Every mother realizes, after giving her children "California Syrup of Figs" that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping. When cross, irritable, feverish or fretful is had, stomach is sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, and bile and undigested food passes out of the bowels, and you have a well, playful child again. When the little system is full of cold, throat sore, hay fever, cough, diarrhoea, indigestion, colic, remember, a good "fruit laxative" should always be the first treatment given. Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 5-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits and have, so don't be fooled. Get the genuine, made by "California Fig Syrup Company." (Adv.)

A NATION WIDE DRESS-UP WEEK

Dress-Up Week, Oct. 11 to 21, is not being held in Medford alone. It is nation-wide in its scope. It is being advertised and observed by stores all over the country. And you perhaps are wondering why? First of all let us dispel from your mind the thought that it is for the purpose of having you spend money that you would not otherwise spend. On the contrary, it is a concentrated effort on the part of the merchants to bring to the public's notice everywhere at one and the same time the new things that have been conceived and brought forth for the new season's wear, and incidentally to suggest that now is the best time to view them. Every man, woman and child should take pride in being dressed up this week. If you expect to buy new fall fashions buy them now and don them, but if you do not put on the "good togs" you have and help properly celebrate the week.

Pupils who wish to bring in products or cooked food that will fit in with menus, may do so and receive credit for same. The amount credited to pupils for produce is \$11.30, and of this amount \$3.20 worth of produce is on hand. This means that the lunches, so far, have more than paid for themselves.
