman Laboratory, Philadelphia.**

**What Some Celebrities Say About "Damaged Goods"**

DR. BROUGHNER—"Damaged Goods" is a great warning. I believe that every trainer of children who has not been well informed ought to see this photoplay and learn its powerful lessons. We cannot be too careful in training the rising generation.

SENATOR KERN OF INDIANA—"There can be no denial of the fact that it is time to look at the serious problems presented in the play with an open mind."

REV. EARLE WIFLEY—"I am taken up our ougels in a crusade against the modern problems brought to the fore by 'Damaged Goods.' The report that these diseases are increasing is enough to make us get busy on a campaign against them."

RABBI SIMON, of the Washington Hebrew Congregation—"If I could preach from my pulpit a sermon one-tenth as powerful, as convincing, as far-reaching and as helpful as this performance of 'Damaged Goods,' I would consider that I had achieved the triumph of my life."

SURGEON GENERAL BLUE—"It has a most striking and telling lesson. For years we have been fighting these conditions in the navy. It is high time that civilians awakened to the dangers surrounding them and crusaded against them in proper manner."

JUSTICE DANIEL THREW WRIGHT—"I feel quite confident that 'Damaged Goods' will have considerable effect in educating the people of the nature of the danger that surrounds them."

The presentation of the photoplay version has brought only the most favorable comment. Indorsed by leading citizens, physicians and ministers wherever shown.
