GREEKS CANNOT LEAVE HOMELAND

ATHENS, Greece, Sept. 5.—Five hundred discharged Greek reservists, all of them having places of residence in the United States, were not permitted to embark today for New York, owing to the possibility of their being called out in the new mobilization of the Greek army. The men made a demonstration in front of the office of the prime minister and were dispersed by the police without any untoward incident. Steamers scheduled to sail from Greek ports for New York have postponed their departure.

BRITONS ASK STATE RAILROAD CONTROL

BIRMINGHAM, Eng., Sept. 5.—A determined stand for nationalization of the railroads of Great Britain was taken today by the trades union congress, representing nearly 2,500,000 men. The congress demanded acquisition of the railroads by the state and a voice in their control for the workers. The project for the creation of a ministry of labor also was approved by a large majority.

8,000 ATTENDANCE WELSH-WHITE BOUT

COLORADO SPRINGS, Sept. 5.—Incomplete returns from the fight show that the receipts were something more than \$30,000, which is ample to cover the expenses, and that there were about 8,000 persons in attendance. The confusion arising from the accident as the crowd was gathering has caused considerable delay in getting exact figures. Welsh will leave for California today, but White will spend some time in this city before returning to Chicago.

Police Guard El Paso Cars

EL PASO, Tex., Sept. 5.—A county grand jury empaneled following disorders in the streets here yesterday at the conclusion of a Labor day parade, today called before it a number of witnesses, including several members of the municipal police department, city authorities and labor leaders. Street car traffic today was uninterrupted by sympathizers of the striking employees, each car being guarded by police armed with shot-guns.

Sharp further gains ensued owing largely to assertions that the condition of domestic spring wheat at harvest this year averaged only 42.4, by far the lowest on record. Besides, there was said to be an urgent demand from Europe. The close was unsettled, 4 1/2c to 6 1/4c net higher, with December at \$1.52 1/2 to \$1.53 and May at \$1.53 1/2 to \$1.54.
