The 461 Orchard, 1st box Boac.

Maddox & Bromley, 1st 2 egg plants, irrigated.

Mrs. A. Waddell, 1st 5 rocky fords, irrigated.

COUNCIL DELAYS ACTION ON PAVING REBONDING PLAN

After a short, uneventful session the city council last night adjourned until Friday evening pending the arrival of letters from several bonding houses with whom the city recorder is in communication, regarding the sale of bonds for putting into effect the 50-50 paving plan.

Several matters were discussed unofficially. The installation of a modern fire alarm system was talked over. It was explained that such a system would reduce insurance more than \$1500 per year in the city. However, nothing was done, as the city has not at present the \$5000 to spend on such a system.

Arrangements were made for the rearrangement of lights on some of the streets poorly lighted at present. Some additional lights will be installed and those in place at present will be replaced with globes of higher candlepower.

The reduction of the insurance on the city water plant from \$3000 to \$2000 was advocated, but the suggestion received little support.

ORCHARD'S FAME REACHES TRENCHES

The Rogue River valley and its orchards is known on the other side of the world, and at least one man now fighting in the trenches in France is thinking of this valley, thinking of the home he will make here when the strife is over.

Lieutenant Edward Gneison-Jackson, R. F. A., has sent a letter to the Medford chamber of commerce asking general information on the valley, her orchards and lands, with the view, as he expresses it, of investing money here.

The individual orchards and their owners are also known to the writer, as after asking information concerning land, crops, varieties and prices he continues:

"I believe your two biggest orchards are the Hollywood orchards, owned by Mr. A. C. Allen, and the Foothills orchards, owned by Mr. Carpenter. Could you give me any information from these orchards?"

The envelope on its arrival was closed at one end with the black blazoned seal of the official censor.

Irrigated; 1st 5 ears field corn, irrigated; 1st barred Plymouth rocks; 1st trio, cock hen; 2nd hen.

M. I. Minear, 1st 3 plates Bartletts; 1st 3 plates Bose.

F. F. Smith, 1st 5 beets; 1st old buck and doe, Flemish; best buck and does rabbits in show; 2nd bushel potatoes; Brown Leghorns, 1st trio, cockrel and pullet; 2nd pullet; best female in class.

R. N. Turpin, 1st thoroughbred mare; two-year-old thoroughbred colt; game chickens, 1st trio, cockrel, pullet, cock, hen; 2nd cock, hen; best male and female in class.

O. B. Crary, 1st old drake and duck, Muscovy; 2nd young drake and duck, Muscovy; 2nd old and young duck, Muscovy; Aneonas, 1st trio, cock, hen, cockrel; 2nd hen cockrel.

Mrs. Emma McKeever, 1st 5 carrots, irrigated; 1st 5 peppers; 2nd 5 beets, irrigated; 2nd 3 pumpkins.

H. A. Porter, 1st and 2nd Jersey cow.

G. A. Morse, 1st grade Swiss cow; 1st grade Jersey calf; 1st grade Durham calf; 1st grade Guernsey calf; 2nd Guernsey bull; 2nd grade Jersey cow; 2nd grade Guernsey calf.

Walter Haertle, 1st New Zealand doe.

The Sugar Bowl, display of candies.

Fred Raugherty, 2nd bronze turkey hen.

Mrs. J. S. McKenlie, 1st thoroughbred colt under one year; 2nd three-year-old colt.

Miss Anna McKenzie, Sicilian Buttercup, 1st trio, cock, cockrel, hen, pullet; 2nd trio, hen, pullet.

William Bain, 1st 5 plates celery, irrigated.

George Gilman, 1st Casaba, 5 rocky fords; best netter canteloupe.

E. D. Briggs, 1st hybrid walnuts; soft shell almonds; 5 ears sweet corn, irrigated.

TOO PRETTY TO BE FINED, SAYS JUDGE

"You're too pretty to be fined," said Justice Luyster of Glencove, L. I., when Gail Kane, pretty movie star, was in his court for speeding. "But the next homely woman that comes before me for the same offense will have to suffer!"

"You're a dear!" Miss Kane told the judge.

IRRIGATION WELLS PROVE SUCCESS

A. R. Enysart of Jacksonville last spring drilled two wells on the Ernest Guthrie Jacksonville orchard, which secured a large flow of water for irrigating twenty acres of orchard, the driller guaranteeing a supply of twenty-eight gallons of water per minute, the test to be made in the dry season, August 15, 1916, and if the supply of water was less he was to receive no compensation. The deepest well was 141 1/2 feet deep. The test recently made in accordance with the contract developed a flow of 30 1/2 gallons per minute, or 5,184,000 gallons for the irrigating season of 120 days, or an amount sufficient to cover twenty acres to a depth of nine and a half inches. Mr. Guthrie had been pumping the wells continuously night and day for two weeks just prior to making the test, and still they tested more than the required amount.

The mode of test was as follows:

The wells being pumped to the bottom, the measurement was then taken, as the pump would then be getting only the water that was entering the well.

Mr. Guthrie has an air lift to pump these wells, which is operated by compressed air, one plant being sufficient to operate both wells, although they are 500 feet apart. This is the first plant of this nature to be installed in Jackson county.

ASK SPECIAL SESSION FOR GRAIN EMBARGO

NEW YORK, Sept. 20.—President Wilson will be asked to call a special session of congress to declare an embargo upon the exportation of wheat and federal state investigations of the increase in the price of flour will be demanded by resolutions adopted by 200 bakers of Brooklyn yesterday. It was asserted that flour would be sold at \$14 a barrel and bread at 20 cents a loaf next spring unless an embargo is imposed.

PINCHOT GRILLS TEDDY PERKINS AND STEEL TRUST

NEW YORK, Sept. 20.—Amos Pinchot, New York millionaire and philanthropist, who, with his brother, Gifford Pinchot, was one of the foremost leaders of the progressive party, in a letter addressed to Judge Samuel Seabury, declares that Wilson and Seabury are the real exponents of progressivism whom he will support in national and state campaigns.

The colonel, Perkins and the steel trust are stripped to the raw by Mr. Pinchot's wrath. He recommends Judge Seabury, candidate for governor in the New York primaries Tuesday, and declares as unequivocally for President Wilson as he declares against Whitman and Hughes. In his letter to Judge Seabury, made public today, Mr. Pinchot in part says:

"I confess that I was not particularly surprised to read Colonel Roosevelt's advice to the progressives to vote against you and for Whitman. The fact is, the colonel is merely running true to recent form. For quite a good while it has been fairly clear to most of us that Roosevelt, Perkins and the steel trust (old guard group around them) have not been interested in the things which the progressive party stood for. In fact, they have effectually thrown all liberalism and democracy overboard and are now playing pure, old-fashioned, standpat politics. They are, therefore, not in position to support you."

"Colonel Roosevelt steered the progressive ship as long as the sailing was good."

"But unlike the boy who stood on the burning deck (whence all but he had fled), he took a quick jump and left behind his progressive principles and most of the real men of the party."

CARRANZA POSTPONES ELECTION TO OCTOBER 22

MEXICO CITY, Sept. 20.—A decree by General Carranza was published today changing the date for the election of delegates to a constitutional assembly from October 15 to October 22. The assembly will convene at Queretaro on November 20 and the first formal session will be held December 1.

\$200 or \$300 MORE, AND WHAT A DIFFERENCE!

I once bought a 98-cent razor. For two weeks I shaved with it. Then I bought another one. I paid \$3.50 and I still have it. Nobody can persuade me to part with it. And I challenge anybody to convince me that a 98-cent razor is cheaper than a \$3.50 one.

No, gentlemen, the \$3.50 razor is cheaper by far. It costs more, keeps a keen edge, gives me a good shave every day and lasts a lifetime.

So with the Chalmers car. It costs a little more—perhaps \$200 or \$300 more than some other cars. And what a difference that \$300 makes!

The Chalmers keeps going day in, day out; year after year. It always looks the part. About all you need do is look after the gas, oil, water and grease cups.

And Chalmers gives five-year life. The average Chalmers owner keeps his car at least five years before he sells it second-hand or trades it in.

Quite a difference between the 3400 r. p. m. Chalmers and many other cars in that one respect.

Aside from all this—the performance of the 1917 Chalmers will make you catch your breath.

United States 'Balanced' Tires

Again and Again and Again

We might give our tires away—but if they didn't "make good," even free tires would not be put on a car a second time.

The gigantic sales increases of United States Tires plainly prove that a vast and growing army of automobile owners know how to pay less by buying the best tires.

There are five United States 'Balanced' Tires which meet every motoring condition of price and use.

Ask the nearest United States Tire Dealer for your copy of the booklet, "Judging Tires," which tells how to secure the exact tire to suit your needs.
