EAGLE POINT EAGLETS

By A. C. Howlett

Henry French and wife were doing business in our town the first of the week.

William and Andrew Grissom of Lake Creek came out the first of the week to buy two loads of corn for their use on their mountain ranches.

William Hazelton and Walter Painter, two of our town boys who have been working this summer and fall in Klamath county, came in to procure a load of apples. They shipped thirteen boxes by parcel post as far as Klamath Falls.

A. H. Peachey, who is selling Watkins' remedies, met his daughter, Miss Nell, who is teaching school in the Antelope district, at the Sunnyside on Tuesday, the 10th, on her way to attend the teachers' institute.

Miss Edith Fredenburg of Butte Falls, who is teaching in the Lake Creek district, and Miss Norma Smith were also here for dinner on their way to attend the institute at the same time.

Homer Randall of Trail and Chas. Clark spent Tuesday night with us. Mr. R. was on his way home and Mr. Clark had been looking over the scenes of his childhood days. He expects to remain here permanently, as he owns a forty-acre tract of land north of Eagle Point and expects to cultivate it.

Henry Childreth, formerly one of our blacksmiths, who has been living in eastern Oregon for the past season, but has come back to his old scenes, came out to visit his brother, W. L. Childreth, and took the Eagle Point-Persist stage for Elk creek to visit his father-in-law, Wednesday. Jess Philips and his son and daughter came out from Halsey and took the same stage and so did H. C. Mitchel and V. A. Hoffman, wife and four children. The last named, Mr. Hoffman and family, were on their way to take charge of the Elk creek hatchery in the place of Arch Cappell, who has gone to Montana to live. They all went out on the Eagle Point-Persist auto stage, making thirteen altogether. They and their baggage, with the U. S. mail, made about all that Henry Childreth could take, and then he had to put on his trail attachment. He had his trailer loaded with mail matter and baggage, and then three large men in it besides.

Fred Lay of Wellen was in Eagle Point Thursday after a load of lumber to cover one of his hay stacks, and while here gave me a check for a year's subscription to the D. M. T. He is one of the number whom I went to see at the time I was up in that neighborhood that I could not find, as he was out at work on the farm.

There is quite a quantity of land plaster stored in the P. & E. depot for John Walsh and Lee Farlow of Lake Creek.

Mr. Knight of the Ala Vista orchard is shipping his apples on the P. & E. direct to Europe, I understand. He has a fine quantity and excellent quality. This has been a remarkably dry season, but still the fruit crop here, especially on sticky soil, has been fully up to date.

Mr. Hensley, the man who bought the Frank Nichols orchard, reports that he has a fine crop of choice fruit and seems to be well pleased with his purchase.

While I have kept within them as I had them jotted down, and almost omitted to say anything about the grand Wilson rally here last Thursday night. P. J. Neff and E. E. Kelly came out according to the announcement, and met a very large number of the voters at the opera house and gave us two very interesting talks on the current issues of the day. Mr. Neff spoke first and gave a plain but logical talk on the subject of international law, showing the intricacies of law that President Wilson has had to ferret out, and how nicely and how shrewdly he has handled the different law points he had to meet, and how he had to compete with the brainiest men in the world and still come off victorious, and how he not only had foreign diplomats to battle with, but the agents of the big mining interests with all of their cunning and treachery, and still has kept us out of war and saved our national honor. He was followed by Mr. Kelly with a short address giving us the legislative side of the conflict and spoke of the different laws he has been instrumental in placing on the statute books of our nation. There was no mud-slinging or hard sayings about the opposing parties, but they gave simply two good, clean talks that we all could understand and think over between now and the 7th of November.

W. C. Daley of Lake Creek had a fertilizer distributor come out on the P. & E. last Thursday. He is one of our successful farmers and knows the advantage of using fertilizers.

Perry Foster and his daughter-in-law, Mrs. Ed Foster, were here Thursday. They came out from their home along Rogue river to transact some business with the bank here, and found the bank closed and the cashier gone, it being a holiday, so had to return without attending to the business, and will have to come back again.

Bert Higinbotham and his father, T. B. Higinbotham, of Flounce Rock precinct, motored out Thursday.

J. L. Frink, who is living on the old Nick Young place, was in town Thursday and while here renewed his subscription to the W. M. T.

William Perry, who owns and operates a wood saw, has been sawing up the winter's wood for several of the citizens here, but I understand that he has quit for a month or so, so as to do other work. He is a rustler.

D. F. Koenig of Derby, one of the owners of the new sawmill in that neighborhood, spent the night with us Thursday.

G. M. Roberts and E. W. Wilson, republican candidates for district attorney and sheriff, were here Thursday for dinner, and while here they were trying to secure votes.

Friday I took a ride in Minter's jitney to Medford, and after transacting a little business visited the Page and saw the movie play, "Civilization" played, and when I retired remarked to a man who came out with me that that play would make thousands of votes for Woodrow Wilson, for it showed up the barbarism of war and the folly of the people submitting to the dictation of the money powers.

Since my last, in addition to those whose names I have already mentioned in this article, A. C. Edler of Lake Creek has renewed his subscription to the W. M. T. by his brother, August Edler.

Mr. and Mrs. Joseph A. Lathrop of Portland are spending a few days in the city.

Prepare This for a Bad Cough—It's Fine

Cheaply and Easily Made, but Does the Work Quickly.

The finest cough syrup that money can buy—costing only about one-fifth as much as ready-made preparations—can easily be made up at home. This way it takes hold and conquers distressing coughs, throat and chest colds will really make you enthusiastic about it.

Any druggist can supply you with 2¼ ounces of Pinex (50 cents worth). Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Shake thoroughly and it is ready for use. The total cost is about 54 cents and gives you a full pint—a family supply—of a most effective, pleasant tasting remedy. It keeps perfectly.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the inflamed or swollen throat membranes, and gradually, but surely the annoying throat tickle and dreaded cough will disappear entirely. Nothing better for bronchitis, spasmodic croup, whooping cough or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, combined with gualacol and is known the world over for its prompt healing effect on the throat membranes.

Avoid disappointment by asking your druggist for "2½ ounces of Pinex" with full directions and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

WHY?

NOW TIME TO TRADE.

I have a 160-acre stock ranch; good location; 100 acres in grain, some alfalfa. This place recently sold for $12,000; no incumbrance. Will trade for good orchard, prefer pears, or would take city property. Would trade even or assume some incumbrance on orchard proposition.

J. C. BARNES

102 West Main Street.
