

SUBMARINES BUSY IN ARCTIC OCEAN

CHRISTIANIA, Norway, Oct. 2.—A German submarine has made its way into the Arctic ocean and has torpedoed three Norwegian steamships there.

The vessel torpedoed was the Sinsen, Ravn and Rolf Jarl. The crews were saved. Steamship traffic over the regular route covering the northern Norwegian towns has been stopped.

Since August the Germans have sunk Norwegian boats valued at \$9,000,000.

The Sinsen's gross tonnage was 1925 and that of the Rolf Jarl 1267. There are listed three Norwegian steamships Ravn, all of them under 1300 tons.

The purpose of the German submarine operations probably is to interfere with the transportation of war materials to Russia.

The Christian church was thronged Sunday on the occasion of the homecoming of Rev. W. L. Mellinger, who resumes the pastorate after an absence of eight years in other fields. There was a Bible school at 10 a. m., morning service at 11, and the hour from 3 to 4 p. m. was devoted to a general concert and reading of messages from absent members and friends, the day's activities closing with the evening service at 7:30. For the present the pastor's family will be at home with Mrs. Lottie Pelton on B street.

Wm. Ashbaugh, freight conductor out of Dunsmuir, stopped off his excursion last Friday, thinking the train was standing on solid ground instead of on a bridge, and plunged into space. A network of telegraph wires broke the force of his fall and he escaped serious injury. The accident happened near Elmore, this side of Kennett. He fell about 40 feet.

The Dunn ranch, formerly owned by Wilbur W. Dunn and Aimee Chipley Dunn, located west of city limits, was ordered disposed of at sheriff's sale at Jacksonville last Saturday, through foreclosure proceedings. The amount involved in two mortgages which were held by Chas. E. Chipley and John W. Morley, both of Clippewa county, Mich., was \$3300 in addition to interests and costs. The tract included about 50 acres.

H. A. Gray took over the Hotel Ashland dining room last Friday and will continue to manage it. Regardless of war complications in the far East, he has fired the Chinese cook and introduced a number of changes. Mrs. Elizabeth Barrett of the school in the Bailey Hill district, and Miss Helen Dickerson, of the Welles school, were home visitors for the week-end holidays.

Frank Hanna, Southern Pacific fireman, returned to Ashland on Saturday from a month's visit with relatives in Missouri.

Promptly on Oct. 1 the Commercial club began moving from its old quarters upstairs in the Ashland Improvement Co.'s block to a fine new room in the city hall on the ground floor which will be neatly fitted up. There will be electric heat and other conveniences. Business meetings of the club will be held in the city council chamber, a room of which will profit by the installation of some of the club's furniture and fixtures.

Miss Hazel Shaver has charge of the Wagner Springs schools, and Miss Bessie Humes is teaching in the upper Soda Springs district.

Now that apple picking is under way, fine specimens of winter varieties are on display in the business houses around town. Especially are the Winter Bonanas, mainly supplied by Geo. W. Pellett from his noted orchards in West Ashland, beauties to look at.

During the last 30 days 2313 vehicles passed to and fro through Ashland on the Pacific highway over the Siskiyou, an average of 74 per day. "Vehicles" imply wagons and automobiles, the contention being that motor-cycles should come under that classification also. The figures are official as furnished by the state engineer. This large number probably represents the tide of travel when it was at its crest.

Mrs. Carrie Paine Graver died at a local hospital last Friday, aged 45 years. She was the wife of John Gravel of Harbor, Ore., and besides husband leaves two sons. Funeral services were held at the home of F.

W. Moore, on Vista street, Sunday morning. Burial in Mountain View cemetery. Mrs. Graver was a cousin of Mrs. Moore.

Ralph Harris, recent high school graduate, has "enlisted" in the Gamma Upsilon Greek letter fraternity. There are eight distinct frat organizations at the O. A. C. and great rivalry exists among the students over securing recruits for their respective alignments, efforts at times assuming the proportions of wholesale conscription. At last accounts the Kappa Sigma regiment led in the number of new men joining the colors.

EAGLE POINT EAGLETS

By A. C. Howlett

Last Saturday the new amusement company, Mr. Howard Hall and Miss Clarice Zimmerman, gave us their first moving picture show and they had a well filled house and the general opinion seemed to be that it was as good as they have at the Star or Page in Medford. At the close of the show, those who desired, spent a while in dancing. The new amusement seemed to hit the right chord and I predict that it will prove a success with the pleasure loving people.

although the peach and apple crop was not as good as usual. After attending Sunday school and a special Bible class, introduced by Rev. Davis, we went to the hospitable home of Mr. Webb, took dinner and in the afternoon heard a fine old-fashioned gospel service by Brother Davis, spending the night with Mr. E. H. Davis and family and Monday morning he renewed his subscription to The Daily Mail Tribune. I then started for home, reaching there about 10:30 a. m., and asked my grand-daughter, Esther Shaw, if they had much of a crowd on Sunday and she said that they had two full tables and that means 22, but she did not know who many of them were and my wife was too busy to bother with gathering items for the Eaglets.

There was a stranger dropped in for dinner Monday, who represents a New York firm. His business seemed to be painting fancy signs on glass. I didn't have a talk with him, as he came in with one of our regular boarders and seemed to address all of his conversation to him.

J. H. Driscoll and Ed Walker stopped off to feed their horses and take dinner Monday on their way from Trail. They are both deputy forest rangers and report that they have had but very little trouble with forest fires this season.

Charles Humphrey and Mr. Hill, the Derby saw mill man, brought out five loads of lumber Monday from the Hill saw mill and took back a load of supplies. Mr. Humphrey has been trying to handle goats on his farm to help to clear his land of brush, but he says that the coyotes are so bad that he can hardly raise a kid, and suggests that if the county court would offer a bounty for coyote scalps large enough to justify people hunting and killing them that there would be double the amount of goats, sheep and pigs raised in the county that would be taxed, thus bringing in more than enough revenue to more than repay the amount paid out for the varmint scalps.

I see that Brandon Brothers have started the Snowy Butte Mills and are turning out flour, etc., and that will be another line of business to help build up our town if the business men and women will encourage it, by patronizing them and giving them a word of encouragement. I have not known of any one who has tried the new brand of flour, so cannot say as to its quality, but when George Daley ran the mill the flour commanded 20 cents a barrel more than any flour in the valley.

Professor W. O. Wheeler, wife, her cousin, Miss Orpha Fox of Sacramento, Cal., and Mr. William Marshall of Crescent City, who went to Crater Lake last Friday, returned Sunday evening feeling well repaid for their time and trouble in going to see the eighth wonder of the world. Professor Wheeler says that it was very cold at the lake while they were there, but the grandeur of the scenery more than balances all the rest.

Jud Edsall and our daughter, Hattie, who started for Crescent City last Saturday, with Mrs. Sears and two sons of Butte Falls returned Monday night tired and cold. They say that the road is very rough and hard to travel over with an auto.

S. F. Lamont of Berkeley, spent two days with us the first of the week.

Mrs. Duell Hildreth and Mrs. K. T. Roe of Butte Falls, were on the P. & E. Tuesday on their way home. Mrs. Hildreth had been out in the hills with her husband, who is one of the forest rangers, and was on her way to civilization again, and Mrs. Roe had been in Ashland visiting her daughter, Mrs. W. E. Buchanan.

Mrs. Alma Hunt and Mrs. Henry Sunder of Zonopole, Nev., came in with Marshal Zinopole, dinner Tuesday on their way up on the Obenchain mountain, to look at two different places that are for sale. They went as far as George Brown's in the timber and were to go on the next day on horse back. Speaking about timber, Marshal Minter has just put his Ford on the road to run between here and Medford.

Among the other callers Tuesday were John Minter, George Matthews, H. J. Eberly and George A. Codding. Matt Laughlin of Nevada, and a family by the name of Steers of Rogue River came up and visited their uncle, John and Robert Minter and the Minter children Sunday. Marshal says that they had a house full, but had a good time.

George A. Stennard and wife supper on their way to Medford. Mr. Stennard is supplying the schools in this county with school supplies.

Bert Higginbotham came out Tuesday with his team to take back a load of supplies to his home in the Florence Creek district.

J. E. Graham, who owns a farm on Reese creek, about five miles from here, was in for dinner on his way to Medford and so was George Von der Hellen, one of our hardware merchants and a friend of his whom I did not meet.

Professor C. E. Johnson, who spent some time this summer canvassing for the sale of books, has just secured them. They have been on the road since about the 5th of

July. He commenced to deliver Tuesday. Before he started to deliver, he renewed his subscription to the Daily Mail Tribune.

Mrs. Walker has been here for some time with her parents, Mr. and Mrs. J. W. Clark, proprietors of the Cozy Corner lunch room.

For the convenience of The Tribune readers we thought the new S. P. time card would be of interest as it goes into effect October 1st: 12 at 8:22 a. m.; 17, 3:50 p. m.; 15, 10:14; 14, 8:53 a. m.; 16, 6:52 p. m.

Mrs. Fernistiana went to Ashland Wednesday to transact some business matters in connection with their newly acquired orchard near that city. On her return we are informed that they will occupy the ranch the coming winter, having leased their lovely home in this city to J. W. Merritt, who will move here from Central Point.

Mr. and Mrs. E. M. McIntyre and Mrs. M. R. Rice were guests at the Pelton ranch Thursday.

Excitement prevailed when the empty dairy wagon returned to town after the morning route with nobody in the rig, but the horses in a terrible hurry until caught. Luckily no one was hurt.

Mrs. P. Lundell and son motored to Medford Thursday. Mrs. J. Cunningham of Weed, California, accompanied by her son, came up to spend a few days with relatives in this city and vicinity, and is now visiting at the home of Mrs. J. Hill.

Kerr Berg who has been ill for some time is improving nicely since receiving treatments at the Gold Hill hospital. Miss Opal Gilmore came down from her home in Myrtle Creek Thursday

A BIT OF ADVICE

First—Don't Delay... Second—Don't Experiment

If you suffer from backache, headaches or dizzy spells; if you rest poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance, do not delay. In such cases the kidneys often need help.

Doan's Kidney Pills are especially prepared for kidney trouble. They are recommended by thousands. Can Medford residents desire more convincing proof of their effectiveness than the statement of a Medford citizen who has used them and willingly testifies to their worth?

Mrs. A. W. McCutcheon, 524 N. Front st., Medford, says: "I am subject to a great deal of times to backache. It is one of those constant, dull aches in the small of my back. Often I can hardly turn over in bed, as my back feels so weak and sore. In the morning I can hardly get up. Since I have been using Doan's Kidney Pills, I am not bothered so much by my back. This medicine makes me feel better in every way."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McCutcheon had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

to return the same evening with her aunt, Mrs. M. R. Rice of Portland, who has been visiting at the home of her mother, Mrs. E. M. McIntyre of this city.

Mrs. Len Cook was in Gold Hill shopping Wednesday. W. W. Edgington, wife and mother of Sama valley came down Friday to visit at the home of John Edgington in Gold Hill and do some shopping.

R. H. Moore of Central Point spent Friday in Gold Hill attending to the flour industry, which is ever increasing.
