NO. 200

WILSON GIVEN LARGEST VOTE NATION HISTORY

Popular Majority Is 403,312—Received 8,563,713 Votes, Nearly Million More Than Both Taft and Roosevelt Got in 1912—Sure of 276 in Electoral College.

CONCORD, N. H., Nov. 11.—Certified returns for New Hampshire complete give for presidential electors: Hughes, 43,724; Wilson, 43,787. Wilson's plurality, 63.

NEW YORK, November 11.—With Republican National Chairman Willcox still awaiting the official count in close states before conceding the defeat of Charles E. Hughes in the national election, the latest returns today give the president New Hampshire by 63 votes, and probably New Mexico. In Minnesota Mr. Hughes' lead has been cut to 230, with 28 precincts to hear from. The president's plurality over Mr. Hughes in the total popular vote, according to the latest estimate, based upon the incomplete returns, is 403,312. His total vote was 8,563,713, and that of Mr. Hughes 8,160,401.

With New Mexico and New Hampshire assured, the president's vote in the electoral college will be 276. Should he also carry Minnesota, it will be 288.

Largest Vote Cast.
WASHINGTON, Nov. 11.—Secretary Tamm today sent the following telegram to President Wilson at Williamstown, Mass.:

"More complete returns show that you have received the largest vote ever cast for a candidate for the presidency. You have received nearly a million more votes than were cast for both Taft and Roosevelt in 1912. Your gain over 1912 is three times as much as was ever gained by a president running for re-election."

In Minnesota.
ST. PAUL, Minn., Nov. 11.—With twenty-eight precincts to be heard from in addition to the results of the vote of the soldiers on the border, Mr. Hughes' lead has been cut down to 230. The vote stands in 2020 precincts out of 3048, Wilson 178,114, Hughes 178,353.

The special commission sent to gather the 2138 soldier votes on the border returned to St. Paul today. The various county boards will meet Tuesday and count the ballots.

In New Mexico.
SANTA FE, N. M., Nov. 11.—President Wilson led Charles E. Hughes in the unofficial New Mexico returns early today by 1184 votes, with 29 of the 638 precincts missing. These precincts were small and widely scattered.

Late returns on congressmen gave Walton, dem., a lead of 1776 in 542 precincts. For senator, A. A. Jones, dem., had a lead of 3693, with sixty precincts missing.

In the gubernatorial race, DeBaan, dem., led Barsum, rep., by 1050 votes with 118 precincts not reported.

POINDEXTER WINS STATE BY 54,000

SEATTLE, Nov. 11.—The striking feature of the Washington election result was the enormous majority of Miles Poindexter, republican candidate for senator, over George Turner, democrat. With 222 precincts missing, Poindexter leads by more than 54,000. Wilson's plurality continues nearly 14,000, and that of Governor Lister, democrat, over McElrath republican, more than 11,000.

Returns from all the districts indicate the following division in the next legislature:
Senate: Republicans, 38; Democrats, 4.
House: Republicans, 84; Democrats, 12.

CALIFORNIA IDOL PLAYS REACTIONARIES FOR LOSING ELECTION

JOHNSON SAYS HUGHES DEFEAT DUE TO CROCKER

California Governor Says Standpat Politicians Made It Appear That Hughes Was a Reactionary and Out of Sympathy With Progressive Measures.

SAN FRANCISCO, Nov. 11.—Governor Hiram W. Johnson, successful candidate for the United States senatorship on the republican and progressive tickets, issued a statement today, charging that "a few petty politicians acting in conjunction with certain newspapers, so misused Mr. Hughes and his visit to California, that the injury they did us was unable to undo."

To this the statement attributes the Wilson plurality in the state.

Crocker is Blamed.
William H. Crocker, republican national committeeman, and Francis V. Keesling, former chairman of the republican state central committee, are named as having "made it appear that Mr. Hughes was entirely reactionary, and that he was neither in accord with nor sympathetic with California's progress and achievements."

Referring to his own large majority compared with Hughes' failure to carry the state, the governor in his statement noted "the fact that the state of Washington elects Senator Poindexter by an overwhelming majority and decisively goes for Wilson; that Kansas overwhelmingly elected Capper, republican, governor and defeats Mr. Hughes by a large majority; that Minnesota elects a republican governor and Kellogg, republican, United States senator and presents a vote similar to ours on the presidency."

Congressmen Win.
"In our own state in the congressional district, which went heaviest for Wilson, Congressman Curry, republican, won by five to one, being unopposed, and in San Francisco, where Wilson received his largest majority, Kahn, republican, for congress, wins five to one."

"They not only affronted progressives and ignored progressive leaders, the statement said, "but in San Francisco, with equal stupidity, they ignored San Francisco's greatest vote getter, and most popular mayor, James Rolph, Jr., and in Los Angeles treated in like fashion the newly appointed lieutenant governor, the most popular man there, William D. Stephens, both of whom were registered republicans.

A greater wrong, the statement said "was ignoring a state and its

FORMER VILLISTAS LOSE THEIR WEAPONS

EL PASO, Tex., Nov. 11.—Because Carranza officials feared they might be disloyal, scores of former Villa soldiers, who have been serving as customs guards in Juarez since the Villa garrison joined the Carranza army, were ordered to the Juarez customs house today and disarmed by the military.

COMPLEXION OF NEXT CONGRESS STILL IN DOUBT

On Face of Incomplete Returns, Republicans Have 216, Democrats 213, Other Parties 6—Official Counts May Change These Figures—Close Contests Reported.

NEW YORK, Nov. 11.—The probable complexion of the sixty-fifth congress was further complicated today by late returns from one close district and a reclassification of the politics of three members of the California delegation. The count in the one doubtful district, that in New Mexico, is not yet complete, but the election of Walton, democrat, is probable, according to latest returns.

A reversal of the North Carolina district, where complete returns indicate the election of Congressman J. Britt, republican, by a plurality of thirteen votes, broke the tie which existed on the face of the returns for congress up to last night.

Reclassify Delegation.
A reclassification of the politics of three members of the elected California delegation, John J. Nolan in the fifth district, Evers A. Hayes in the eighth and Charles H. Randall in the ninth, in accordance with their political design in congressional record, also apparently was favorable to the republican side.

The names of the three members appeared on the republican and democratic tickets, and Randall in addition was also on the progressive ticket. The congressional record, however, classes Nolan as a progressive, Hayes as a republican and Randall as a prohibitionist.

G. O. P. Plurality.
As a result of these changes, the republicans from present indications have a small plurality in the house, latest figures giving them 216 members, the democrats 213 and other parties 6.

There are a number of close districts where, on the face of complete returns, members are apparently elected by small pluralities. The third New Jersey district, where Robert Carson, republican, is apparently elected by eleven votes over Thomas J. Scully, democrat, and present member of congress, is a case in point. The official count next week may change some of these close districts.

DEUTSCHLAND READY TO DEPART

NEW LONDON, Conn., Nov. 11.—The German under-sea merchant-ship Deutschland, ready to proceed to sea for its return voyage to Germany, was still tied up at the state pier, under shelter of the steamer Wilhelm this forenoon. There were no signs of an immediate departure.

Captain Koehnig has the choice of three courses to reach the Atlantic ocean. One would be through the race at Long Island Sound and either of two which would pass his craft into waters near Martha's Vineyard.

WILSON'S VICTORY DUE TO PROGRESSIVES

LONDON, Nov. 11.—The Manchester Guardian attributes President Wilson's success to the rallying of a sufficient number of the progressive votes which Roosevelt gained in 1912. "It seems a small thing," the newspaper continued, "but yet it may indicate a new epoch in American political life. The progressive movement arose entirely independently of foreign politics. Many progressive votes given to Wilson are given with the mental reservation that they will not go again to a democratic candidate unless Wilson confirms the faith of the progressives by consolidating what is still only tentative."

SHACKLETON ON RESCUE MISSION

Sir Ernest Shackleton, famous explorer, snatched in San Francisco on his way to New Zealand, where he will organize an expedition to rescue ten of his men marooned on Ross Island, in the Antarctic. After this duty he intends to present himself and his ship Endurance for service in the British navy. His rank is that of lieutenant.

PURSUIT OF VILLA IS UNDER WAY BY CARRANZIST ARMY

CHIHUAHUA CITY, Mex., Nov. 11.—The division under General Margin, it is officially announced here, has begun to advance northward from Escalon in two columns. One column is said to be proceeding up the line of the Mexican Central railway, while the other, consisting of 3000 cavalrymen, is paralleling the track on a hunt for bandits.

Military authorities here state that Villa is near the Durango border, so that this movement will cut him off in the north, or in the event of his escape northward, place him between the forces of Margin and the cavalry that General Trevino would dispatch from Chihuahua.

The temporary fortifications encircling Chihuahua City, nine miles in circumference, are being enlarged and strengthened. They were visited today by an Associated Press correspondent, who found a double row of barbed wire entanglements outside of the infantry trenches, while within, three strong earthwork redoubts were being finished. These redoubts hold 300 men each and are provided with artillery. Santa Rosa, the hill dominating the approach to the city, is fortified and armed with seven large caliber guns.

General Gonzales Cuellar, a champion of General Trevino at the Chihuahua military academy and in charge of the fortifications, commands 3000 men, mostly veterans of the siege of El Paso, which held out 72 days against a force double its size, led by Villa, whom the veterans in talking to the correspondent, said they would like to meet again.

General Trevino states that he has plenty of ammunition for present uses, including shells for the artillery which is commanded by Colonel Sanchez. His cavalry force of 3000 men is equipped with machine guns and is held here ready to take the field at the first warning. There is also a machine gun to each infantry battalion of 300 men.

MEXICAN FORCES RECAPTURE PARRAL

EMBLE PASS, Tex., Nov. 11.—De facto government troops under General Margin have recaptured Parral and Santa Rosalia, according to a report from the border today. This report said that a message signed "Margin," stating these towns were recaptured, was received last night.

SLIGHT CHANCES OF SPLIT VOTE IN CALIFORNIA

SAN FRANCISCO, Nov. 11.—Analysis by democratic leaders today of the popular presidential vote in San Francisco failed to give much encouragement to the claim of the republican state central committee that a split electoral vote would result from scratching of democratic electors.

In this city the key democratic elector, Mrs. Tyler, received 77,830 votes, only 411 behind Francis J. Heney, high with 78,241. If the same ratio were maintained throughout the state, it is said, Mrs. Tyler would be approximately 2400 votes behind the head of her ticket. The present democratic plurality, however, is 3728, leaving the republicans approximately 800 short of even one elector.

Eighteen precincts still were missing early today from the state total of 5870, with the possibility that the unofficial state count would not be complete before the official canvass by the various county boards of supervisors begins Monday.

Advises from Sacramento are to the effect that at least eleven state legislators will lose salaried positions with the state because of the adoption of the constitutional amendment prohibiting members of either house from drawing other salary from the state.

Unofficial returns show both anti-prohibition amendments decisively beaten, although managers of the dry campaign refuse to concede this as yet.

PROHIBITION LOSES OUT IN CALIFORNIA

SAN FRANCISCO, Nov. 11.—C. M. Gandler, state superintendent of the dry campaign federation, conceded the defeat of amendment No. 2 and amendment No. 1.

In connection with the concession of defeat the federation headquarters here announced that plans would be formulated immediately to put the prohibition amendments on the ballot in California two years hence.

WILSON VIEWS ELECTION RESULT AS VINDICATION

President Not Concerned With Refusal of Republican Campaign Managers to Concede His Election, But Is Worrying Over Complexion of Next House of Representatives.

WILLIAMSTOWN, Mass., Nov. 11.—President Wilson is not concerned over the refusal of the republican campaign managers to concede his re-election. The chief thing worrying him is the political complexion of the next house of representatives, because of its effect on his plans for legislation. He has not yet received final information on this point.

The president is understood to take the result of the election as a vindication of his past course and as approval of the general outlines of policy in domestic and foreign affairs set forth by him in his speeches as a candidate for re-election.

After his return to Washington tomorrow he will catch up immediately on official business and in the near future will begin the preparation of his December message to congress. Nothing has been given out as to whether he will remain constantly in Washington until congress convenes.

The president took a short walk this morning. He was invited to witness a football game this afternoon between the Massachusetts agricultural college and Williams. On his return trip tonight he will be given a reception at Albany, N. Y. Democrats there have organized a parade in his honor and he may speak briefly from the observation platform of his private car.

President Wilson ignored politics today to remain quietly with members of his family here. Several hundred telegrams congratulating him on his re-election arrived during the morning.

The president plans to leave here this afternoon by train for Rhinecliff, N. Y., where he will board the naval yacht Mayflower for a trip down the Hudson to New York City. He is due to arrive in Washington Sunday night.

WILCOX AWAITS OFFICIAL COUNT

NEW YORK, Nov. 11.—William R. Wilcox, national chairman, was again on duty at the republican committee's headquarters today, but said he had nothing to add to his statement yesterday in which he announced that the re-election of President Wilson would not be conceded until after the official count in California, and perhaps other close states.

Later, Chairman Wilcox gave out this statement: "The national committee is simply in the same position as state officials who are waiting for the result of the official count and whose duty it is to verify what electors have been chosen."

NEARLY BILLION IN WAR EXPORTS

NEW YORK, Nov. 11.—Exports of war supplies for the nine months ending September 30 amounted to \$997,970,000, or more than 25 per cent of the country's total export trade for the period, according to figures established here today by the Journal of Commerce. The value of explosives sent to belligerents was more than half a billion dollars, and automobiles, horses and mules, metal working machinery and wire ranked next in that order.

According to a table published covering war supply exports, the movement began in January, 1915, their value for the twenty-one months was \$1,017,815,000, or about 22 per cent of the country's total exports. More war supplies were sent abroad during the first nine months of this year than throughout 1915.

MACKENSEN'S FORCES RETREAT FROM DOBRUDJA

Russians Report Claims Teutons Are Forced Back, Evacuating Railroad Towns—British Storm and Capture Mile and a Half of Trenches on the Somme—Severe Fighting.

LONDON, Nov. 11.—The issue in the Rumanian province of Dobrudja, where Russo-Rumanian forces are apparently attempting to gain possession of the Constantza-Tebrnavoda railroad line, seems to hang in the balance.

Russo-Rumanian troops are advancing from the north upon Field Marshal Von Mackensen's left flank at Tebrnavoda and other outposts. Forces are close to the town along the route of the 12-mile-long bridge and viaduct which spans the Danube and carry the railroad across the extensive marshlands west of the main stream.

Mackensen, Retreating.
Sofia reports under Friday's date that Bulgarian artillery compelled Teutons troops which had advanced to the west bank of the Danube to "retire toward Dunarsky." Petrograd, on the other hand, yesterday announced the occupation of this town by the Russians, locating it two miles west of Tebrnavoda, which is taken to mean that the Russians were approximately at the end of that portion of the bridge which spans the main stream.

Unofficial advice from Bucharest today reported Von Mackensen's retreat in Dobrudja toward the Tebrnavoda-Constantza railroad line continuing with fires observed in the direction of these two termini of the road in Dobrudja, this being held to indicate the possibility that their evacuation is imminent.

Fighting on the Somme front in Northern France with the return of more favorable weather conditions have apparently been resumed on an increasingly important scale.

British Take Lane.
London announces the storming last night by British troops on the eastern portion of the Regina trench on the northern portion of the front along a line more than half a mile in length. The French have been active south of the river where Berlin semi-officially admits they have scored some successes, which are characterized, however, as insignificant.

In the same region northeast of Cambrai, Paris reports an attack by the Germans last night in the Denicourt sector, which is declared to have been repulsed by the French with heavy German losses.

Berlin reports that Russian forces yesterday tried in vain by the use of strong new forces to recapture the positions stormed by us the previous day at Skopowa, near Baranovich. All the attacks broke down under heavy losses, says today's German official statement.

German troops penetrated the main Russian positions southwest of Poy-Rusalewie, the statement adds, and repulsed five counter attacks launched at night.

GOETHALS RETIRES FROM U. S. ARMY

WASHINGTON, Nov. 11.—Major General Geo. W. Goethals, governor of the Panama canal zone, will pass into the retired list of the army on his application dating from November 15 next. Army orders today show President Wilson has approved his application for retirement after forty years of service.

The order of retirement affects only General Goethals' military status and does not operate to relieve him from duty as governor of the canal zone, but is preliminary to his retirement. He probably will be succeeded by Lieutenant Colonel Chester Harding, engineer corps, now acting governor.

General Goethals has been selected by President Wilson as chairman of the eight-hour commission, which will review the effect of the Adamson law. It has been understood that General Goethals desires to free himself from canal duties and rest before taking up this new task.
