EM-TEES

The other day Chris Dietz and 'we were meanin' over a layout of hanson-pfeffer an' a couple of Irishmen at the next table were buzzing about re-decorating their cafe, as follows: "Jake, we'll put a big electric sign up so customers can see it away up the road and we'll put a nice brass railing around the window to keep the customers from falling through."

The trouble with most of us is that we speak twice before we think once. On the other hand a lot of head work goes on in a nail factory. Golf may be a high brow game, but we'll bet a golfer can't go a round without one better when it comes to sweating.

DOUGLAS GOES FOR HUGHES BY 300

ROSEBURG, Ore., Nov. 10.—Complete returns received from 44 of the 57 voting precincts in Douglas county indicate that Charles E. Hughes carried the county by 300 votes over President Wilson. In Roseburg, which polled more than a quarter of the entire vote of the county, Mr. Hughes led by 63 votes. The state and district results, as far as counted, follow:

Representative in congress—Hanley 2124; Weatherford 2191. Justice supreme court—Bright 579; Burnett 5025; Moore 2579; Oliver 1610. Food Commissioner—McKinnon 559; Mickle 2189. Public service commissioner—Baehnel 2712; Van Demar 1488. Circuit Judge—Boehman 1764; Cole 3776; Hamilton 3476; Potter 2516; Skiphorn 3089. Senator—B. L. Eddy 3225; Edwards 2027. Charles Brain and Roy Griggs were elected representatives from Douglas county by heavy majorities. William Gore for joint representative from Douglas and Jackson counties, carried Douglas county by 200 votes over J. K. Howard. County officers elected follow: W. E. St. John, commissioner; George Quinn, sheriff; Edward Leno, clerk; Guy Gordon, assessor; James Sawyers, treasurer; Milton Germond, surveyor; O. C. Brown, county school superintendent; Charles Wade, coroner.

WESTERLUND TO BUILD EXTRA APARTMENT

J. A. Westerlund announced yesterday that he had signed a contract for the remodeling of his building next to the Holland hotel into an apartment house. The improvement will cost approximately \$4000. Small apartments will be built consisting of bedroom, bath and kitchenette, and Mr. Westerlund believes this will answer a decided demand in the city and valley. The apartments will be built above the present Mail Tribune building, the old rooms of the University club being remodelled. The apartments will be connected in connection with the Holland hotel, allowing tenants to cook their own meals. Most of the rooms have already been engaged and will be ready for occupancy about Christmas time.

WILSON'S RE-ELECTION

THE re-election of President Wilson is the triumph of progressivism in American politics, of democracy and humanity over plutocracy, and Americanism over hyphenism and organized political corruption. It is a real victory for the unorganized common people, and a stinging rebuke to predatory privilege.

Had the president been repudiated by the people it would have restored the rule of the money power, the high tariff and a militaristic-imperialistic policy in foreign affairs and dollar diplomacy for the commercial exploitation of weaker people.

The defeat of the reactionary east was brought about by the progressives of the west and Pacific coast and the democrats of the south—a new coalition, out of Wall street's reckoning. For the first time the scepter of power has passed to the far west, where the corruption of professional political bosses is unknown.

Heretofore, New York, Indiana and Illinois, with their rotten political parasites for sale to the highest bidder, have decided presidential elections. Henceforth they are no longer the supreme power. Their betrayal of President Wilson caused no surprise, but the final result has been a great shock to Wall street—which cynically set out to buy the election. The government for the next four years will be for the benefit of the people instead of property.

President Wilson has proved the pen not only mightier than the sword—but mightier than the hammer.

STOCKS GAIN ON WILSON'S ELECTION IN WALL STREET

NEW YORK, Nov. 10.—An unmitigated turn away from political influences was manifested by today's stock market. Wall street evidently accepted the national election as a settled fact and proceeded with the bullish enthusiasm of recent days. There were some nominal declines at the opening but these were more than counterbalanced by the strength of various specialties, some of which rose to unprecedented prices. Chief among these were Central Leather which advanced 3 1/2 points to 122 1/2, making a gain of 25 points this far this week, International Paper, which rose over five points to 74, Lackawanna Steel, two points to 97, and American Writing Paper, preferred four points to 59 1/4. Gains of two to four points occurred in other leading issues, including Cuba cane sugar and some of the better known equipments.

Coppers and the metal group in general were strong with gains of a point or more. United States Steel was taken in lots of 1,000 to 5,000 shares at a one-point advance and other favorites were higher on average gains of a point.

RECOUNT THREATENED IN NEW JERSEY

NEW BRUNSWICK, N. J., Nov. 10.—Because the case for members of the house of representatives has been close in the third congressional district, it is said there will be a recount. On the face of the returns, Robert Carson, republican, has beaten the present congressman, Thomas J. Smith, by 80 votes—Carson 22,214; Smith 22,137.

DRY MEASURE IS VICTORIOUS IN JACKSON

The final count on the amendments in Jackson county reverses the former situation on a number of the amendments. The dry law which fell behind when the first returns were received, was carried strong when the later returns came in, having a majority of nearly 2000 votes.

The Pendleton amendment which led until the final count was also defeated, in this county by heavy returns by 82 votes. Tax limitation swung back and fourth and finally won out by a majority of over a thousand votes. Single tax and the Brewster amendment divided honors for the worst footing, both being knocked under the first by three to one and the second two to one.

The final result on the amendments in Jackson county are:

Table with 3 columns: Item, Yes, No. Single item veto 4891 1465. Ship tax exemption 2536 2290. Negro amendment 2159 3295. Single tax 1467 4976. Pendleton normal 2180 3262. Anti-vaccination 3988 3191. Sunday closing repeal 3958 2465. Brewster amendment 1840 4928. Prohibition 4457 2669. Rural credits 3152 2508. Tax limitation 3379 2260.

GRANTS PASS TO ENTERTAIN VALLEY BEET SUGAR DAY

Medford and the entire Rogue River valley, also the Umpqua valley, will be given an opportunity to see the process of making refined sugar out of beets tomorrow. A special train has been engaged to carry passengers from the California line on the south to Grants Pass at a half fare rate. The train will leave Ashland at 7 a. m. and stop at all points along the route to Grants Pass, arriving at the sugar factory at about 9:30.

From the north a fare and one-third is given to be used on regular trains whose schedule is already timely for this trip from the Umpqua and points this side. From the train the visitors will be shown through the factory by guides who will lead their parties to the beet to the refined sugar and explain the multiplicity of machinery.

All those who have or will raise beets will be given free transportation and their dinner and all visitors will be given a hearty welcome and all the entertainment possible.

The committees in charge are busy with the preparations. Large banners for the train are being planned, window cards will be posted in all the towns with the train schedule and other information.

It is designed that this occasion will be the celebration of the introduction of the sugar industry in southern Oregon and an exponent of a home industry with a home market for a home grown product that can be made a sure crop and source of income.

To teach the lessons of thrift and prosperous existence is requiring much patience on the part of the agriculturalists and factory managers. Another object of the celebration is to pave the way for a greater acreage, a larger product for a longer campaign, so that more money can come into the valley and greater development result.

AUCTION SALES! SHOW INCREASE IN NEW YORK

NEW YORK, Nov. 4 (correspondence).—The sales at auction in New York this week have shown an increase in total quantities with very high prices for almost every commodity. Ahooria grapes sold as high as \$8.02 per barrel, but have arrived in rather poor condition, so that the average will not be much more than \$4 per barrel, or 10 cents per pound. Porto Rico oranges are making a record in prices at auction and paying growers and speculators 100 per cent profit on their purchases. Florida grape fruit is now making record prices, too, as high as \$6.63 per box being realized.

New York state pears sold at auction have made a record of prices ever realized so far as the writer knows in producing results of \$8.00 for barrels of Bess and \$7.10 for barrels of Suckles.

Western boxed apples have increased in offerings at the auction this week, the total being 11,825 boxes. The average of the cars does not show up as favorably as would otherwise be the case on account of the large quantities of small-sized apples in each car. By looking at the extreme prices obtained it will be easy to see what are lots with a good percentage of large fruit would average. The Spitzenberg apples from Oregon and Washington particularly have run to small sizes, which explains the low averages. The general condition of all the other varieties has been good.

There was a total of 105,808 packages sold at auction this week. E. L. GOODSSELL.

WILSON LOSES JOSEPHINE BY 38

GRANTS PASS, Ore., Nov. 10.—Hughes nosed out Wilson in Josephine county today by 38 votes, according to complete but unofficial returns from 25 precincts. The vote

YOU'RE BILIOUS! LET "CASCARETS" LIVE LIVER AND BOWELS

Don't Stay Headachy, Constipated, Sick, With Bad Breath and Stomach Sour.

Get a 10-cent box now. You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have a bad cold.

Are you keeping your bowels clean with Cascarets or merely forcing a passage every few days with salts, cathartic pills or castor oil?

Cascarets work while you sleep; cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet, liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never arise or sicken.—Adv.

was 1668 to 1630. Hanley received 42 votes and Benson 271.

Hawley, for representative in congress, received his usual heavy vote here, polling 1879 to 1146 for Weatherford. Richards got 285. All other republican nominees for state offices received majorities slightly less than that given Hawley.

Josephine will have a divided delegation in the state legislature. Senator Smith, republican having been re-elected over A. C. Hough, and Charles T. Sweny, democrat, representative, over A. E. Voorhies. Two democrats were elected to county office, W. T. Miller having defeated E. E. Blanchard for district attorney, and Mrs. Alice Bacon, the only woman candidate having defeated Lincoln Savage for school superintendent. The other county officers elected were: George T. Lewis, sheriff; Eugene Ceburn, clerk; George S. Calhoun, treasurer; Eeluis Pollock, assessor; H. C. Hall, surveyor; S. Loughbridge, coroner, and G. M. Savage, commissioner. Heavy majorities were recorded against both the single tax and the brewers' amendment.

GIRLS! HAVE A MASS OF BEAUTIFUL HAIR, SOFT, GLOSSY, WAVY

25-Cent Bottle Destroys Dandruff and Doubles Beauty of Your Hair.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy, and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.—Adv.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 20 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark; glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.
