

BAD LANDS OF NATION MOVED TO EASTERN CITIES

NORWICH, N. Y., Oct. 26.—The "bad lands" of this country are no longer located in the new west, but have been rolled in liquor barrels to the old northeast, Ira Landrith, the prohibition vice-presidential nominee today told New York crowds when the "dry" special train again entered this state from Pennsylvania.

"The very frontiers of civilization," he said, "have been rolled in rum barrels from the wild and woolly west, now dry and law abiding to the Deadwoods and Dodge Cities, the Leadwells and Buttes, the Cripple Creeks and Dolces of Pennsylvania, Ohio, Illinois, New York, New Jersey and the land of the pilgrim fathers."

"Although we looked for it on our long western tour we saw no drunkenness in the states of the west, North Dakota, Idaho, Washington, Oregon, Arizona, Colorado and Kansas, nor in Tennessee. But in many an eastern auditorium some poor serf of King Alcohol has done his master's bidding and offered insult and maudlin protest against his own liberation."

"With the south practically dry and the west hastening to become prohibition territory, the north and east face a new menace to their boasted intellectual, moral, political and commercial supremacy, for among people of the same races sobriety spells efficiency."

GOLDEN SPECIAL AT COUNCIL BLUFFS, IOWA

COUNCIL BLUFFS, Ia., Oct. 26.—A busy program lasting from noon to 2:30 p. m. was arranged for the Hughes women campaigners in Council Bluffs today. Their special train is to stop at Atlantic en route to Des Moines, where meetings will be held tonight.

A large reception committee, including many ladies, was organized here to escort the campaign ladies in automobiles to the various meetings arranged for their stay here.

BRYAN DECLARES ROOSEVELT MAKING VOTES FOR WILSON

NEW YORK, Oct. 26.—William Jennings Bryan, who joined President Wilson in Pittsburgh on the president's way back from his trip to Chicago, predicted an overwhelming democratic victory in November. Mr. Bryan was fresh from an extended speaking tour in behalf of Wilson and Marshall along the Pacific coast and through the mountain states and was brimful of enthusiasm. He said that from his observations throughout the west he was confident that President Wilson would receive enough electoral votes to assure victory without reference to the way New York went, and that he expected the democrats to gain four, possibly six, senators in the mountain states.

Points Approved.
"Without exception, I found that the audiences I addressed strongly approved President Wilson's Mexican policy," said Mr. Bryan. "The federal reserve act is our most attractive achievement so far as the business men of the west are concerned, the farmers commend the president most heartily because of the rural credits act, while the laboring classes have been infected with Wilson enthusiasm because of his success in bringing about the adoption of the eight-hour day."

"All of these elements," continued Mr. Bryan, unite in warm approval of the foreign policies of the administration, whereby peace has been preserved with our stricken neighbor Mexico, and America has been spared the horrors of participation in the European war. It is no idle thing to say that the west is literally aflame with sentiment for Wilson because of the successful and honorable manner in which he has preserved the peace. Nor is it idle to say that the west regards peace as the paramount issue of this campaign, and intends to vote accordingly."

T. R. Active Aid.
Mr. Bryan said that he had indubitable evidence that the women of the west were even more fervid than the men in their approval of Mr. Wilson and that this knowledge was a factor in the confidence he felt concerning democratic success in November.

"Mr. Hughes may say that he is a

ELEVEN PERISH IN FIRE DESTROYING CHILDREN HOSPITAL

FARNHAM, Que., Oct. 26.—Six adults and five children at least lost their lives in a fire which destroyed St. Elizabeth hospital early today. This forenoon the rains were still blazing and it was impossible to approach them to search for from fifteen to twenty-five persons reported missing.

Farnham is about forty-four miles from Montreal. More than 350 persons were asleep in the hospital when the blaze was discovered. Unable to make their way to safety by means of the fire escapes, nearly all of them jumped from windows.

Twenty-five children who leaped from the third story were badly injured when they landed on stone pavements.

The fire is believed to have started in a defective chimney.

GENERAL CALLES ON WRECKED TRAIN

NOGALES, Ariz., Oct. 26.—A special train bearing General P. Elias Calles, retiring military governor of Sonora, returning to Mexico City from Chihuahua City was reported today wrecked last night near Bata. No one was hurt. General Calles, when at Nogales, Sonora, yesterday refused to come across the international boundary.

man of peace," said Mr. Bryan, "but the warlike implications of his speeches and of the utterances of his chief supporters are so clear that any man can grasp them."

Mr. Bryan was asked if he thought Colonel Roosevelt's speeches were "aiding the campaign."

"Yes, Colonel Roosevelt is aiding the campaign," he replied. "He has been of great assistance in arousing public support of the president's foreign policy. He has made a deep impression—against Mr. Hughes, the of the blind alley. The republicans have made all of the mistakes the democrats could have wished them to make."

CAREY OF WYOMING, FORMER GOVERNOR, OUT FOR WILSON

CHEYENNE, Wyo., Oct. 26.—Joseph M. Carey, former republican governor of Wyoming, has taken the stump for Woodrow Wilson. His speeches are being received with enthusiastic demonstrations.

"I was a member of what was the progressive party," the former governor said in his first address. "I was a member of the resolutions committee of the convention which nominated Theodore Roosevelt in 1912, and I thank God that I had a part in the proceedings of that convention."

"Two-thirds of the platform that was there adopted has been enacted into law by Woodrow Wilson."

"Now I am left without a party, but with my conscience clear, I propose to vote and work for the continuation in office of that man who has had the stamina to work for the enactment of these principles into law."

Governor Carey is a man of powerful personality and great popularity. He is actively supporting the democratic candidates for the United States senate and member of the house of representatives.

Cottolene

"The Natural Shortening"

Nut-brown, tender croquettes

When Cottolene is used you are certain of croquettes with a tender, nut-brown crust and all the inside goodness produced by perfect deep-frying.

Cottolene is not absorbed by foods fried in it, but keeps their good taste and quality intact for your enjoyment. Try our tested croquette recipe.

Cottolene is a pure food product; whether used for shortening or for frying it makes the food more nutritious and wholesome—better in every way.

Croquettes

Chop fine any kind of cooked meat or fish. If short of material, add mashed potatoes, or rice, to beef, mutton or fish; and to chicken, fish, oysters or veal, add soft bread crumbs, or rice. Moisten light meats with thick white sauce, equal amount, and dash mints with tomato, or brown sauce, made quite thick. Season with salt and pepper and onion juice if liked. When very cold, shape the mixture into balls or cylinders; roll first in sifted bread crumbs, then beaten egg diluted with one tablespoon milk, then crumbs again. Fry one minute in deep Cottolene, hot enough to brown a bit of bread while you count forty. Use a basket, and cook only four at a time. Drain on paper, and be sure that the fat is hot for each frying. Serve plain, or with sauce like that in the mixture, only thinner.
