Will pay for the chance to heal Catarrh
After an experience of 25 years, during which time 50 million Americans have used Kondon's Catarrhal Jelly, the manufacturer of this remedy feel so sure that it will relieve catarrh—that they offer to pay for a chance to prove its benefit to any catarrhal sufferer. They guarantee that any resident of this community can go to almost any drug store and get a complimentary trial can at the expense of the manufacturer. If the recipient has no gratuitous packages, the person may buy a 25 cent tube with the unguaranteed understanding that if that first tube does not do that person more than a dollar's worth of good, he or she can get their quarter back from either the drugist, or the Kondon Company at Minneapolis. Over 35,000 druggists know Kondon's Catarrhal Jelly is effective, harmless, clean and pleasant to apply—and they know the Kondon people will gladly live up to this offer—"quarter back if not worth a dollar." The debate here between E. E. Kelly and W. W. Truax last night was well attended and the Wilson expounder met with loud applause, but the Hughes followers were weak. If there were any they were ashamed to chirp, and we believe Kelly's opponents feel as most of them—that he had better kept still. The one fault of the debate was that it was too one-sided, as it could only be and will always be, no matter how flowery and eloquently the orator who tries to preach the virtues of a man like Hughes advocates waited patiently for some applause or a word of sanction, but none came.

If the Wilson sentiment is everywhere in the state as strong as here, there is no danger of Oregon regretting her vote, and if nationally the same, we can feel confident of a square deal for another four years.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do. For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

OH! MY BACK!

The Expression of Many a Kidney Sufferer in Medford.

A stubborn backache is cause to suspect kidney trouble. When the kidneys are inflamed and swollen, stooping brings a sharp twinge in the small of the back, that almost takes breath away. Doan's Kidney Pills Pills revive sluggish kidneys—relieve aching backs. Here's Medford proof.

A. F. Stephenson, retired painter and paper-hanger, 108 Cottage street Medford, says: "Several years ago I was down and perfectly helpless for several days with lumbago. I couldn't turn over in bed or do anything. I thought my back was broken. Sharp, shooting pains in it, like a knife attacking me, took my breath away. My kidneys acted too freely and I had to get up at night five or six times to pass the kidney secretions. I had no ambition to do anything. I couldn't eat and nothing tasted good. I tried different medicines without results until I started taking Doan's Kidney Pills. After finishing about three boxes, I was able to go to work and get around as well as ever. They fixed me up in fine shape." Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Stephenson had. Foster-Milburn Co., Props., Buffalo, N. Y.
