

### SPEAKERS DISCUSS WILSON ISSUES AT JACKSONVILLE

No reply has been received from Congressman Hawley to the challenge to a joint debate at Medford of the Wilson policies and brewers' amendment issued by Mark Weatherford, democratic and prohibitionist nominee for congress. In case Mr. Hawley refuses, Mr. Weatherford will speak here later.

Before a crowded courtroom, P. J. Neff and E. E. Kelly discussed issues of the campaign at Jacksonville Tuesday night, holding the attention of the audience throughout. Mr. Neff dwelt upon the foreign policies of the Wilson administration and Mr. Kelly enumerated the many beneficial measures of domestic policy, including the federal reserve act and the farm loan law. W. M. Johnson acted as chairman of the meeting, music being furnished by the Jacksonville brass band.

Messrs. Neff and Kelly will speak Thursday evening at Applegate, and Saturday evening at Rogue Elk resort.

At Cooper's Hall, Sams Valley, Friday evening, there will be a joint debate between Judge E. E. Kelly and W. W. Traux of Gold Hill upon the question, "Resolved, That the Policies of Woodrow Wilson Merit His Re-election to Office." Judge Kelly taking the affirmative.

At Griffin Creek, Friday, there will be a Wilson rally at the schoolhouse, with Mr. Neff and Mrs. Scheffelin as the speakers.

At Talent city hall Saturday evening a Wilson rally will be held, with Judge Crews, Marian Towne, Mrs. Laura J. Alming, Mrs. J. F. Roche and others. Special music will be provided and the public is invited.

### HUGHES RALLY AT VALLEY VIEW

A Hughes rally was held at the Valley View schoolhouse, north of Ashland, the speakers being Ben Sheldon, W. H. Gore and Bert R. Greer. Mr. Sheldon endorsed C. M. Thomas, his legislative running mate, who was unable to be present, and reviewed the history of the republican party. He quoted statistics on the building boom in Portland and the falling off after the boom as proof that the republican party was the party of prosperity. Mr. Gore devoted himself to the democratic platform of 1912 and claimed the promises broken. Mr. Greer discussed the Mexican problem from an intervenor's standpoint. Mrs. Herbert Hanna opened the meeting with a vocal solo.

Hughes headquarters have been moved from the M. F. & H. building to the Medford National bank building.

tral bank "because the republican party has always stood for Wall street and a central bank." The wish of Wall street for a central bank would be gratified if the republicans gain control of the government, he added.

### Need Not Fear Europe.

The secretary said that if Mr. Hughes stands by his party platform he must either repeal or substitute something for the farm loan system. He argued that the Roosevelt panic of 1907, the worst in our history, is conclusive proof of republican incompetence, and added that "our virile, rich, unmaimed and highly developed people" need fear nothing from "the competition of stricken and broken Europe" after the war.

He continued that even if we are endangered that the creation of a non-partisan tariff board and the enactment of an anti-dumping and unfair competition laws by the democratic congress have already provided means to "protect every legitimate interest against harmful combinations against us."

### PRESIDENT OFF FOR THREE SPEECHES CHICAGO THURSDAY

LONG BRANCH, N. J., Oct. 18.—With election day less than three weeks off, President Wilson's program for today called for the start of his third campaign trip into the middle west.

Through three speeches in Chicago tomorrow and handshaking from his private car at more than a score of towns and cities in New York, Ohio, Illinois and Indiana, he expects to reach many thousand voters during his brief absence from Shadow Lawn. The president's departure from Long Branch was set for 11:35 o'clock this morning.

### Cheered by Railroaders.

NEW YORK, Oct. 18.—Passing through New York today on his third campaign trip into the middle west, President Wilson ran into a railroad men's demonstration at the Grand Central station and was impelled unexpectedly to make a speech, after being greeted by employees, who, in overalls and other workday attire, clung to his car platform or found gallery reservations on the iron superstructure of the train shed.

In response to the men's demands that he talk to them, the president at first said he had no speech to make, but they were insistent, and he said finally:

"I appreciate it with all my heart when you fellows come like this to see me without any conveniences. This encourages me immensely and makes me very warm about the heart."

The railroad men cheered and the train moved out with the president standing on the rear platform.

### West for Wilson.

During his half-hour stop in New York, Mr. Wilson conferred with Vance C. McCormick, democratic national chairman; Colonel E. M. House and Henry Morgenthau, chairman of the national committee's finance committee. With Mr. McCormick he discussed conditions in the west, whence the chairman has just returned. Mr. McCormick said he told the president that "the west is on fire with Wilson sentiment."

Miss Helen Woodrow Bones, the president's cousin, and Mr. and Mrs. Charles R. Crane of Chicago accompanied Mr. Wilson's party to Chicago.

### MINNESOTA FOR WILSON

(Continued From Page One).

Burnquist is the republican candidate for re-election. His popularity has been considerably impaired by his hostile attitude toward the striking miners in the steel trust's Mesabi range mines. Burnquist is freely charged with taking orders from the United Steel corporation and, while he may be re-elected, he adds nothing to the Hughes chances.

In some parts of the state Burnquist's friends are trying to aid his cause by organizing Burnquist-Wilson clubs, evidently with the hope that the governor may be pulled through at the expense of the republican presidential ticket.

Nothing remains of the progressive party organization in this state—the electors have been withdrawn, except one Scandinavian, who declines to permit his name to be taken down and who is openly for Wilson.

### BAD DREAMS ARE SYMPTOMS

Ill Health the Cause—Many Alarming Symptoms of Women's Ailments—How Cured.

Paterson, N. J.—"I thank you for the Lydia E. Pinkham remedies as they have made me feel happy and healthy. Some time ago I felt so run down, had pains in my back and side, was very irregular, tired, nervous, had such bad dreams, did not feel like eating and had short breath. I read your advertisement in the newspapers and decided to try a bottle of Lydia E. Pinkham's Vegetable Compound. It worked from the first bottle, so I took a second and a third, also a bottle of Lydia E. Pinkham's Blood Purifier, and now I am just as well as any other woman. I advise every woman, single or married, who is troubled with any of the aforesaid ailments, to try your wonderful Vegetable Compound and Blood Purifier and I am sure they will help her to get rid of her troubles."—Mrs. ELISE J. ### MOTORCYCLIST SMASHES AUTO INJURING ELLIS

Del Ellis, proprietor of the Oakdale Cash Grocery, was seriously injured at 4 o'clock yesterday afternoon when Eddie Jackson, a 16-year-old youth living near Rosy Ann, drove his motorcycle into the car belonging to and driven by Dr. E. R. Seeley, in which Ellis was riding.

Charles Strang, John Winingham and Dr. Seeley, the other occupants of the car, this morning gave their version of the accident. When the Seeley machine came over the brow of the hill on the Crater Lake road, about a mile out of Medford, the youth was seen riding his motorcycle at about twenty miles an hour toward them. He was traveling on the left-hand side of the road. Down the incline, Dr. Seeley held his car close to the embankment on the right-hand side of the road. When the motorcycle was within fifty yards of the car it wavered a moment and then turned farther to the rider's left. Dr. Seeley had turned the car from the road when the motorcycle struck. Ellis and Winingham were sitting in the back of the car on top of a load of camp equipment. Ellis' foot was hanging over the edge. The blow from the machine dislocated every bone in his foot and drove the arch bone through the skin and shoe.

Shortly after the accident another car came along and Jackson, whose leg was badly bruised, was taken to his home. Ellis was taken to Medford at once and his foot operated upon.
