

BARTLETT PEARS NET GROWERS \$1.45 TO \$1.50

Weekly Letter of Fruit & Produce Association Gives Prices Realized for Pears This Season—Blue Triangle Averaged Growers \$1.61 Medford, Red Triangle 88 Cents.

The air is full of rumors these days as to what this man or that man and the other man has received for his fruit this season, especially Bartletts. The thing that interests the association most and that, we believe interests its shippers, is the price we have realized for our Bartletts, rather than the price which others may have received. All of our Bartletts have now been sold with the exception of less than a hundred boxes of the Red Triangle or fancy grade and all but a few less than car load lots have been accounted for to us. We are already advised of the prices at which these few lots have been sold and are, therefore, enabled to state what our average or pool prices will be. Our extra fancy or Blue Triangle pool will average for all sizes, \$1.61 per box, f. o. b. Medford with all selling charges deducted. Our fancy or Red Triangle pool will average 88c f. o. b. Medford with all selling charges deducted.

Possible small claims for extra loading or for under charge in freight might be presented later which could change the above figures a fraction of a cent. Approximately 80 per cent of our Bartletts consisted of extra fancy or Blue Triangle and on this basis the general average on both grades and all sizes would be between \$1.45 and \$1.50 per box, f. o. b. Medford, with all selling charges out. We sold and delivered at private sale a total of 41 cars of Bartletts or approximately 55 per cent of our total tonnage at prices ranging from \$1.25 f. o. b. Medford for the fancy or Red Triangle grade to \$2.00 f. o. b. Medford for the extra fancy or Blue Triangle grade and everyone of these deliveries has been accepted and paid for. Our best sale was of 22 cars of Blue Triangle Bartletts to the Stewart Fruit company at \$1.75 per box, f. o. b. Medford and the agreed purchase price was paid on every box of this fruit here in Medford before the cars rolled.

Fruit Auction Sales Our early auction sales were extremely good, varying from \$2.90 to \$3.33 per box delivered. Our latest auction sales were some of them very poor, for which we are more inclined to blame the demoralized condition of the market, caused principally by the threatened strike and railroad embargo on fresh fruit, than the quality of the fruit. The averages, however, are good and we feel that this year's Bartlett experience through a very trying and erratic marketing season has not only proven our ability to market our own fruit, but is one of the strongest arguments ever made in favor of pooling.

All of the above facts can easily be proven by any interested grower who cares to take the trouble to call at our office and examine the records. ROGUE RIVER FRUIT & PRODUCE ASSOCIATION, S. V. Beckwith, Manager.

FRUIT AUCTIONS WARN STEINHARDT

To the Northwestern Applegrower: The telegram published in northwest papers purporting to have been signed by Steinhardt & Kelly regarding a sale of a car of Grimes' Golden apples at a public auction in New York City on Monday, September 25th, in which they attack the auction system of selling and state that the fruit in this car was "slaughtered" is grossly false and libellous.

We publish this statement so you will know the truth, for unhappily such a telegram deceives innocent growers. One possible explanation of such a telegram is that someone is inviting a suit for libel. We give public warning that we will accommodate them in after this warning the offense is repeated.

In our judgment there is in the fruit distributing industry too great a tendency to make false and libellous statements with a view of influencing the grower. We intend that this shall stop when aimed at the fruit auction system. The fruit referred to in the Steinhardt & Kelly's telegram was dead green and immature, and would never have ripened. It had no color characteristic of the variety and should not have been shipped. More than half the car had from one hundred and sixty-three to two hundred apples in each box.

The car was sold on Monday, the best sales day of the week. There were present at the auction sales of that day fully two hundred and fifty buyers with a full representation of all classes of buyers from the fancy fruit buyers to the peddlers. The fruit was sold for the full market value and was not "slaughtered" as we are prepared to establish overwhelmingly.

Mr. Grower, remember that Steinhardt & Kelly buy for a profit. They believe that the adoption of the auction system of selling by the northwestern apple growers will interfere with their business. We believe that the auction system will result in giving to the grower at least a part of that profit. You are interested in net returns to you. False statements in the end injure you. We want the auction system judged on its merits, not on false statements.

Do not use the auction system if you are satisfied with your present system of selling, or if the auction system will not serve you better than any other present selling system. On the Chicago auction market within ten days Washington Grimes Golden apples have sold up to \$2.24 per box for extra fancy and \$1.96 for fancy, and Washington Jonathans have sold up to \$2.20 per box for extra fancy and \$1.74 per box for fancy. Give the auction system a "square deal."

Deafness Cannot Be Cured If local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed, it fills with mucus, which obstructs the hearing, and which, if not removed, causes permanent deafness. We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Harkness' Catarrh Remedy. Send for circulars. T. J. CHERRY & Co., Toledo, O. Sold by Druggists. He knows this country from Texas cowpunching to Boston "culture" with a big "C." When he abandoned his riding spurs he won his literary and oratorical spurs, and though he left the cows, he never left his punch. He gives a mental oratorical treatment to all who hear him. He has the persistence of Germany, the dash and dare of Texas, the education of Boston, the forward vision of Oregon. His message is very decidedly worth while.

For County Clerk I am asking you people of Jackson county, that you honor me, with the privilege of serving you in the capacity of clerk, for the next two years. In asking your support, I am fully aware that the granting of my request rests entirely with you, and on the 7th of this coming November you will be called to make your decision, and to set at rest the question, as to whether you are favorable to the present incumbent for the third term, or whether I shall serve you in his stead. I feel that introductory remarks are not necessary, and my views on this matter, are drawn from the fact, that I have spent thirty years of my life among you whom I am now asking to serve. There are many pledges, as well as numerous promises which I might make, but I feel that you will agree with me, that in many cases promises are made, merely for the purpose of getting votes, and are often times forgotten shortly after the polls have closed. Such being the case, I have but few promises to make, and they will be faithful kept, and guarded to the very best of my ability. If elected to the office to which I am aspiring, I promise to give my personal attention to the duties of the office, and will see that the laws are enforced in so far as they apply to the same. During the term of office I will consider myself a servant of the people of this county, and I will put forth my best efforts to give them a good business administration. I promise that all moneys coming into my hands through the legal performance of my official duties, shall be duly accounted for, and the same be turned into its proper fund.
