

### HUNTER SHOTS FRIEND FOR DEER THEN SLAYS SELF

A double tragedy occurred near Big Bar, Trinity county, on Wednesday afternoon of last week when Fred Huffman mistook Thomas Pattison for a deer, shot and killed him and later, in an agony of remorse, killed himself, says the Yreka News.

Mr. Pattison was killed about 5 o'clock in the afternoon. He had been hunting cattle which had strayed to French creek. The country became very rough, so he got off his horse, tied it and proceeded on foot to hunt his cattle. Huffman, who was hunting with his partner, Lawler, heard Pattison stepping in the brush, thought he was a deer and shot and killed him instantly. When they became aware of the terrible mistake, Lawler went for aid to the Waldorf ranch, two miles distant up a rough mountain side. When he returned with help two hours later he found two dead bodies instead of one, lying side by side. Huffman had been overcome with remorse at his tragic mistake and had killed himself.

The tragedy took place twelve miles from Big Bar, on French creek. Mr. Pattison leaves a wife and three children who are saddened and overcome by the terrible shock. He was aged 45 years and with his family was happy and comfortable on their ranch. Being taken in the prime of life and in such a manner is doubly sad.

Mr. Huffman was comparatively a newcomer, having lived in that vicinity for two or three years. His age is not known, but it is presumed he was about 45 years of age.

### M'GRAW REMAINS LEADER OF GIANTS

NEW YORK, Oct. 6.—John J. McGraw will continue to manage the New York National league baseball team next year, despite any reports to the contrary, says John B. Foster, secretary of the club.

"McGraw already has gone over the plans for next year with President Hempstead," said Mr. Foster, "and has high hopes of leading the New York club to a pennant. His contract with the New York club has another year to run, and it is not fair to him or the club to have rumors spread that he will not be with New York next year."

Despite the roasting he gave them in the game with Brooklyn Tuesday, the players of the New York club are seeking McGraw to present to him a collection of Shakespeare's works which they had purchased before his fire-up. There will be no public presentation ceremonies.

### NEW YORK SHIPS GOLD TO LONDON

NEW YORK, Oct. 6.—Between \$75,000,000 and \$100,000,000 in banking funds, bankers here estimate, has been transferred from New York to London this week, and the movement is still under way.

Call money was lent in New York yesterday at as low as 2 per cent. Bankers contend that at this figure it is almost impossible to make customary profits on call loans. For this reason they have been putting out money on call in London for some time. The high mark in time money in this market yesterday was only 3 1/2 per cent and the low was 3 per cent. Local bankers say that they can get as high as 5 1/2 per cent on time loans in Great Britain.

### FAIRBANKS SPEAKS AT EUGENE TODAY

EUGENE, Or., Oct. 6.—Charles W. Fairbanks, republican nominee for vice-president, began his northwestern campaign in Oregon today. He arrived here this morning from San Francisco and was met by State Chairman Charles L. McNary and Ralph E. Williams, republican national committee chairman.

After speaking here, Mr. Fairbanks was to proceed to Albany, and then to Salem to deliver addresses. At Salem he will be the guest at a luncheon in his honor. He will then come to Portland to deliver a night address and will depart immediately afterward for Puget Sound cities.

### TEAMS PREPARE FOR OPENING GAME OF WORLD'S SERIES

BOSTON, Oct. 6.—Activities attendant upon the opening here tomorrow of the national series between the Brooklyn, champions of the National league and the American league title holders and present world champions, multiplied today.

The Red Sox players took part in a conference with Manager Carrigan early today for the purpose of working out signals and strategy to be tested in a practice game this afternoon. Through its series here with the Boston Nationals the Brooklyn team has gained a good working knowledge of conditions at Braves' field, which Manager Robinson thought sufficient preparation for the test.

The wather man gave assurances of fine weather tomorrow.

The attendance at the first game will be the largest in the history of baseball, according to President J. J. Lannin of the Boston Americans. After working through the night again to facilitate distribution of reserved seat tickets Lannin said the interest in the series this year was greater by far than last year when a record crowd of 42,300 saw the first game played in this city.

The new system by which successful applicants were forced to fall in with a policy of "first come first served" at the ticket lines at Fenway park instead of having certain tickets held to their order was responsible for early lines today. Prospective speculators were under surveillance of police officers and plain clothes men who had orders to arrest any persons trading in tickets.

### FRENCH WAR LOAN IS GREAT SUCCESS

PARIS, Oct. 6.—Reports from Paris and the provinces show that the second great war loan promises to be an even greater success than the first. In Paris rain kept many away on the morning of the opening day, but in the afternoon there were long waiting lines outside all places where subscriptions were taken. The banks state that a large number of persons paid for their stock in gold. At one window of the Bank of France alone 300,000 francs in gold were paid over in two hours.

### A SWAT-THY-FLY SWINDLER DISCOVERED

CHICAGO, Oct. 6.—Agents of the state's attorney's office were attempting to serve warrants today on the alleged perpetrators of a \$10,000 swindle involving the alleged patent rights to an imaginary electric fly-killing screen.

The swindle, it is alleged, was affected by a man posing as James Chipman or James D. Kirkland, his wife and "Doc" Donohue, the latter a member of the band of alleged Mann net blackmailers recently arrested here and in eastern cities.

### PLAN TO ABOLISH COACHING SYSTEM AT BIG COLLEGES

NEW HAVEN, Conn., Oct. 6.—A movement to abolish the system of athletic coaching by highly paid experts took definite form here today with the publication of the report of the special committee in charge of Yale athletics.

This report, signed by Robert N. Corwin, as chairman of the committee, asserts that "unless Yale can form her own resources, graduate and undergraduate, develop her teams without such artificial stimulants so that she can reasonably compete with her rivals, it would be best to eliminate intercollegiate athletics altogether until the dawn of an era of reasonableness in such things."

The intensity of this rivalry, if unchecked, may so increase as to make inter-collegiate athletics an unprofitable scramble for the raising of huge sums of money for the payment of the

disproportionate salaries demanded by expert coaches," adds the committee. "It may be urged that Yale cannot forego such advantages unless her rivals follow her example, but present practices must, it would seem, lead to still greater lengths of extravagance and burden."

### DRAGNET CLOSES ABOUT SUSPECTS IN MURDER MYSTERY

PHILADELPHIA, Oct. 6.—Four persons are under arrest here today in this city and two in Camden, N. J., and the police dragnet closing about four others who are now under surveillance in connection with the sensational holdup and murder yesterday at Hammonton, N. J. The authorities believe that Millie De Marco, 19 years old, of this city, one of the prisoners, and an employee of A. J. Rider, president of the New Jersey Cranberry Growers' association, engineered the plot to rob the Riders of their \$8000 cash payroll.

The De Marco girl and three Italians arrested here last night were traced to the Italian colony through the license number of an automobile in which eleven men and a woman were seen near the Rider's home shortly before the murder of Henry Rider of Howell, Mich., and the shooting of his brother and two others. Rider and his daughter, Mrs. Elsie Smathers, who drove the automobile after she had been wounded, and Jas. N. Rigby, who also occupied a seat in the Rider car at the time of the attack, are in a hospital here. Physicians said they would recover.
