

PRICES FOR APPLES IN EASTERN CITIES SOLD AT AUCTION

NEW YORK, Oct. 28 (Special correspondence).—There were 393,280 bushels of fruit sold at auction this week in New York.

Fifty-nine thousand barrels of Almeria grapes were disposed of at an average of about \$4.25 per barrel. This means the growers realized more than 10 cents gross per pound for their shipments.

Northwestern apples at auction have varied greatly in quality this week, most of the fruit being off quality. A bulk of small sizes is one of the causes of low averages.

One thousand seven hundred and ninety-five boxes Washington Jonathans of good to fair quality averaged \$1.51; 1800 boxes Washington Jonathans of fair to poor quality averaged \$1.51; 1125 boxes Washington Jonathans of good to fair quality averaged \$1.09; 580 boxes Washington Delicious, bulk small size, averaged \$1.70; 1235 boxes Washington Jonathans, fair to poor quality, averaged \$1.58; 590 boxes Idaho Jonathans, fair to poor quality, averaged \$1.52; 460 boxes Idaho Jonathans, fair to poor quality, averaged \$1.62; 100 boxes Idaho Winesaps, fair to poor quality, averaged \$1.59; 70 boxes Idaho Grimes Golden, poor quality, averaged \$1.26; 455 boxes Idaho Jonathans, fair to poor quality, averaged \$1.53; 70 boxes Idaho Delicious, fair quality, averaged \$1.62; 65 boxes Idaho Winesaps, fair to poor quality, averaged \$1.58; 665 boxes Oregon Spitzenburgs, under grade, averaged \$1.08; 260 boxes Oregon Spitz, fair quality, averaged \$1.73.

Illustrating the contention that I made when I had the pleasure of talking to the apple growers of the northwest that it is an impossibility for one man's judgment to arrive at market values is shown by a sale of New York State King apples in barrels this week at auction. The shipper, who is one of the best of the apple growers, a college bred man and possessing more than the average amount of intelligence, sent his King apples down to be sold with the limit of \$4.50 as the lowest price he was willing to take. The apples sold at \$5.10 per barrel.

FACTIONAL FIGHT RAGES IN DELAWARE

WILMINGTON, Del., Nov. 7.—Chief interest in today's election in Delaware centered in the factional fight in the republican ranks. United States Senator Henry A. Du Pont and Congressman Thomas W. Miller, the regular republican nominees for re-election, were opposed by former Congressman Hiram R. Burton for Senator Edward G. Bradford for congressman as independent republicans. The democratic candidates for these offices respectively were Josiah Wolcott and Alfred S. Polk.

HEAVY VOTE CAST IN THE DAKOTAS

FARGO, N. D., Nov. 7.—With weather conditions ideal, predictions were that 100,000 ballots would be cast in North Dakota today, or 8000 more than the previous high mark. Both republican and democratic headquarters here reiterated confidence of victory in the presidential contest.

SIOUX FALLS, S. D., Nov. 7.—Reports from over the state are that rain is threatening. It was estimated at 10 a. m. that at least 40 per cent of South Dakota's vote had been cast.

FIVE IDENTIFIED AS HAVING PARTICIPATED IN EVERETT RIOT

SEATTLE, Wash., Nov. 7.—Five of the 286 men held by the Seattle police have been positively identified by Everett deputy sheriffs and citizens as having fired from the deck of the steamer Verona into the posse of Everett citizens gathered on the dock there Sunday, killing two and wounding eighteen. All of the men thus identified were wounded by bullets fired by the posse and patients in the city hospital.

The men identified as having participated in the pistol battle are Ed Roth, said by the Seattle police to be a leader among the industrial workers here; Albert Scribner, a marine engineer; John Barry, Robert Mulholland, eighteen years old, and John McCarthy. The bodies of Huzo Gerlot and Felix Baron, two of the five industrial workers killed were identified as those of the men who participated in the shooting.

Partial identification of several men held in jail here also have been made, but their names were not announced, pending corroboration.

According to O. T. Webb, prosecuting attorney of Snohomish county, the men identified as having used firearms against the citizens' committee probably will be taken to Everett to stand trial for murder.

NOTED BILLIARD STARS WILL PLAY IN MEDFORD

The greatest attraction that has come to the city of Medford in the shape of billiards will be at Sid Brown's billiard parlor when Ora Morningstar and Koji Yamada hook up in a match game of balk-line next Wednesday evening. These two are the best in the world and Medford is one of the few towns of its size on the Pacific coast that has attracted these players enough to have them stop.

Ora Morningstar is the ex-champion of the world but that he is not the present champion is merely accidental as he is only awaiting the opportunity to tangle with Hoppe to regain the honor. He, at the present time is playing the best billiards of his long career and every day at the billiard table shows an advance. He says that he is getting better all the time and is more than confident that when he and Hoppe meet that he will have no particular difficulty in getting away with the match.

Yamada is in a class by himself as a masse player. This difficult shot has received a great deal of time at his hands and he has developed it to a point that no other player in the world has attained. The circles and curls that he gets out of the balls makes the onlooker dizzy. Also he is some balk-lineer. His grand average on this trip so far is around the thirty-five mark. In Sacramento he went to sixty and run the game out with a run of 162. In Redding Morningstar run out a game with a run of 208. To do this, and on a strange table, is great billiards. This is a game that all of the students of the game should see. The game of billiards is admittedly the greatest indoor game in the world but it is so difficult and so technical that few develop to greatness. No one could learn it alone. The only way that skill can be obtained is to see some who really play and closely observe. Then copy and a start is made. The game will be called at 8:15 o'clock.

BORDER CONDITIONS AFFECT ARIZONA BALLOT

PHOENIX, Ariz., Nov. 7.—Issues growing out of border conditions were expected to be an important factor in the voting of Arizona citizens today. Fair weather prevailed.

Attention R. A. M. Regular convocation of Crater Lake Chapter No. 32 R. A. M., Tuesday evening, Nov. 7th. All Royal Arch Masons invited to be present. By order of H. P. A. N. HILDEBRAND, Secretary.

WU TING FANG CHINA'S MINISTER FOREIGN AFFAIRS

PEKING, Nov. 7.—Wu Ting Fang has been appointed minister of foreign affairs. His appointment was approved today by the virtually unanimous vote of parliament.

Wu Ting Fang was Chinese minister at Washington for several years. Two previous selections of Premier Wu Tsan Chi-Jui for the foreign portfolio were rejected by parliament because of the monarchial leanings of the men designated.

Under the guidance of Wu Ting Fang, the Chinese foreign office will be conducted by a man who has perhaps a greater degree of familiarity with American affairs than any other Chinese statesman. During his two terms of service at Washington he gained a national reputation for his picturesque personality and his wit. He was regarded at Washington as an exceptionally capable diplomat and a friend of the United States. During the Boxer uprising of 1900 he succeeded in getting through a message to the American minister, Mr. Conger, who, with his colleagues, was in the compound in Peking and whose fate was a matter of concern to the state department. His sympathies were manifestly with the United States during the troubles and this led to his recall. In 1907 he was again appointed minister at Washington and was recalled in 1909.

CLEARING WEATHER IN THE NORTHWEST

SEATTLE, Wash., Nov. 7.—The barometer is high and the sky clearing. A record-breaking vote is expected. A bitter fight is being made for and against the initiative bill permitting manufacture and sale of beer by breweries.

PORTLAND, Ore., Nov. 7.—Rain was threatening when the polls opened in Portland today. Nevertheless, indications were that the vote would be one of the heaviest the city has cast in several years.

HELENA, Mont., Nov. 7.—Weather is clear and cool, and a full vote is expected here. Interest in the election is intense and voting began promptly at eight o'clock.

EARLY HEAVY VOTE IN ST. LOUIS TODAY

ST. LOUIS, Nov. 7.—An extremely heavy vote was cast in the early hours of voting in Missouri today. It was estimated that 40,000 votes were cast in St. Louis in the first two hours. One hundred and fifty negroes were arrested here for alleged attempts to vote illegally. The polls in Missouri close at 7 p. m.

HEAVY VOTE CAST IN IOWA COUNTIES

DES MOINES, Ia., Nov. 7.—Reports from various counties in Iowa indicate a heavy vote today, despite threatening weather. A heavier vote than ever before was cast in Des Moines up to noon. Two election judges were arrested in Des Moines as a result of the bitter fight over the state ticket.

PERFECT WEATHER PREVAILS IN MICHIGAN

DETROIT, Mich., Nov. 7.—The weather conditions were perfect this forenoon for a heavy vote in Detroit. The contest for statewide prohibition and the opposing amendment providing for home rule and a bitter battle for mayor attracted much more local interest than did the presidential fight.

UGH! ACID STOMACH, SOURNESS, HEARTBURN, GAS OR INDIGESTION

The Moment "Pape's Diapiesin" "Reaches the Stomach All Distress Goes. Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapiesin digests everything leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow but not sure. "Pape's Diapiesin" is quick, positive and puts your stomach in a healthy condition so the misery won't come back. You feel different as soon as "Pape's Diapiesin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructation of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapiesin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.—Adv.
