NEW YORK, Nov. 18.—For a week-end session today's operations were the largest and most exciting of almost any day since the re-opening of the exchange in December, 1914. Huge dealings in coppers, based on trade conditions and circumstantial rumors of mergers and consolidations was the outstanding feature. New high records were made by practically all issues of that description as well as by United States Steel and Bethlehem Steel. Other industrials added to substantial gains of the early week, but here and there realizing resulting in irregularity or heaviness. Rails were a negligible factor at best. The closing was strong. Bonds also were strong, especially copper and industrial issues. Total sales approximated 900,000 shares.

## A CHILD'S TONGUE SHOWS IF LIVER OR BOWELS ARE ACTIVE

If Cross, Feverish, Sick, Bilious, Give Fruit Laxative at Once.

Every mother realizes, after giving her children "California Syrup of Figs" that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."—Adv.
