LONDON, Nov. 15.—The diplomatic representatives of Russia wires Rouben's Petrograd correspondent, have been instructed to hand to the governments to which they are accredited the following protest against the Austro-German proclamation establishing the Polish kingdom: "In defiance of the laws of nations the German and Austro-Hungarian military authorities at Warsaw and Lublin have proclaimed the Russian provinces of Poland henceforth to form a separate state. "The imperial Russian government protests against this act as a fresh violation of an international convention solemnly sworn to by Austria-Hungary and Germany and declares it null and void. It reaffirms that the provinces of the Kingdom of Poland have not ceased to form an integral part of the Russian empire and that their inhabitants will be bound by the oaths of fidelity, which they took to the emperor, my august master."

CLEANSE THE BLOOD BEFORE WINTER

Free Yourself from the Menace of Bad Health When the Cold and Wet Sets in. Sufferers From Catarrh, Rheumatism, and Eczema are Worse in Winter. Take S. S. S. Now.

Advice of this character has been given by our trained specialists year after year as summer began to wane and the coming of fall heralded the time when storms and cold are near. We repeat this warning here. Sufferers from catarrh will undoubtedly find the symptoms much aggravated as winter approaches. With the first chill blasts the rheumatism lets itself be felt. There are forms of winter eczema—one in particular—called tetter that causes real suffering when cold weather comes. The mere aches and minor pains of rheumatism not only change in winter, but the eczemas are apt to be so decided in their violence as to cause the most intense suffering. Horrible itching pains in the limbs, in the back, in the joints, even rheumatic pains in the head and face sometimes supposed to be neuralgia. Catarrh is back again, more intense than last winter with the continual hawking and spitting, headaches, dripping of phlegm in the nose and throat, the stopped air passages and the foetid odor from the breath. Is it not a common-sense thing to do to avoid these troubles,

today. Many technical reports on railroad problems were submitted.

GOLD HILL NUGGETS

Glady's Pelton spent Friday and Saturday at her ranch home, five miles north of Gold Hill, returning to her school duties in Medford Sunday afternoon. Harry Tibbitts was called to Portland Friday on S. P. business, and rumor has it he may be returned to the charge of the Gold Hill station again. Mrs. Laura Hammersley came up from the Pass Saturday afternoon to be at the bedside of Grandma Hammersley, who was stricken with paralysis early Saturday morning. As this is a second stroke and more severe than the first, the relatives are much alarmed. Mr. and Mrs. F. W. Sears and son Wallace took advantage of the sugar beet special and spent Saturday in Grants Pass inspecting the plant, the pride of that city. Marshall J. M. Hutson and family now occupy the Jim Davis house at the corner of Fifth avenue and Fifth street. Quarterly conference will be held next Friday when the district superintendent will be present and has announced also that he will preach on Sunday morning. In the absence of a pastor, these announcements are as usual in a desert. Ed Weston and wife spent Sunday at the home of Mr. and Mrs. D. H. Miller in this city. Borthell LaForty of Ashland returned home Sunday afternoon after spending a couple of days with his grandparents, Mr. and Mrs. Barnes. Mr. and Mrs. Floyd Eddings went to Grants Pass Saturday evening. Ned Potter spent Saturday in Gold Hill, having brought a load down from the Mountain King mine in the Meadows district. Elam Gall of upper Sams Valley was in Gold Hill Friday with a load of apples. Rev. John Lewtas, a war correspondent, returned recently from the seat of activities, addressed interested audiences both morning and evening at the M. E. church. His description of the Holy Land and the customs of the people was indeed very instructive and inspiring to both old and young. David Brown of Kane's creek district was in Gold Hill Monday with more of his ranch products, and if his lima beans or corn-fed hogs can be beat, we will need no show. Mrs. Lucy Mee, accompanied by her son, Gerald, spent Saturday in Grants Pass inspecting the sugar beet plant in that city, and also shopping and visiting friends. Henri Schumann-Heink left Friday evening for a visit with his mother. J. W. Herron returned Monday morning from a business trip to Portland and was accompanied by his son, William. Mrs. George Lance and Miss Emma Gansyaw of Fouts Creek were shopping and visiting friends in Gold Hill Monday. J. R. Palmer spent Saturday in Grants Pass on business matters. McIntyre Saturday noon. Fred Gny of Sardinia creek was transacting business in Gold Hill recently. G. D. Cronemiller attended the Elks ball at Medford Monday evening, returning Tuesday evening. John Lister of Rock Point was in

Shriners of Hillah Temple are making elaborate preparations for their ceremonial session to be held in the armory, this city, Saturday, Nov. 18. Business session, 5:30 p. m.; ceremonial, 8 p. m.; traditional banquet, 11 p. m. Novices must report at the armory not later than 7:30 p. m., and among the number at this date are Dr. J. J. Emmens of Medford; E. C. Simmons, Eugene; Geo. E. Lundberg, O. S. Blanchard and Samuel H. Baker of Grants Pass; W. B. Frasier, Ashland. Committees respectively on program, refreshment, stunts, reception and music are attending to every detail. C. W. Niles is patron; W. E. Newcombe, chief rabban; Hal McNair, recorder. Among out of town representatives on the official dewan are Geo. T. Collins, assistant rabban, and H. C. Garnett, second ceremonial master, both of Medford, and W. C. Leever, Central Point, captain of the guard. Captain Cornelius commands the calphs of the Arab patrol. A tip to the novices is gratuitous in the admonition, "Don't try to run the show; you are the performers." Entertainment for the ladies will not be overlooked, inasmuch as Masonic hall has been reserved in order to stage a suffragette ceremonial for their especial benefit. The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

Heals Skin Diseases

It is unnecessary for you to suffer with eczema, blotches, ringworms, rashes and similar skin troubles. A little cream obtained at any drug store for 25c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching, burning, and smarting, and soothes the skin and heals quickly and effectively most skin diseases. Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress. The E. W. Ross Co., Cleveland, O.

the superintendent quoted results last summer which yielded students collectively several thousands of dollars, credited to Ashland high school activities outside of the class room, the labor extending over a wide range of industries. Opportunities are what is needed, in which event those to whom requests for labor are made will delegate either a boy or girl best fitted for the particular task. As 15 to be expected, not all fill the bill, but the percentage of success runs high and other than a first choice is available. The Pacific Telephone & Telegraph Co's new directory has made its appearance this week. Subscribers credited to the local exchange number nearly 1000. By decision of the United States Geographic board, Grant's Pass should hereafter be spelled Grants Pass, by simply leaving out the apostrophe in the word "Grant's," a distinction without much difference. The local Masonic lodge has invested in a halopticon, to be used in exemplification of the work. The apparatus is constructed along the lines of an improved stereopticon and is from the firm of Bausch & Lomb, Rochester, N. Y., makers of astronomical and optical instruments. On Saturday of this week will occur the high school football game between the local and Medford teams on Ashland grounds. This is expected to be a battle royal between great rivals. The Southern Pacific ticket and passenger department has presented the Commercial club with two large and elegant mounted pictures, one of the Butler-Peroxo fountain in Lithia Park, and the other of Mount Ashland, the view being different from that on the average stereotyped postcard. Funeral services of the late Mrs. Mary J. Smith, who died last Friday, were held on Monday at the Christian church, conducted by Rev. W. L. Mellinger. Interment in Ashland cemetery. The deceased was nearly 43 years of age and a widow. A trainload of pontoons from Puget sound points, bound for Brownsville, Texas, was in local yards early in the week in charge of a government officer. Ashland Butte Lodge No. 1225, Loyal Order of Moose, supplemented its regular meeting on Monday evening by inviting the families of its members to participate in a social gathering after routine business was over. Year and Martin Real have sold their property consisting of home and five lots at the intersection of Pennsylvania and Euclid avenues and Harrison street, to Mrs. Ella Hopwood and son James. J.
