

### LIST OF TEACHERS IN PUBLIC SCHOOLS NOW COMPLETE

At no other time probably has the outlook for a good school year looked brighter. The schools are opening with many new teachers, but all are thoroughly trained for the work assigned. There are four new departments added to the course. The board concluded to do this because of the constant demand from the public. The departments are being organized and will be set in motion immediately upon the opening of the school Monday. The teaching staff is now on the ground and no effort is being spared to start the year's work without a hitch.

On account of the delay in shipment of plumbing supplies the repairs at the Washington school will not be completed in time for the opening of school Monday morning. The repairs will be completed a week later. All other buildings will be in readiness. The janitors have been working for four weeks giving each building a thorough cleaning, a general renovating from cellar to garret has been made, thus making the buildings thoroughly sanitary for the opening of school.

**Enrollment Large**  
Every indication makes it appear that the enrollment will exceed the total enrollment of last year. Parents and pupils who have recently moved to the city from outside states have been making daily inquiry relative to the work and classification.

The Opportunity room authorized by the board of education and organized last year at the Lincoln school will be under the tutelage of Elizabeth Ferguson. This department proved so satisfactory and accomplished so much in the acceleration of over-aged and exceptional students that the work will not only continue but will be strengthened along pre-vocational lines.

**Teachers' Meeting**  
Superintendent Hills has called all the teachers for a general meeting at 10 a. m. Saturday when an outline of the year's work and the necessary readjustments carefully explained.

The following is a complete list of the instructors for the coming year:

### GREEK REFUGEES FROM KAVALA ARRIVE AT ATHENS

ATHENS, Sept. 13, via London, Sept. 15 (delayed).—The Margarete, the boat in which Baron Von Schenk, head of the German propaganda in Greece, was sent to Kavala to be turned over to the Bulgarians, arrived this afternoon with 1000 refugees who were in the most pitiable condition. They had been without food since Sunday and were packed in the ship like sardines. The refugees said that a German aeroplane had dropped three bombs as the boat was leaving Kavala, which came within inches of striking the ship.

An eyewitness who described the entrance of the Bulgarians into Kavala on Monday said that three Greek regiments which had remained in the town were given until 10 o'clock Tuesday morning to surrender as prisoners of war. At the expiration of this ultimatum they gave up their arms after a slight resistance and were taken up country.

The same man said that 3000 Greek troops had been camped on Thasos island in two camps. One camp offered to join the allies and the men were shipped to Saloniki. The second contingent refused to desert the Greek army and the refugees said the French proposed to return them to Kavala.

Terrible conditions were disclosed on the island of Thasos where refugees had fled. They lacked every necessity of life and great numbers of women and children were camped out in the open without food. The refugees said that indescribable disorder reigned in Kavala, where bandits were looting the houses and all the Greeks who could were taking refuge in flight. They said only three or four Americans remained in the town, the remainder of the colony having gone to Thasos.

### AEROPLANE BOMBARD STATION IN GULF OF RIGA

LONDON, Sept. 15.—A Reuter dispatch from Petrograd says that four giant Russian aeroplanes of the Murometz type bombarded a German seaplane station on Lake Angern, in the Gulf of Riga, where 17 seaplanes of various sizes and models were dispersed. The Russians dropped 73 bombs, with result of fire and smoke, which soon concealed the seaplane sheds.

Eight German machines attacked the Russian machines, but were put to flight. Not less than eight German machines were destroyed or put out of action. The Russian aeroplanes returned safely notwithstanding they were shelled by anti-aircraft guns.

On a previous occasion, the correspondent says, one Murometz machine, with a crew of five, routed seven German seaplanes, which attacked it.

### FORMER MEDFORD GIRL BECOMES BRIDE

BERKELEY, Cal., Sept. 15.—A romance in official life at the state capital culminated in marriage Saturday when H. A. French, superintendent of the state motor vehicle department, claimed as his bride Miss Harriet Odgers, stenographer to Governor Johnson. The ceremony took place at the home of the bride's sister, Mrs. Geo. Johnson, 2208 Roosevelt avenue. Only immediate members of the families of the bride and groom witnessed the ceremony, which was quiet, on account of the illness of the bridegroom's mother, who was unable to attend.

The bride is the daughter of J. W. Odgers, a former Berkeley business man and has lived in Berkeley for a number of years, being well known here socially. French is well known about the bay, having before
