

ROWANMORE TRIED TO ESCAPE FROM SUBMARINE

LONDON, Nov. 1.—The British steamer Rowanmore, from Baltimore to Liverpool, was sunk last week by a submarine, attempted to escape from the attacking undersea boat, but the latter continued to shell the ship, after she stopped, according to affidavits from members of the crew procured from the American consul at Liverpool. The principal details of the sinking extracted from a number of affidavits are as follows:

"On October 26 at 8:45 a. m. the steamer was 130 miles from Eastnet when shells began to burst around her. A moment later the lookout saw the submarine's helm put hard aport bringing the attacking craft directly astern. Early in the chase two shells struck the bridge.

Shells Stop Steamer. "The pursuit continued until 9:30 o'clock five or six shells in the meantime striking the steamer. The captain of the Rowanmore stopped his engines and hoisted signals that he intended to abandon the ship, but the submarine continued to shell her as the boats were being lowered and when they were in the water the occupants were drenched by spray from falling shells.

"The submarine then headed for the lifeboats, while one of its officers shouted: 'Get out of the way or we'll run you down,' but swerved when near the boats, passing them and then turned back, the commander calling out: 'I am sorry for you, but you are very foolish. You probably will all drown.'

"The captain of the Rowanmore was ordered on board the submarine, but declined to obey, although the command was three times given, until a revolver was pointed at his head. After the captain had been taken on board, the submarine fired a torpedo at the Rowanmore, which sank. The submarine then submerged and was not seen again. About three hours later the crew was picked up."

SOME GOOD ADVICE

Strengthened by Medford Experiences

Kidney disease is too dangerous to neglect. At the first sign of backache, headache, dizziness or urinary disorders, you should give the weakened kidneys prompt attention. Eat little meat, take things easier and use a reliable kidney tonic. There's no other kidney medicine so well recommended as Doan's Kidney Pills. Medford people rely on them. Here's one of the many statements from Medford people.

J. D. Samuels, 421 J street, Medford, says: "Several years ago I worked at the stone mason trade and during that time my back gave me a great deal of trouble. I had hard work getting down to do anything and I could hardly straighten up. After I had taken Doan's Kidney Pills awhile, I didn't have the lameness in my back and could get up and down as well as ever."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Samuels had. Foster-Milburn Co. Props., Buffalo, N. Y.—Adv.

The party also visited the Alameda mine, one of the principal ore workings near the noted Galilee district. On a future excursion into that territory they will seek to discover and explore the mysteries of the box canyon. All unite in saying that the magnificent foliage along the route traveled at this particular season of the year lent added charm to the outing.

H. Van Koolbergen who had been named as having furnished the government with information regarding Bopp's alleged activities, with having a bad record in Holland. The affidavit was filed in support of the petition of Bopp and his co-defendants to have the case which was set for November 15, continued.

Bopp, in his affidavit included a report on Van Koolbergen by the chief of police of Amsterdam and wanted time to obtain a certified copy of a court order which, he said, would show that Van Koolbergen had been sentenced in 1902 to three years imprisonment for extortion.

John W. Preston, United States district attorney said that the government had no intention of calling Van Koolbergen as a witness. "That he is a rascal," said Preston, "I have always contended and the consul has merely confirmed my report."

DRINK MORE WATER IF KIDNEYS BOTHER

Eat less meat and take Salts for Backache or Bladder trouble—Neutralizes acids.

Uric acid in most excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night.

When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, your suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithin, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here may tell you lots of Jad Salts to folks who believe in overworking kidney trouble while it is only scouble.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Bread Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless! It doesn't burn the skin. Nothing else stops lumbago, sciatica and lame back misery so promptly!

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it falls, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.
