ATHENS, Aug. 25.—(Correspondence of the Associated Press)—Sophie Tricoupi, one of the most remarkable women of modern Greece is dead. She had been termed the "Uncrowned Queen of Greece," an appellation fully warranted by the facts, for it is doubtful if even the Empress Eugenie ever exercised so much control over the destinies of France as this woman did over the fate of modern Greece.

She was the daughter of Spyridon Tricoupi, the first premier of free Greece, and the sister of Harilaos Tricoupi, who during the last quarter of the nineteenth century com-

pletely dominated Greek politics. As a child, she made the acquaintance of Lord Byron, who was a familiar friend in her father's house and it was her father who pronounced the funeral address over the coffin of the English poet. Her youth was passed in London, where her father was Greek Minister, but on the entry of her brother into the political arena, she returned to Athens and took up her place at his side. Nor did she ever leave him, remaining unmarried, she devoted her entire time to aiding him in his political work and in look-

ing after his personal comfort. A woman of striking appearance, she was the more conspicuous by the fact that she never changed the style of her clothing from the date of the death of her father in 1873. She retained even the early Victorian fashion of doing her hair and in her later years resembled nothing so much as a daguerrotype come to life. The house which she and her brother occupied was a very small one, but in spite of that, some of the most distinguished political figures in the nineteenth century passed through its drawing room. The present emperor of Russia, Edward VII, and Queen Alexandra of England, King Christian IX of Denmark were only a few of those who were the guests of this remarkable woman.

Appendicitis was the cause of her death, on July 26. Her body was interred in the vault beside that of her distinguished brother, she being clad only in a shroud. According to her wishes, there was not even a coffin, and no one was present at the funeral, save the members of her immediate family.
