GREEKS PROTEST ALLIES LANDING

ATHENS, Oct. 18.—After the demonstration here against the entente allies, during which a procession of several thousand persons marched to the American legation and protested against the landing of French marines, a delegation of six persons called at the American legation and presented resolutions asking the sympathy and protection of the United States against the encroachments of the entente powers. The spokesman said in English, in presenting the resolution:

"Henry Clay's speech in regard to Greece's struggle for liberty, as well as one by Daniel Webster, said the struggle would have been made meaningless if the liberties of Greece had been subsequently lost."

The American minister, Garrett Dropser, promised to forward the petition to Washington.

WILSON LIKE LINCOLN

(Continued From Page One).

From the highest point it had reached, "Lincoln felt that the world had reached a certain point as to slavery. It is every spread in this country, he felt, the world would be going backward in its attitude toward human beings and the democratic ideal. If the small body of international law was destroyed, Wilson felt that the world would be going back in a similar manner."

"And there is another parallel, too. There was always in the north a great variety of opinion against Lincoln during the war. There were radically opposed interests united in only one thing—bitter hostility to Lincoln."

Opposition similar. "He was opposed by the radical abolitionists because he did not move fast enough in freeing the slaves, and there were the opportunists who were against him for just the opposite reason."

"At present, too, there are radically opposed interests united in only one thing—bitter hostility to Wilson."

"There are the radical socialists, who think he should have made war on Germany, and the radical Progressives, who think he was too severe with Germany."

"Larkin in his own party had men who were opposed to him. This, Gregory, while abhorring slavery, so detested the idea of men killing each other that he was for peace at any price."

"So, in our day, there are socialists who oppose Wilson because, while trying to keep the country so peace, he is preparing it against aggression. They see only their ideal. They refuse to recognize the state of the world in which we live."

"Just as petty abuse and gossip followed Lincoln, so similar abuse follows Wilson. That seems to be true in times of great national stress. People believe so partisan that they cannot believe their feelings unless they invent scandals and intrigues. In their bitterness any eye will see which to blame something as only as it is false."

"Wilson's Americanism is of the kind that Lincoln's was. All his legislation has been in the interest of the common man."

Worth knowing. Women are liable to ailments which cause constant ill-health and on which they may consult doctors without much relief. It is well worth knowing that they can get at the nearest drug-store a simple medicine made of roots and herbs, which is just what they need to recover health. That medicine is Lydia E. Pinkham's Vegetable Compound. (Adv.)

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

To-morrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headache, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

COUNCIL ACTS IN PAVING MATTER

After considering a number of plans in an effort to arrive at an agreement for the settlement of the paving question, the city council last night voted to employ Howard A. Hansen, municipal counsel of Seattle, to evolve a plan which will unblock the difficulty.

At the meeting a week ago the application of Hansen was rejected, as was the plan of Fred Glenn, representative of Kiefer Bros., a bonding house of Denver, Colo.

Members of the council believe that the retaining of Hansen will lead to a speedy settlement of all difficulties.

CHICAGO LEADS CITIES IN REGISTERED VOTERS

CHICAGO, Oct. 18.—Chicago's voting population for the November election, it was declared today, breaks all American records with the unprecedented total, men and women, of 808,728. This places New York in second place with a total high water mark of approximately 70,000 registered voters less.

In yesterday's final registration women took advantage of the franchise far beyond expectations. Their total registration for the coming election is 304,367. The total men enrollment is 504,367.

THE MEADOWS

Dave Cottrell and wife drove to the valley a couple of days this week. Dave has finished rounding up his beef.

R. J. Rowen has been away the past ten days in the mining regions near Medford and Grants Pass.

Al Lewis and Cary Edmunds are at work at the Mountain King mine.

Jetty Gibson is still in one in the Little Jean mine and is finding the grade growing better.

Thelma and Viola Wyland have gone to Astoria to attend high school. They are living at the Kincaid home there.

A high school department has been added to the Meadows school. Violet and Zella Mayfield are the first pupils to avail themselves of the opportunity.

Much surprise was expressed when it was learned that Bill Cottrell had traded his ranch in Skagit county, Washington, which he obtained from Mr. Pickett this spring for Fred Moore's ranch and equipment. Lane Wyland then buying the Moore ranch of Bill as well as taking over half of his home on the old Olson place.

Mining circles in the Meadows district have been extremely busy the past two weeks. The visitors have been engineers of great prominence.

including Mr. Young, a Boston engineer, representing the American Exploration Co. Mr. Kral of the mining department of Trask Bros., who recently purchased the Queen of Brome copper mine at Takilma, near Wadwa. F. W. Hale of Boston, who is now building an electric smelter on Hood's island, near Tacoma, Wash., as well as a power house with 125,000 horsepower output; Mr. Van Allen and Mr. Owen of Spokane, Wash.; and Dr. Willis E. Everett, the famous technologist, who is one of the best known and most respected of American metallurgists. As a result of the visit of these gentlemen, it is understood that the property of the Utah Quick-silver company, locally known as the Bertelson group, became the property of eastern investors at a price away up in five figures, and the Mountain King mine, also a valuable proposition, passed to other interests, who were forced to pay well into six figures for the 1200 acres sold them. The new owners do not vary to be known, as plans contemplate delaying serious work until the winter weather passes, the first task being to cut and saw up the timber covering the mineral veins.

Fred Moore and family are moving to the valley.

Word from Los Angeles says Miss Emma Lee has gone to Needles, Cal., for the winter season.

Ed Calloun of Phoenix, brother-in-law of W. W. Cottrell, has been visiting at Bill's home for ten days past.

Mrs. William Cottrell has had a painful experience with her face, having to go to Medford for surgical attention.

Jim Dinkens is back from his hunting trip.

WILLOW SPRINGS

Mrs. George Taylor and daughter, Hazel, Miss Helen Parker and Miss Eleanor Crowder attended the teacher's institute at Grants Pass.

Charles Law has returned to his home, after being away with the threshing crew for two weeks.

The Willow Springs Grange had its oyster supper. Among the many visitors were: Messrs. Bob Sheldon, C. M. Thomas, G. W. Ager and C. E. Roberts. Each one gave the Grange a short address. All political discussions were avoided. The program consisted of a vocal solo by George Davis; a monologue, very well rendered, by Miss N. Barnard; a piano duet by the Misses Nichols; a violin solo by Mr. Albert Farney and a piano solo by Mrs. R. Nichols.

Mrs. J. W. Hicks and Mr. M. Young and family spent Sunday with the S. M. Nealon family, in the Table Rock district.

Mr. Sam Anderson has purchased the E. L. Tou Yelle ranch consisting of 70 acres, formerly part of the McKee ranch.

Derby School Notes

The following pupils were neither absent nor tardy for the month of September: Elsie Higgins, Gertrude Thompson, Walter Allen, Robert Merritt, Alta Dunlap, Alice Humphrey, Ada Dunlap, Evelyn Swihart, Ouel Swihart, Ralph Merritt, Rachel Davis, Ruby Higginbotham, Milton Higginbotham and Robert Humphrey.

GIRLS! HAVE WAVY, THICK, GLOSSY HAIR FREE FROM DANDRUFF

Save Your Hair! Double Its Beauty in a Few Months—Try This!

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive agent robs the hair of its lustre, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fall, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scratchy or too oily, get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after, you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?—(Adv)
