ASHLAND AND VICINITY

E. V. Carter, president, and J. W. McCoy, cashier of the First National; H. F. Pohland, president, and V. O. N. Smith, cashier of the Citizens; G. G. Eubanks, cashier of the state, were among local representatives, who attended the gathering of group four of state bankers at Medford on Thursday.

In view of the destruction of the Siskiyou county high school recently at Yreka, Montague is agitating for a division of the county into two districts, in order that the other high school may be located in that town.

The report is that D. M. Lowe has been called upon to manage big agricultural and fruit exhibits in the chief centers throughout the country, one of the objective points being as far east as Montreal.

Mrs. Marie Julia Evans died on Wednesday evening. She was a widow and was 53 years of age. Her son, E. H. Evans, is a Southern Pacific employe, residing in East Ashland. The deceased was a native of the state of New York. Funeral services are pending here.

John G. Rigg of this city, painter and contractor, is candidate for county treasurer, having filed recently on the independent ticket.
There will be a gay Halloween party at the Auxiliary club rooms on Monday evening, October 23. Orchard and Farm, W. W. Watson's new publication, has made its appearance. It is a creditable paper and deals with current events in addition to agricultural and other topics. It is published at Medford in bi-monthly form of 20 pages, issued in a monthly form. Several hundred copies are circulated here.

Early in the week 18 members of the star football team of the state university at Eugene went south to have a game with the University of California, played at Berkeley.

Among recent municipal appointments to fill vacancies are those of E. J. Farlow on the park board, succeeding F. E. Watson, resigned, and Miss Rose Thomas as member of the library commission.

On Tuesday, October 24, high school boys from various California localities, passed through here north-bound on a 9000 mile transcontinental tour. The boys are agriculturally inclined and are visiting different sections of the county on a trip of investigation regarding agriculture in its broadest sense, the term implying a knowledge of soils and their cultivation, dairying and stock. By the law of averages, each one is 17 years old, and is engaged in the second year of high school work; each lives on a 42-acre ranch, and milks three cows every morning and night. The tour is being engineered under auspices of the University of California, as an object lesson in the encouragement of agriculture and the encouragement of agriculture and the encouragement of agriculture and the encouragement of agriculture.

The statue of Abraham Lincoln, which G. S. Butler will donate to the city parks as a memorial to his stepfather, Jacob Thompson, a pioneer of Jackson county, has arrived in America from Italy and is now on the transcontinental journey to Ashland. It will represent the great emancipator in heroic size, true to historic and physical ideals. The foundation for the statue is already completed.

refreshments were served before the home, wishing that they may all live to meet again under similar circumstances.
Misses Ruth Bullock, Octavia Childers and Ruby Wilcox came out Friday afternoon to spend the weekend with Miss Zanta and Miss Zelma Roberts at their home on the old Joe Rader place.

Lucius Kincaid of this city spent Friday night at the Sunnyside. Last Sunday we were favored with two addresses from Mrs. Victoria Mitchell Cross of Merlin. Mrs. Cross has been in the missionary field in Burma, for seven years, but left that work, came home and married. She is now engaged by the Baptists to lecture in behalf of that denomination in trying to build up the churches that are needing help and assist members during the next five years. She is not what we would call a forceful speaker, although she gave us two good, sensible talks.

On Sunday Mr. and Mrs. Ed Stupp and their son-in-law, daughter and granddaughter, Mr. and Mrs. W. M. Vin Scovoe and Miss Marion Van Scovoe of Medford were among the guests at the Sunnyside for dinner. Mr. George H. Wainwright of Colusa, Cal., Wm. Louisa der Hellen and family, Thomas Abbott and Miss Cecil Moore of Lake Creek were also with us Sunday.

There was a gentleman here Sunday night, who seemed to be greatly interested in agates. He was looking at some that Thomas M. Riley has and was greatly interested in the wonderful beauties just north of our town.
I see that I have another pleasant little party to mention in this week's Eaglets. Misses Zanta and Zelma Roberts entertained a number of their friends at their home near Eagle Point on Friday evening. Among those in attendance, were Messrs. John Butler, Robert Harnish, George Grigsby, Harry Lewis, James Butler, John Greb, Lawrence Lay, Roscoe Roberts, Misses Ruth Bullock, Ruby Wilcox, Francis Greb, and Octavia Childers. The evening was spent in playing games, and music and before retiring refreshments were served and finally, after wishing the host and hostess and Misses Zelma and Zanta good night they departed for their homes.

H. E. Bunnbarger of Medford took breakfast with Henry Trusty at the Sunnyside Monday morning.
Mr. W. Reta of Medford spent Saturday and Sunday nights with us. The apple picker's dance was given Saturday evening, and the manager of that department of the amusement club reports that it was a grand success. The plan was for the men to wear their overalls and the women and girls to wear their gingham aprons.
On Monday we had as a guest at the Sunnyside hotel T. M. Peelor and his son-in-law, H. D. Blanchard of the Evergreen ranch on Rogue river, above Elk creek. They report business lively and that there is some property changing hands in that section.

For Catarrhal Deafness and Head Noises

Here in America there is much suffering from catarrh and head noises. American people would do well to consider the method employed by the English to combat this insidious disease. Everyone knows how damp the English climate is and how dampness affects those suffering from catarrh. In England they treat catarrhal deafness and head noises as a constitutional disease and use an internal remedy for it that is really very effective.

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to flush Kidneys and neutralize irritating acids—Splendid for system.
Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, forcing you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.
Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.
Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with bicarbonate and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is specially fitted for kidneys and causes no harmful effects whatever.
If you have a pleasant, refreshing, water-drink, which quickly relieves bladder trouble.

EAGLE POINT EAGLETS

By A. C. Howlett
The season for evening parties has arrived, or at least, in this neighborhood, and I have the pleasure of reporting a very pleasant one at the L. Rose orchard, owned and occupied by Mr. John Greb and family. The entertainment was to honor two of the children, Miss Myrtle and Master John. There was a little departure from the usual program, as on this occasion a large bonfire was added to the rest of the activities of the evening. Those present were: Misses Estella Betz, Leada Leabo, Nellie Coy, Fay Perry, Lella Roberts, George Wilson of Medford; Master Carl Quackenbush, Vaughn Quackenbush, Harold Van Scovoe, Judge Florey, Theodore Florey, William Coy, Walter Shesler and Roscoe Roberts. The above named young folk are school mates of John and Myrtle Greb, except Miss Williams. I understand that they had one of those old-fashioned times, that none except the hale and hearty folk of Jackson county can have. Light refreshments were served before the

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.
To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach; you must bathe on the inside. His you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.
To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink four breakfasts each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.
Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphate hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.
To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, limestone phosphate and hot water, before breakfast, act on the stomach, liver, kidneys and bowels.
