THE HAMMER KNOCKS

CANDIDATE HUGHES is swinging the hammer lustily against the Adamson bill, which, by providing an eight-hour day for trainmen, averted a nation-wide strike and national calamity.

Three methods were open to President Wilson, after his personal efforts to secure a settlement had failed—the method followed by President Cleveland of permitting the strike to occur, with its widespread industrial disaster.

When Mr. Hughes was governor of New York, he vetoed the bills for two-cent passenger fares, full train crews and an income tax.

How much more would it have cost the country if Hughes had been president instead of Wilson? How much more would it have cost the orchardists of the Rogue River valley?

WHEN YOU WAKE UP. DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes any one look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furrowed tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.
