

NO CHANGE BY OFFICIAL COUNT IN CALIFORNIA

SAN FRANCISCO, Nov. 17.—San Diego and Sacramento counties had completed their official recounts today when the official canvass of the California vote in the recent presidential election was resumed. Although the returns from these two populous counties had been tabulated, no material changes from the results of the unofficial tallies were encountered.

The official canvass in San Diego county gave Hughes a gain of 84 votes, making his plurality over President Wilson in that county 163. In Sacramento county President Wilson gained 56 votes, while in San Bernardino county a recheck of the announced official recount figures resulted in a loss of nine of the 12 votes it was declared Wilson had gained.

The count is being continued in San Francisco and Los Angeles counties. It is not believed that the recount can be completed throughout the state before the middle of next week. The recounts are being watched closely by representatives of both the republican and democratic state organizations.

President Gaining.

SAN FRANCISCO, Nov. 17.—Not gains of 479 over his figures in the unofficial count were shown for President Wilson in complete official presidential returns from 51 out of the 58 counties in California. These figures tend to confirm the statement that Wilson's minimum plurality over Hughes when all official returns are in will be between 3700 and 3800 unless a vital error is discovered during the next few days in one of the large counties.

In the 51 counties whose returns have so far been compiled Hughes has a total of 169,947 and Wilson 179,154. The same counties, on the official count, gave Hughes 168,865 and Wilson 178,493.

Net Plurality 3820.

In the seven counties yet to complete their official count the total unofficial count gave Hughes a plurality of 6287. Deducting this from Wilson's official lead in 51 counties already reported, would indicate a net plurality for the president of 3820.

As the count progresses it is evident that no material change will be made in the official returns, except possibly to increase Wilson's plurality slightly. In San Francisco county election commissioners today argued whether to throw one whole precinct out because of a slight error. With half the returns here counted Hughes has gained 48 votes. In Los Angeles county Hughes has gained about 200 votes in the official count.

PARIS, Nov. 17.—Fifty-four aerial engagements were fought by French aviators yesterday in the Amiens area. In the course of this fighting Lieutenant Guynemer, one of the combatants, brought down his twenty-first hostile machine, the war office announced today.

SCRAMBLE FOR PENITENTIARY JOB

SALEM, Ore., Nov. 17.—Strenuous efforts are being made by the friends of Jack Cullison of Portland to secure his appointment as warden of the state prison to succeed John W. Minto, who resigned Tuesday. Cullison's following includes largely the same Portland people who backed Minto for the office. Insurance Commissioner Wells and George Putnam, secretary of the governor, are understood to have lined up Governor Withycombe for Cullison. State Treasurer Kay and Secretary of State O'bett said today that they had not decided in favor of any candidate.

NATIONALIZATION OF ALL INDUSTRIES LIKELY IN BRITAIN

LONDON, Nov. 17.—Colonel Winston Churchill predicted in the house of commons yesterday that before the end of the war the government would not only take over all British shipping but that universal service would be ordered, not only for the army but for the general purpose of the war, according to full reports of his speech during the food debate which appear in the papers today.

The former lord of the admiralty also predicted that it would be necessary to adopt ration tickets for all essentials and that prices would have to be fixed to secure to the poorest classes the power of buying a certain modicum of food. He said he was quite sure that national organization of agriculture was inevitable.

"We need a great organization," he concluded, "for producing munitions of life just as we do for munitions of death. Let the government do these things while there is yet time."

HILLSTROM'S ASHES GIVEN AS MOMENTOS

CHICAGO, Nov. 17.—The ashes of Joseph Hillstrom, organizer of the Industrial Workers of the World, who was shot for murder by the state of Utah, after trial and conviction a year ago, will be distributed in six hundred parchment packages to the delegates of the I. William D. Haywood, general organizer of the I. W. W. today had the urn containing Hillstrom's ashes brought from Graceland cemetery to the headquarters of the organization. "These packets will go to all parts of the world where memorial meetings will be held to honor Hillstrom," Haywood said.

MINNESOTA OFFICIAL COUNT ON TUESDAY

ST. PAUL, Minn., Nov. 17.—Democratic hopes for a Wilson victory in Minnesota rested today on the chance for an error in the Hennepin county returns, a semi-official count of which failed to make a change and the possibility of a few radical changes in the reports of the 29 counties which have yet to make their returns to Secretary of State Schmalz. The Hughes plurality stands at 425. The state canvassing board will meet next Tuesday.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR, DOUBLE ITS BEAUTY

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at Once.

Immediate?—Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, soothes and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few week's use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty soft hair, and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.—Adv.

OSBORN TO HELP DANIELS REFORM OF NAVY PRISONS

WASHINGTON, Nov. 17.—Thomas Mott Osborne, former warden of Sing Sing, has undertaken a study of prison conditions in the navy to recommend a reform system of administration.

Mr. Osborne agreed to make the study at the request of Secretary Daniels, who wants to inaugurate reform methods in handling and treatment of prisoners at navy stations.

"There has been a gradual lessening of the more severe punishments of navy prisoners for some time," said Secretary Daniels today. "Penalties for overstay of leave and like violations of regulations have been reviewed and the men given the opportunity to make reparation for misdemeanors, which under the old system would have meant their discharge from the service or imprisonment for a long term of years."

"The result of the movement already has been manifested. Against 600 men in navy prisons today there were 1800 three years ago. Discipline has improved immeasurably, the number of courts martial has been decreased, desertions are fewer and the men generally are better satisfied than before with navy life."

Mr. Osborne's report upon the conclusion of his study probably will be made the basis for a new code of disciplinary action for navy men.

ROOSEVELT TO VISIT FIJI ISLES

NEW YORK, Nov. 17.—Colonel Theodore Roosevelt will make a trip to the Fiji, Samoan and Hawaiian islands in February, it was announced here today. It was stated that Mrs. Roosevelt will accompany him. Plans for the trip, it is said, have been under way for some time, and have now been completed.

It is understood the colonel chose these Pacific islands because they are highly esteemed by medical men for their climate, and also because with their rugged mountains and volcanoes they will give plenty of opportunity for the vigorous kind of outing he enjoys.

The Danish foreign minister was asked for a report on the case.

ASK ACTION BY CONGRESS TO END CAR SHORTAGE

WASHINGTON, Nov. 17.—The National Association of Railway Commissioners before adjourning today adopted a resolution creating a committee on car service and demurrage with instructions to confer with the interstate commerce commission and request immediate action to relieve the nation-wide car shortage.

Frank H. Fank, state public utilities commissioner of Illinois, was made chairman.

The new committee will seek congressional action granting the interstate commerce authority to issue rules governing car shortage emergencies.

A special committee was appointed to consider public ownership and operation of railroads and other public utilities.

The convention adopted resolutions recommending regional commissions to handle railroad questions generally and creation of a commerce council to represent the people before the interstate commerce commission. The convention adjourned to meet here October 16, 1917.

OFFERS OPPORTUNITY FOR MILITARY SERVICE

WASHINGTON, Nov. 17.—The new national defense act offers agricultural colleges an opportunity to do a real service for the nation in promoting military training. W. M. Riggs, president of Clemson college of South Carolina, today told the annual convention here of the National Association of State Agricultural Colleges and Experiment Stations. It is his patriotic duty, he declared, to assist the government in its efforts to create a big body of reserve officers.

Land grant colleges, the speaker said, should set an example in patriotism.

"With the recent ruling of the war department that every such college shall require two years of military training of physically fit male students pursuing courses of two years or longer, and with a well-designed curriculum," he said, "we will have an end of sham military instruction which at some colleges has been little short of disgraceful."

U BOAT WAREFARE UNDER DISCUSSION

LONDON, Nov. 17.—The visit of Baron Von Barian, the Austro-Hungarian foreign minister to Berlin, is stated to have been in connection with a conference with Dr. Von Bethmann-Hollweg, the German imperial chancellor, regarding the relations of the two empires with the United States, according to a message under a Berne date, given out today by the Wireless Press.

The question under discussion, says the dispatch, was whether the submarine campaign should be continued in its present form with the possibility of a rupture of relations with Washington or whether it should be modified.

"During the last few days," adds the dispatch, "the German government has received a plain verbal warning that President Wilson's patience was on the verge of exhaustion."

CUT THIS OUT

Old English Recipe for Catarrhal Deafness and Head Noises.

If you know some one who is troubled with head noises, or Catarrhal Deafness, cut out this formula, and hand it to them, and you will have been the means of saving some poor sufferer perhaps from total deafness. Recent experiments have proved conclusively that Catarrhal Deafness, head noises, etc., were the direct cause of constitutional disease, and that salves, sprays, inhalers, etc., merely temporize with the complaint and seldom, if ever, effect a permanent cure. This being so, much time and money has been spent of late by a noted specialist in perfecting a pure, gentle, yet effective tonic that would quickly dispel all traces of the catarrhal poison from the system. The effective prescription which was eventually formulated, and which has aroused the belief that deafness will soon be extinct, is given below in understandable form, so that anyone can treat themselves in their own home at little expense.

Secure from your druggist 1 oz. Parmit (Double Strength) about 75c worth. Take this home and add to it 1-4 pint of hot water and 4 oz. of granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

The first dose should begin to relieve the distressing head noises, headache, dullness, cloudy thinking, etc., while the hearing rapidly returns as the system is invigorated by the tonic action of the treatment. Loss of smell and mucus dropping in the back of the throat, are other symptoms that show the presence of catarrhal poison, and which are often entirely overcome by this efficacious treatment. Nearly ninety per cent. of all ear troubles are directly caused by catarrh; therefore, there must be many people whose hearing can be restored by this simple home treatment.

Every person who is troubled with head noises, catarrhal deafness, or catarrh in any form, should give this prescription a trial.
