An automatic oil switch has been purchased by the city electrician. The switch which works entirely automatically once the time clock is set, will be used for turning on and off the overhead street lights of the city. It is thought that the switch will soon save the cost by the saving on electricity it will bring about. Another switch will probably be bought, which will enable all Main street cluster lights to be switched on at once, instead of controlling them from 22 separate switches as at present. This switch with the installation of necessary wiring will cost \$400.

THWART PLOT TO DYNAMITE SUBWAYS IN NEW YORK CITY

NEW YORK, Nov. 3.—Plot to dynamite two stations on the Interborough Rapid Transit company's subway system were thwarted, according to the police, by the arrest today of six men, several of them strikers, charged with bringing dynamite into the city and with causing the dynamite explosion which occurred in the 110th street station on October 24.

A confession which detectives say they obtained from one of the men under arrest sets forth that the station at 50th street and Broadway was to have been blown up today and the station at city hall later.

James A. Moran, a former subway guard, and Thomas J. McGuire, a chauffeur of Caldwell, N. J., visited Keefe yesterday and purchased the explosive to have been used in today's explosion, according to the police, and Martin and James J. Herbig, a former elevated railway guard, it is alleged, purchased the dynamite in Kenil on October 29.

Moran, McGuire and Herbig are under arrest, together with George Pollok, a former elevated guard; Lawrence Kulle, a former subway guard; and Benjamin Harrison, a former elevated guard.

All of these men, except McGuire, the police say, are members of a district local of the Amalgamated Association of Street and Electric Railway Employees. Police Captain Turpin of the bomb squad said evidence had been uncovered that four to five explosions came from the moon and that other arrests would be made.

WOMAN A PHYSICAL WRECK

Tells in Following Letter How She Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Milwaukee, Wis.—"Before taking Lydia E. Pinkham's Vegetable Compound I was a physical wreck. I had been going to a doctor for several years but he did me no good. A friend told me about Lydia E. Pinkham's Vegetable Compound, so I decided to give it a fair trial, and it gave me relief from bearing down pains which had been so bad that I would have to lie down. I also used the Sanative Wash and it has done me a great deal of good, and I am not troubled with a weakness any more."—Mrs. P. L. BULL, 1299 Booth Street, Milwaukee, Wis.

The most successful remedy for woman's ills is Lydia E. Pinkham's Vegetable Compound. It has stood the test for forty years, which would be impossible if it did not have genuine merit.

For special advice, free, write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

NEW LINE-UP FOR THE COMING GAME WITH GRANTS PASS

Medford's chances in the coming football game with Grants Pass on election day are apparently going glimmering. Gentry and Corum, stars of the season for Medford, are out of the game through injuries, necessitating a reformation of the organization. Mitchell will be drawn from the line to replace Gentry in the backfield. Young will be shifted from end to the position vacated by Corum in the backfield, while Strangefellow will replace Young at end.

Reports from Grants Pass indicate that the Grants City team is forging ahead in wonderful fashion. Miller, their new coach, has at last gotten his men under hand and is putting them through a very efficient course of training.

Klamath Falls' defeat at the hands of Grants Pass indicates something of the mettle of the latter organization.

A number of the members of the team and Coach Klam will witness the University of Oregon-University.
