NEWSPAPER MAN SHOOTS RIVAL

SAN FRANCISCO, Nov. 1.—Robert Wall, employe of a local evening paper, who last night shot John Black, employe of another local evening paper, collapsed today in the police court while awaiting arraignment on a charge of assault to commit murder. He fell to the floor in an epileptic fit and it was several minutes before he was revived. Wall persisted in his story, told last night following the shooting, that Black had made a move as if to draw a revolver before he, himself, fired. Black is still in the emergency hospital, where his condition is said to be critical. Police Judge T. I. Fitzpatrick fixed the bail in the case of Wall at \$5,000 bonds or \$2,500 in cash. The charge is assault to commit murder and the case will be set for trial next Monday. Black has a long police record, it is said, and has served terms in both San Quentin and Folsom prisons.
