

CALIFORNIA FOR WILSON BY 25000 ASSERTS REAMES

United States Attorney Clarence L. Reames passed through Medford Sunday afternoon for Portland from San Francisco. Mr. Reames has been absent in San Francisco for over a month in the preparation for trial and the trial of the fraud case against Norman D. Cook, W. A. S. Nicholson, Franklin P. Bull, Sidney L. Sperry, W. B. DeGano and A. J. Reetz. Mr. Reames said:

"The trial began before Judge Doelling and a jury on October 17, and is proceeding rapidly. This is the second trial of the case; the first trial resulted in a disagreement. Approximately one hundred witnesses will be called by the government in its case in chief. The evidence is much the same as at the first trial, although the government is calling a great many more applicants than it did before and has also had the advantage of the witness Dan J. Conners, who upon the witness stand made a full and complete confession, and involved his co-defendant Norman D. Cook. The government will rest its case in about a week, and it is thought that it will require the defense about a week longer to present its side of the case."

Political Situation.
Speaking of the political situation, Mr. Reames said:

"I have been so busily engrossed in the trial of this fraud case that I have not had the time to assist in the campaign as I would like to have done. I have, however, taken a close interest in the matter, and have heard expressions of views from all sides. In my opinion there is no question but what California will be in the Wilson column by at least 25,000 majority, and I believe that this is a very conservative estimate."

"The situation in California is much the same as it is in Oregon, in that the people are thoroughly progressive and are bitterly opposed to a return to the old standpoint conditions. There is a general feeling among the people of California that the real purpose of the old war-horses in trying to bring about the defeat of the president is to once more restore to themselves the principles of inviolable government."

Split in Party.
"It is true also that the local situation in California is having a great deal to do with the result. Governor Hiram Johnson is beyond doubt the biggest man in California, and the people are with him. When he ran for the republican nomination for United States senator, not only did the regular republicans who are supporting Hughes fight him openly by declaring that he was not a republican, but they went to the extent of preventing Mr. Hughes from meeting Governor Johnson while Hughes was in California. The relationship between the different factions was so keen and pronounced that upon one occasion Governor Johnson and Judge Hughes stopped at the same hotel, but the republican managers saw to it that the two men did not meet. It is an open secret that notice was served upon Judge Hughes to the effect that if he recognized or saw Governor Johnson he could not expect the support of the regular republicans in California."

Progressives for Wilson.
"Notwithstanding this slight given to Johnson by the presidential candidate, Johnson was nominated by an overwhelming majority on the republican ticket. It is now amusing to see the regular standpat republicans trying to get the Johnson vote for Hughes, and they are overlooking no opportunity to spread the gospel that Johnson has declared for Hughes. I have heard a great many progressives in California say that they know the real conditions, and know them well, and that they are going to vote for Wilson."

Mr. Reames will leave Portland this evening on the Shasta Limited to return to San Francisco in order to be present Wednesday morning at the reconvening of court. He will stop at Medford on his return, and will cast his vote for president here.

SAN FRANCISCO, Nov. 6.—Indications were apparent today of a tremendous vote throughout California tomorrow, according to political leaders. Issues which outlined themselves most sharply on the eve of battle of ballots were, of course, Hughes or Wilson, wet or dry, and Johnson or Patton for the United States senate. Headquarters of the prohibition forces predicted a landslide for amendment No. 2, restricting the sale of liquor in public drinking places and retail stores, and a winning vote of 200,000 for complete prohibition, according to a statement given out today.

STEAMER LANAO SUNK BY U-BOAT OFF SPANISH COAST

LONDON, Nov. 6.—Lloyd's announces that the steamship Lanao, described by the shipping agency as an American vessel, was sunk on October 28 by a submarine. (The Lanao recently was transferred from American to Norwegian registry). Thirty men from the Lanao were landed at Barry by the Norwegian steamer Tromp.

Until her transfer to a Norwegian owner, the Lanao was owned by Findlay, Miller & Co. of Manila. She was a small vessel of 692 tons gross, 190 feet long and 36 feet beam. She was built in 1912 at Bowling, Scotland.

The last report on the movement of the Lanao was her arrival at Suez on October 9 on a voyage from Saigon, French Cochinchina, whence she departed in August for Hong Kong.

The Norwegian steamer Tromp arrived in Barry roads Saturday.

German submarines have been active for some weeks off the Spanish coast, where the steamship Lanao apparently was sunk. One submarine commander was credited with the statement that he had received orders to sink all vessels bound for England. Spanish vessels, it is said, later were exempted on undertaking to carry nothing but fruit.

WILSON FAVORS CIVIL SERVICE FOR POST MASTERS

NEW YORK, Nov. 6.—President Wilson declared himself as favoring legislation providing for the appointment of postmasters of all classes through competitive civil service examination, in a letter to the National Civil Service Reform League, which was made public today. Last week Charles E. Hughes, republican nominee for president, endorsed such legislation. The president's letter follows:

"I wish to state that the postmaster general in his annual report for the fiscal year ended June 30, 1914, recommended to congress the enactment of legislation which would permit of the extension of the classified civil service so as to include the position of postmaster at offices of the third class. The following year he not only renewed this recommendation for the legislation mentioned, but will ask that it be extended to offices of the first class as well.

"I am thoroughly in accord with the recommendations of the postmaster general and they have my hearty approval. You understand, however, that the classification of the position does not classify the incumbent, and the person holding the position at the time it is classified will be subject to the same competitive test as others who apply. When these positions are classified the postmaster general will be able to fill many of them by promotion from the clerical grades, also by the promotion of postmasters who have demonstrated their ability from a smaller office to one of greater importance."

VILLA CAPTURES DOCTOR TO DRESS WOUNDED LEG

EL PASO, Nov. 6.—The Associated Press correspondent at Chihuahua City, who reached the border last night, was informed before leaving Chihuahua City that Dr. Emmerichson Brotons Whitt, the physician living in Guaymas, Chihuahua, who had been made a prisoner by Villa and forced to treat the bandit leader's wounded leg, was in Guaymas Saturday in charge of Villa's temporary field hospital. Dr. Brotons Whitt is a Mexican citizen, not a British subject.

Dr. Whitt was reported recently by refugees from Chihuahua City to have been killed by bandits.

Enilio Brown of Santa Rosalia, Chihuahua, who was reported to have been killed when Villa bandits took that town, was reported to be safe also in Santa Rosalia Sunday, according to reliable reports brought to Chihuahua City from that town. It was reported to the German consulate in Juarez today that a German subject had been killed in Santa Rosalia at the same time that Dr. Fisher was killed, but this was not confirmed.

GRANTS PASS TO PLAY MEDFORD ON ELECTION DAY

As a school holiday has been declared for tomorrow in both Medford and Grants Pass, a large attendance is expected at the Medford-Grants Pass football game tomorrow. Grants Pass has promised a crowd of 200 rooters, while a heavy turnout is expected from Medford.

For the purpose of working up enthusiasm for the game, a rally was held at the high school this morning. A number of new yells and songs were practiced under the direction of cheer king Williamson.

Two of Medford's men will be out of the game, Gentry and Collins. Cozum, who was expected to be out of the game for a week or more will probably be in the backfield tomorrow. The loss of Gentry and Collins will be filled by shifting Mitchell and Fields from the line to the backfield.

The coming game is expected to be much closer than was the Medford-Klamath Falls game, as Grants Pass defeated Klamath Falls.

The game will be called at 2:45 at the Jackson field. Admission will be 25 cents by ticket or 35 cents at the gate.

KINGDOM OF POLAND RESTORED

(Continued From page One.)

letter sent by Emperor Francis Joseph to the Austrian Premier Ernest Von Koerber regarding the Polish manifesto, is given by the Vienna Zeitung as follows:

"In accordance with my agreement with his majesty, the German emperor, a national state with an hereditary monarchy and a constitutional government will be formed of the Polish districts conquered by our brave armies from Russian domination. On this occasion are remembered with deep emotion the many evidences of devotion and faith during my reign on the part of the land of Galicia and likewise of the great and heavy sacrifices which the land, while exposed to violent hostile attack had to make for the victorious defense of the eastern frontiers of my realm, sacrifices which give Galicia everlasting title to my warmest paternal care."

"It is therefore my will, at the moment when the new state comes into existence, to grant in connection with this evolution, the right to the land of Galicia, to settle affairs autonomously so far as is consistent with the welfare of that land; and thus to offer to the population of Galicia a guarantee of national and economic development."

"In notifying you of my purpose in this connection, I request you to elaborate projects suitable for its legal realization and to place them before me."

FARGO, N. D., Nov. 6.—With both party leaders making the last efforts to assure wavering voters for their candidates, the republicans today claim this state by 20,000 for Hughes, but the peculiar political angles which have entered into the campaign, according to the democratic leaders, will give their candidate a fighting chance. The democrats claim John Burke, treasurer of the United States, will be elected United States senator over Joster J. McCumber by a majority of at least 7000 votes and that there is some doubt on the outcome of the presidential vote.

SOUTHERN PACIFIC TRAIN WRECKED AT ROSEBURG TUNNEL

Southbound Southern Pacific Train No. 13 was wrecked Sunday morning at tunnel No. 5, a short distance south of Roseburg when the engine rammed into a twenty ton boulder which bounded down the hillside from above the tunnel and stopped directly on the track. The boulder was driven about 150 feet into the tunnel before the train was stopped. The only one injured was the colored cook on the diner who was scalded.

The engineer saw the boulder coming down the hillside but as he was making up time, and traveling about 35 miles an hour he was unable to stop in time to avert the collision. The front of the engine was completely demolished but fortunately no steam pipes were broken so that the engineer and fireman escaped injury from steam. The engine was also derailed. The mail car following was completely wrecked.

Attached to the train was a car bearing a number of Medford people back from Eugene, where they saw the University of Oregon-University of Washington football game Saturday. Among them were Otto Klum, Olen Arnspiger, Carl Tengwald, Miss Kileen French and Prof. Irving Vining of Ashland.

The passengers were delayed from 6 a. m., when the accident occurred, until 1 p. m. Passengers and mail were transferred to another train which met them at the south mouth of the tunnel. Passengers walked over the hill.

The wreckage will not be altogether cleared up until late today.

HEAT FLASHES, DIZZY, NERVOUS

Mrs. Wynn Tells How Lydia E. Pinkham's Vegetable Compound Helped Her During Change of Life.

Richmond, Va. — "After taking seven bottles of Lydia E. Pinkham's Vegetable Compound I feel like a new woman. I always had a headache during the change of life and was also troubled with other bad feelings common at that time—dizzy spells, nervous feelings and heat flashes. Now I am in better health than I ever was and recommend your remedies to all my friends."—Mrs. LENA WYNN, 2812 E. O Street, Richmond, Va.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Such warning symptoms are a sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness.

For these abnormal conditions do not fail to take Lydia E. Pinkham's Vegetable Compound.

Home Coming

Mrs. Ed. Hanley

Mrs. Bert Anderson

Big Closing Republican Rally Natatorium, Monday, Nov. 6

8:00 P. M.

Mrs. Ed. Hanley will speak
Mrs. Bert Anderson will sing
Col. R. C. Washburn makes opening speech and presides

LET'S BRING DOWN THE DOLLARS THAT ARE FLYING AWAY FROM US

Is there any way to stop this flight? How many communities are making an effort to check this stampede of money that flies out of their home town? What is our community doing? What would all this money mean to you and me, if it were spent with our own business men? The picture is no dream or fancy. The artist has simply brought home to us the hard facts. Let us face them as they are. The group of men with rifles provides the right action for us. Let us organize to stop this flight. Let each one of us remember this: That home values increase in proportion as we spend our money at home. That home values disappear with every dollar sent away.
