VISITORS' NIGHT SUCCESS WEEKLY BAND CONCERT

Tuesday evening's concert given by the Medford band in the city park and designated "Visitors' Night" proved as expected, the biggest success of any of this season's park concerts. Hundreds of music lovers motored in from Grants Pass, Jacksonville, Ashland and other valley points, to hear the superb program rendered by Medford's popular band.

Tuesday's program was well up to the standard set during this season's concerts. Particular mention should be made of Gounod's "Faust", selection of "Irish Melodies" and the waltz "Elaine." There were also a number of popular airs that suited the tastes of many that were present.

Bandmaster Rowland is to be complimented for the manner in which the concerts have been conducted this season. One has only to visit the city park on a Tuesday evening to see and hear the results of his four months conscientious labor. Next Tuesday's concert will be "Ashland Night," when a special program is to be given in honor of our neighbor citizens, who are expected to attend by the hundreds.

PUBLIC SCHOOLS WILL OPEN SEPTEMBER 18

At a meeting of the school board Tuesday night, the opening of the Medford schools was postponed from Monday, September 4, to Monday, September 18, owing to the inability of the contractors to complete the repair work to the Washington school in time. Aside from this routine business was transacted.

In the Treatment of Tuberculosis

remember that first aid in relief is found in abundance of fresh air—day and night—freedom from over-exertion, and pure food.

Attention to these matters should do much to arrest the progress of the malady, but in many cases there is need for extra help. Where Nature has to work with a weakened body her power is limited.

Under such circumstances, try Eekman's Alternative, which has been used with large benefit by many sufferers. In numerous cases it has helped to bring about recovery. Also, it has been successful in treating asthma and bronchial troubles.

And since it contains no opiates, narcotics or habit-forming drugs, its use is not attended with danger. At your druggist's.

By Midnight Tuesday, August 15th

Up to midnight August 15, a period of 7 1/2 months, we sold and delivered more United States Automobile Tires than we sold during the entire twelve months of 1915—last year.

By August 16, we had passed, by several thousand casings, the sales total for 1915,—itself a year of steady sales increases.

And day by day these phenomenal 1916 increases are heaping up.

Besides—there were still left of this year 115 selling days—4 1/2 months.

This almost unbelievable feat of equalling, in 7 1/2 months, the sales record of last year, proves the unequalled merit and actual economy of
