PHOENIX PARAGRAPHS

The Phoenix schools open Monday, September 11. High school students are requested to meet the Saturday preceding at 2 o'clock p. m. in the high school assembly room for registration. Paper, pencils, pens and ink and drawing material will be furnished to all pupils by the district.

Mr. and Mrs. Earl Dalde arrived today on the 5 o'clock train. Mrs.

Dalde, formerly Miss Aldrich of Prado, Cal., will be a very welcome addition to the young people of Phoenix.

Mrs. Brophy has been engaged to substitute in the grammar grades for the first few weeks of school.

ASHLAND AND VICINITY

Notwithstanding the president and vice-president were absent, having gone with the band junketing trip to the Ceteo carnival, the Commercial club held its routine business session on Monday evening. Three new members were admitted to full privileges on probation. Among communications Southern Pacific head officials at San Francisco condescendingly acknowledged the receipt of one from the club regarding a new depot at this terminal. Secretary Shinn submitted a model and comprehensive report, incorporating a complete financial statement up to date, which also reviewed the status of the club's activities at the close of business on July 31. Highway matters, especially the Billings hill complications, were discussed and cussed, resulting in the appointment of a new committee to further the matter, F. H. Walker, J. H. Dill and W. D. Hodgson being the latest appointees. Members of former committees who when appointed were young men in the heyday of youthful expectation, having become gray-headed and infirm in strenuous negotiation with county courts, railroad companies and private individuals, piteously begged to be released from their sufferings, and were accordingly paroled under indeterminate conditions.

Samuel B. Saunders of Chicago, brother of Stuart Saunders of this city, has been visiting relatives here, accompanied by his wife. They left for the south on Tuesday.

Mr. and Mrs. W. S. Ball leave this week for their old home at Washington Court House, Fayette county, Ohio, where they will observe their golden wedding anniversary, surrounded by a host of relatives and friends. They plan to return to Ashland next spring.

From May 10 to August 31, 2000 tourists availed themselves of the privileges of the auto camp grounds. Allowing three passengers to each car would indicate that over 650 automobiles visited the grounds. The length of stay varied from a few hours to three weeks.

The Montague Messenger of recent date announces that the quality and volume of the wheat crop raised on the big ranch of the Lamkin Bros. was the best and largest this season of the output of any property within the grain belt of Siskiyou county.

Mrs. John A. Harvey and children have returned to their home at Santa Ana, Cal., after a visit here of several weeks with relatives. Previous to her departure she attended a reunion of several graduates of the class of 1894, Ashland high school, with Mrs. J. P. Dodge as hostess. Including Mrs. Harvey the guests numbered ten, others being Mrs. Jessie Miles of Medford, Mrs. Lottie Wilkins of Dunsmuir and Mrs. Rose Galey, Mrs. Nellie Loomis, Mrs. Jessie Dodge, Mrs. Elsie Churchman, Mrs. Olive Yeo, Miss Susie Homes and Miss Genevieve Tiffany, who still reside in this city, or vicinity. The reunion feature was a most enjoyable one, being a pleasing reminder of schoolday associations in the early '90s.

Dr. W. E. Blake and family have returned from a month's vacation outing at various points in Oregon, extending as far as Portland, in which city they visited relatives, also at Corvallis and Albany. They also had the pleasure of a tour in the family car over the Columbia highway, with a side trip to the seashore at Newport.

Miss Marion Hodgson will leave for Corvallis this week to resume her studies at the Oregon Agricultural college.

The main observance here on Labor day was by the Modern Woodmen throughout the valley, who held their annual picnic in the park and took part in a log-rolling contest. The attendance was of fair proportions. The distinctive badge of the Woodmen is the finest as to material and workmanship of any of the orders which have utilized the picnic ground this season.

Thomas F. Ryan of New York, multimillionaire traction, insurance and banking magnate, went north early in the week on the Shasta limited in the private coach Oakridge. The Keno Power Co. is in the field for supplying electric current in

ARMY OF CLOWNS IN BARNUM & BAILEY CIRCUS

Although few know it and fewer believe it the clowns who will be here with the Barnum & Bailey circus for one performance at 10 o'clock Monday morning are the hardest workers with its vast army of entertainers. The American clown and the European clown will quickly tell the circus patron that the hardest job of all is to make the people laugh.

It's easy to bewilder the eye and make to deceive it as it's well recalled by the old saying that "the motion is quicker than the eye." Therefore the riders, acrobats, animal trainers and endless array of acrobatic death-defying performers have nothing easier to do than to enthrall, amaze or electrify, but to make them laugh, ay, there's the rub.

Victor Hugo once commented upon the clown's work as follows: "He could make them laugh, and, as we have said before to make people laugh is to make them forget what a benefactor to humanity is he who can bestow forgetfulness." Realizing the truth of Hugo's statement Barnum & Bailey this season have the satisfaction of offering fifty merry jesters with nothing else to do but make the people laugh. The efficiency of laugh-

ing as demonstrated by these clowns is positive proof that no American circus is complete without the pantomime mirth-provoker. Owing to the progress in all things material the circus clown no longer can depend upon song and sally. His part nowadays demands something more demonstrative, more kaleidoscopic and instantaneous in its pantomime effectiveness. The clown must work hard and work fast and in the offering of his dumb, make-believe comedy, must display originality and a keen sense of humor or his efforts avail nothing.

They plan to renew the apple-juice feature to the extent of over a dozen carloads, a specialty which has made the Talent canneries more than of local note. A special committee of the Commercial club has been meeting with the city council to thresh out the provisions of contemplated amendments to the charter. City Attorney Moore, J. W. McCoy and F. D. Wagner are presenting a formal draft of recommendations in the matter.

Klamath county as a competitor of the California-Oregon and Irving Finley and families, occupying two autos, have returned from a tour throughout five states, including Oregon, Idaho, Wyoming, Montana and Washington, visiting the leading terminals including Spokane. Added to a wealth of sightseeing they combined business with pleasure by dealing in lands in various portions of territory visited. This was the most extensive motor car trip taken by local parties this season and covered a scope of country embracing over a thousand miles from the starting point.

Mrs. Clinton Carey, a noted floriculturist of the north Talent district, is exhibiting over a score of different species of dahlias this season, some of which measure over eight inches in diameter, and are unsurpassed as to delicate tints of "plumage." They will be exhibited among amateur collections at local fairs, notably at the Jackson county exhibit at Medford.

Dr. F. H. Johnson and family have returned from a tour of the coast sections of Oregon, having been gone several weeks on a camping trip. Passing through the readjustment and elimination period, the Commercial club finds itself with a billiard and pool table to dispose of. City dealers are loaded up with this second-hand stock, consequently it remains for the organization to close them out to best advantage either to local or out-of-town pool halls.

Dave Herrin, insurance agent of Portland, has been here this week visiting his father, J. S. Herrin, who has been quite ill of late, but is improving. Odd Fellows throughout the valley held a picnic in the parks on Tuesday. Dinner was served at noon, followed by a program and conference, with a dance and social reunion at Odd Fellows hall in the evening. Rebekahs participated, adding to the attendance, which was general and the event scored a success in the annals of the triple-linked organization.

Miss Mivers and two other young ladies, originally from Pennsylvania and more recently from Talent, have moved into the McNeil residence at the corner of Oak and B streets.

Miss Bertha Eliason left for Medford, Cal., on Monday, preparatory to teaching in that district. The school is a union one and is supported by the McCloud Lumber Co. Seven teachers are employed, who hire a housekeeper and all reside under one roof, constituting a happy educational family.

Since the mineral water installa-

tion the springs commission has invested in 35,000 cups and eight vending machines. For the last five months these machines have yielded \$509 cents and nickels, the profit being about \$200 after cost of installation has been met.

Emmet Beeson, J. Patterson and E. B. Adamson have purchased the Talent canneries and will put up apples on a large scale, inasmuch as the season is too far advanced to utilize many other farm and orchard products.

Medford-Mon. Sep. 11 ONE PERFORMANCE ONLY STARTING AT 10 A. M.

Advertisement for Barnum & Bailey Circus. Features include: 'The Pageants of the Thousand and One Nights', 'The Great Hannefords and 60 Other Equestrian Stars', 'The World's Athletes in Three Rings and Stages and a Labyrinth', 'Mammoth Menagerie', and 'Teddy the Jumper, the Hero Aeronaut'. Ticket prices: 50 cents for clowns, 20 cents for others.
