Neither national nor state restrictions on the use of premiums or coupons can in any way affect the sale of Prince Albert because its policy has always been for quality! Coupons or premiums have never been offered as an inducement to smoke it!

Prince Albert is made by a patented process that cuts out bite and parch and lets men smoke pipe-full after pipe-full or the makin's until the gong sounds, without a kick back or a complaint!

PRINCE ALBERT

So it's up to every red-blooded man to jump the boundary line between himself and smoke happiness and know just what all this jimmy-pipe-joy-talk is about!

Men all over the world are today smoking Prince Albert because it meets their taste; because it gives them real tobacco enjoyment they have never found before! Don't you realize that if Prince Albert, in a few years, has made three men smoke pipes where one was smoked before, it certainly has the call on you—at least for a try-out!

Why, that's only being fair to yourself!
